## **Base Prospectus**

for the issuance of

### **Worst-of Bonus Securities, Worst-of Express Securities and Worst-of Express Cash Collect Securities**

**under the Euro 50,000,000,000 Debt Issuance Programme**

**21 February 2014**

This document constitutes a base prospectus (the "**Base Prospectus**") according to Art. 5 (4) of Directive 2003/71/EC, as amended (the "**Prospectus Directive**") in connection with § 6 of the German Securities Prospectus Act, as amended (*Wertpapierprospektgesetz*, the "**WpPG**") in connection with the Commission Regulation (EC) No 809/2004, as amended, relating to worst-of bonus securities, worst-of express securities and worst-of express cash collect securities (the "**Securities**") issued from time to time by UniCredit Bank AG ("**HVB**" or the "**Issuer**") under the Euro 50,000,000,000 Debt Issuance Programme (the "**Programme**").

This Base Prospectus is to be read together with the information provided in (a) the registration document of UniCredit Bank AG dated 17 May 2013 (the "**Registration Document**"), which is incorporated herein by reference, (b) the supplements to this Base Prospectus in accordance with § 16 WpPG, if any (the "**Supplements**") (c) all other documents which are incorporated herein by reference (see "General Information – Documents incorporated by reference" below) as well as (d) the respective Final Terms.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, that any recipient of this Base Prospectus or any other information supplied in connection with the Programme should purchase any Securities. Potential investors should note that an investment in the Securities is only suitable for investors, who understand the nature of such Securities and the extent of their exposure to risk and have sufficient knowledge, experience and access to professional advisors (including their financial, legal and tax advisors) in order to form their own legal, tax and financial opinion upon the existing risks of such investments in such Securities. Each investor contemplating purchasing any Securities should make its own independent evaluation of the financial condition and affairs, and its own appraisal of the creditworthiness of the Issuer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme constitutes an offer or invitation by or on behalf of the Issuer to any person to subscribe for or to purchase any Securities.

The delivery of this Base Prospectus does not imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date of this Base Prospectus or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Issuer will be obliged to supplement this Base Prospectus pursuant to § 16 WpPG. Investors should read *inter alia* the most recent non-consolidated or consolidated financial statements and interim reports, if any, of the Issuer when deciding whether or not to purchase any Securities.

The distribution of this Base Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. Persons into whose possession this Base Prospectus or any Securities come must inform themselves about any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Securities in the United States of America and on the offer or sale of the Securities in the European Economic Area, the United Kingdom and the Republic of Italy (see "General Information – Selling Restrictions" below).

The Securities have not been and will not be registered under the U. S. Securities Act of 1933, as amended (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Securities may not be offered, sold or delivered within the United States of America or to U.S. persons (see "General Information – Selling Restrictions" below).

## SUMMARY

Summaries are made up of disclosure requirements known as "**Elements**". These Elements are numbered in sections A – E (A.1 – E.7).

This Summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the Summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the Summary with the specification of 'Not applicable'.

## **RISK FACTORS**

*The following is a disclosure of Risk Factors that, in the opinion of UniCredit Bank AG as issuer (the "Issuer"), are material with respect to the Issuer and to the securities issued under this base prospectus (the "Base Prospectus") (the "Securities") in order to assess the risk associated with these Securities. Moreover, further risks that are currently unknown or currently believed to be immaterial may also have a negative impact on the value of the Securities. Potential investors should be aware that the Securities may decline in value and that they may sustain a **total loss** of their investment.*

*The relevant final terms of the Securities (the "Final Terms") do not replace a consultation with a potential investor's house bank which will be indispensable in any case. Potential investors should review these Risk Factors carefully before deciding to purchase Securities.*

*Potential investors should consider all information provided in (a) this Base Prospectus and in any supplements thereto, (b) the registration document of UniCredit Bank AG dated 17 May 2013 (the "Registration Document"), which is incorporated herein by reference, and (c) all documents which are incorporated in the Base Prospectus by reference. An investment in the Securities is only suitable for investors, who understand the nature of such Securities and the extent of the incorporated risk and who have sufficient knowledge, experience and access to professional advisors (including their financial, legal and tax advisors) in order to form their own legal, tax and financial opinion upon the existing risks of such investments. Furthermore, potential investors should be aware that the risks described below may arise separately or cumulatively in combination with other risks and may possibly have mutually reinforcing effects. The order of the risks described below does not imply any statement about the likelihood of occurrence of each risk or the influence of such risk factor on the value of the Securities.*

*"Security Holder" means the holder of a Security.*

### **A. Risks related to the Issuer**

Potential investors should consider the information within the section entitled "Risk Factors" of the Registration Document. This section contains information on risks, which may affect the Issuer's ability to fulfil its obligations arising from the Securities.

### **B. Risks related to potential conflicts of interest**

#### ***1. General potential conflicts of interest***

The below stated functions of the Issuer, the financial institutions and financial intermediaries with whom the Issuer has entered into distribution agreements (the "**Distributors**") (see under "Potential conflicts related to other functions of the Issuer - calculation agent or paying agent") or any of their affiliates as well as the below mentioned transactions may have a negative impact on the market value of and/or the amounts payable under the Securities, which may be adverse to the interests of the Security Holders.

#### ***Potential conflicts related to the Issue Price***

The Securities will be sold at a price determined by the Issuer, the "**Issue Price**". The Issue Price is based on internal pricing models of the Issuer and may be higher than the market value of the Securities. The Issue Price may contain, beside upfront, management or other fees, an additional premium that may not be obvious to the Security Holders. Such an additional premium depends on several factors, particularly on the volume of the Securities of each series, current and expected market conditions as of the time of the issuance of the Securities. The premium will be added to the original mathematical value of the Securities and may differ between each issue of the Securities as well as from the premiums charged by other market participants.

#### *Potential conflicts related to market maker activities*

The Issuer and any of its affiliates may, but are not obliged to, act as a market maker for the Securities. "**Market Making**" means the Issuer and any of its affiliates continuously quotes bid and offer prices at which the Issuer or any of its affiliates are prepared to trade the Securities in a certain volume. Market Making, carried out especially by the Issuer and any of its affiliates, may substantially influence the liquidity and/or the value of the Securities. The prices quoted by a market maker usually do not correspond to the prices which would have been formed without Market Making and in a liquid market.

#### *Potential conflicts related to Distributors and inducements*

Distributors may subscribe the Securities at a price equivalent to or below the Issue Price. A periodic fee may be payable to the Distributors in respect of the Securities until maturity. The rate of the fee will be determined by the Issuer as well as the relevant Distributor and may vary. The Distributors agree to comply with the selling restrictions stated in the Base Prospectus. Distributors act independently and not as agents of the Issuer.

In particular, the Issuer may pay placement- and/or management fees in terms of sales-related commissions to the relevant Distributor. Placement fees are one-off payments. Alternatively, the Issuer can grant an appropriate discount on the Issue Price (without subscription surcharge). Payment of management fees is recurring and dependant on the volume of Securities issued.

#### *Potential conflicts related to other functions of the Issuer - calculation agent or paying agent*

The Issuer or any of their affiliates may act as a calculation agent or paying agent. In this function the Issuer or any of their affiliates may, *inter alia*, calculate amounts payable under the Securities, make adjustments or other determinations, as described in the Final Terms, by i.e. exercising reasonable discretion (§ 315 German Civil Code, *Bürgerliches Gesetzbuch*, "**BGB**"). The aforementioned calculations, adjustments and determinations may influence the value of, and/or the amounts payable under the Securities and therefore could cause conflicts of interest between the Issuer and any of their affiliates on the one hand and the Security Holders on the other hand since, even if acting within its reasonable discretion, such calculations, adjustments and determinations could be disadvantageous for a Security Holder.

## **2. Potential conflicts of interest with respect to underlying-linked Securities**

#### *Potential conflicts related to transactions in respect of the Underlying*

The Issuer or any of its affiliates may occasionally participate in transactions involving securities, fund shares, future contracts, commodities, indices or derivatives for their own account or for the account of their customers which may affect the liquidity or value of a Basket Component (as defined below under "D. Risks related to Basket Components") and the Securities and which may be adverse to the interests of the Security Holders.

#### *Potential conflicts related to the issuance of other instruments*

The Issuer and any of its affiliates may issue securities with respect to a Basket Component on which securities already have been issued. An introduction of such new competing products may negatively affect the market value of the Securities.

#### *Potential conflicts related to information with respect to the Underlying*

In the course of their business activities the Issuer, any Distributor or any of their affiliates may be in possession of or may acquire important information (also not publicly available) about a Basket Component over the term of the Securities. The issuance of Securities related to such a Basket Component does not create any obligation to disclose such information (whether or not confidential) to the Security Holders.

*Potential conflicts related to business activities*

The Issuer, any Distributor or any of their affiliates may deal with issuers of the Basket Component, any of their affiliates or any guarantor and engage in any kind of commercial or investment banking or other business activities, as if the Securities issued under the Base Prospectus would not exist. Any such action may have a negative impact on a Basket Component and the Securities accordingly and could be contrary to the interests of the Security Holders.

*Potential conflicts related to other functions of the Issuer – member of a syndicate of banks etc.*

The Issuer and any of its affiliates may also act as a member of a syndicate of banks, as financial advisor or as a bank of the sponsor of a Basket Component or of the issuer of a Basket Component. The aforementioned functions may influence the amounts payable and therefore could lead to conflicts of interest between the Issuer and any of its affiliates with the Security Holders.

**C. Risks related to the Securities**

***1. Risks related to the market***

*Risk that no active trading market for the Securities exists*

The Securities will be newly issued securities, which may not be widely distributed and for which no active trading market may exist and may develop.

Although applications could be made for the Securities to be admitted to the regulated market of any stock exchange or to any market within the European Economic Area, there is no assurance that such applications will be accepted, that a particular tranche of Securities will be admitted or that an active trading market will develop. Accordingly, there is no assurance regarding the development or liquidity of a trading market for a particular tranche of Securities. Neither the Issuer nor a Distributor can assure that a Security Holder will be able to sell their Securities prior to their maturity. If the Securities are not traded on any securities exchange, pricing information for the Securities may be more difficult to obtain which may have a negative effect on the liquidity and the market prices of the Securities.

The Issuer may, but is not obliged to, purchase Securities at any time and at any price in the open market, by tender or private agreement. Any Securities purchased in this way by the Issuer may be held, resold or cancelled.

If the Issuer acts as the only market maker the secondary market may become substantially limited. If there is no market maker, the secondary market may become even more limited. The more limited the secondary market is, the more difficult it may be for Security Holders to realise the value of the Securities prior to the settlement of the Securities. Therefore, a certain risk does exist that Security Holders have to hold the Securities until maturity or termination.

*Risks relating to the offering volume*

The issue volume described in the Final Terms only constitutes the volume of the Securities offered for sale. This amount does not allow any conclusion on the volume of the actually issued Securities and thus on the liquidity of a potential secondary market associated with the same risks as stated above.

### *Risk relating to the market value of the Securities*

The market value (or the market price) of the Securities will be affected by the creditworthiness of the Issuer and by a number of further factors such as prevailing interest and yield rates, the market for similar securities, general economic conditions or, as the case may be, the remaining term of the Securities. If the Securities are traded after their initial issuance, these factors may lead to a market value of the Securities being substantially below their Issue Price.

The market value, at which a Security Holder will be able to sell the Securities, may be substantially below the Issue Price. The Issuer does not guarantee that the spread between purchase and selling prices lies within a certain range or remains constant. If the Security Holder sells the Securities at a time where the market value of the Securities is below the Issue Price he will suffer a loss.

### *Risk relating to the expansion of the spread between bid and offer prices*

In special market situations, the Issuer may be unable to conclude hedging transactions, or when such transactions are very difficult to conclude, the spread between the bid and offer prices which will be quoted by the Issuer may be temporarily expanded, in order to limit the economic risk of the Issuer. As a consequence, Security Holders who sell their Securities on an exchange or directly among market participants via so-called over-the-counter dealings (off-exchange) can only sell them at a price that is substantially lower than the actual value of the Securities at the time of the sale and will therefore suffer a loss.

### *Risk relating to the currency risk with respect to the Securities*

The Securities may be denominated in a currency other than the currency of the jurisdiction where the investor is domiciled or where the investor seeks to receive funds. Exchange rates between currencies (the "**Currency Exchange Rates**") are determined by factors of supply and demand in the international currency markets, which are affected by macro-economic factors, speculations and intervention by the central banks and governments (including the imposition of currency controls and restrictions). Fluctuations in Currency Exchange Rates may have a negative impact on the value of the Securities and may result in a loss. There may be other factors which are almost impossible to predict, such as psychological factors (e.g. a crisis of confidence in the political regime of a country), which also may have a material impact on the value of the relevant currency. Various different sources may be used as references for Currency Exchange Rates. If irregularities or manipulations occur in connection with the exchange rate determination of such sources, this could have material adverse effects on the Securities.

### *Risk relating to hedging transactions*

Security Holders may not be able to make transactions to preclude or limit risks. Their ability to do so will depend on, *inter alia*, market conditions. In some cases investors may have to carry out such transactions only at a market price that is disadvantageous to them, so that a significant loss will occur.

## **2. Risks related to Securities in general**

### *Credit risk of the Issuer*

Any person who purchases the Securities relies on the creditworthiness of the Issuer and has no rights against any other person. Security Holders are subject to the risk of a partial or total failure of the Issuer to fulfil obligations which the Issuer is liable to perform under the Securities. The worse the creditworthiness of the Issuer is the higher is the risk of a loss. Such risk is not protected by the deposit protection scheme of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken*), the *Entschädigungseinrichtung deutscher Banken GmbH* or any similar institution.

### *Possible limitation of the legality of purchase*

Neither the Issuer nor any Distributor or any of their affiliates have assumed or assume responsibility towards any potential investor for the legality of the acquisition of the Securities, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for the compliance by a potential investor with any law, regulation or regulatory policy applicable to it.

### *Risks arising from financial market turmoils, the German Bank Restructuring Act and other governmental or regulatory interventions*

Market turmoil in the international financial markets may affect inflation, interest rates, the price of securities, participation of other investors and thus almost all investments and may lead to (and in the past have led to) extensive governmental interventions. It is generally not possible to predict the structural and/or regulatory changes which may result from current and future market conditions or whether such changes may be materially adverse to the Securities and to their Underlyings, if any. However, the German legislator implemented a bank restructuring act (*Gesetz zur Restrukturierung und geordneten Abwicklung von Kreditinstituten, zur Errichtung eines Restrukturierungsfonds für Kreditinstitute und zur Verlängerung der Verjährungsfrist der aktienrechtlichen Organhaftung, Restrukturierungsgesetz*, the "**German Bank Restructuring Act**") as part of its reaction to the capital markets crisis which began in 2007. As a German credit institution the Issuer is subject to the German Bank Restructuring Act, which has introduced a special restructuring scheme for German credit institutions on 1 January 2011. This scheme consists of: (i) the restructuring procedure (*Sanierungsverfahren*) pursuant to §§ 2 et seq. of the German Act on the Reorganisation of Credit Institutions (*Kreditinstitute-Reorganisationsgesetz*, the "**KredReorgG**"), (ii) the reorganisation procedure (*Reorganisationsverfahren*) pursuant to §§ 7 et seq. of the KredReorgG, and (iii) the transfer order (*Übertragungsanordnung*) pursuant to §§ 48a et seq. of the German Banking Act (*Kreditwesengesetz*, the "**KWG**").

Whereas a restructuring procedure generally may not interfere with rights of creditors, the reorganisation plan established under a reorganisation procedure may provide measures that affect the rights of the credit institution's creditors including a reduction of existing claims or a suspension of payments. The measures proposed in the reorganisation plan are subject to a majority vote of the creditors and shareholders of the respective credit institution. Furthermore, the KredReorgG stipulates detailed rules on the voting process and on the required majorities and to what extent negative votes may be disregarded. Measures pursuant to the KredReorgG are instituted by the respective credit institution and after approval by the Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*, the "**BaFin**").

Is the existence of the relevant credit institution endangered (*Bestandsgefährdung*) and does this endanger the stability of the financial system (*Systemgefährdung*), BaFin may issue a transfer order pursuant to which the credit institution will be forced to transfer whole or parts of its business activities or assets to a so-called bridge bank.

Claims of Security Holders may be negatively affected by the reorganisation plan, which can be adopted by majority vote. In the context of a transfer order, the initial debtor of Securities (the Issuer) may be replaced by another debtor (which may have a fundamentally different risk assumption or creditworthiness than the Issuer). Alternatively, the claims may remain with the original debtor, but this situation regarding the debtor's assets, business activity and/or creditworthiness may not be identical to the situation prior to the transfer order.

In addition, the German legislator has introduced the Second Financial Market Stabilisation Act (*Zweites Gesetz zur Umsetzung eines Maßnahmenpakets zur Stabilisierung des Finanzmarktes*) which went into force on 1 March 2012. Pursuant to such act, inter alia, the BaFin may impose regulatory measures on a German credit institution if the financial condition of such credit institution raises

doubts whether such institute can constantly comply with the capital or liquidity requirements of the KWG. Even though such regulatory measures may not directly interfere with Security Holders' rights, the fact that BaFin applies such measures towards a credit institution may have negative effects, e.g. on the pricing of Securities or on the institute's ability to refinance itself.

#### *Risks due to no own independent review and advice of the investor*

Each potential investor must determine, based on its own independent review and, if applicable, professional advice if the purchase of the Securities fully complies (or if the investor is acquiring the Securities in a fiduciary capacity, the beneficiary's) with the investor's financial needs, objectives and restrictions, and whether it is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Securities as principal or in a fiduciary capacity) and if it is a fit, proper and suitable investment for the investor (or if the investor is acquiring the Securities in a fiduciary capacity, for the beneficiary), notwithstanding the substantial risks inherent in investing in or holding the Securities. Otherwise, there is the risk of an unfavourable or unsuitable investment by such investor.

#### *Risks arising from financing the purchase of the Securities*

If a potential investor decides to finance the purchase of the Securities with funds borrowed from a third party, the investor should make sure in advance that he can still pay the interest and principal payments on the loan also in the event of a loss. The investor should not rely on gains or profits from the investment in the Securities in order to repay interest and principal of the loans when due and payable. In that case, the expected return must be set higher since the costs relating to the purchase of the Securities and those relating to the loan (interest, redemption, handling fee) have to be taken into account.

#### *Risks arising from transaction costs*

When Securities are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred beside the purchase or sale price of the Securities. These incidental costs may significantly reduce or even eliminate any profit from holding the Securities. Generally, credit institutions charge commissions which are either fixed minimum commissions or pro-rata commissions, depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, for example domestic dealers or brokers in foreign markets, Security Holders may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third-party costs).

In addition to such costs directly related to the purchase of Securities (direct costs), potential investors must also take into account any follow-up costs (such as custody fees). Potential investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Securities before investing in the Securities.

#### *Inflation risk*

The inflation risk is the risk of future money depreciation. The real yield from an investment is reduced by inflation. The higher the rate of inflation, the lower the real yield on a Security. If the inflation rate is equal to or higher than the nominal yield, the real yield is zero or even negative.

#### *Risks arising from transactions to reduce risks*

Any person intending to use the Securities as a hedging instrument should recognise the correlation risk. The correlation risk in this case is the risk that the estimated and the actual correlation of the Securities may differ. This means that the hedging position estimated to move in the opposite direction as a security may prove to be correlated with the security, and that this may lead to failure of the envisaged hedging transaction. The Securities may not be a perfect hedge to an underlying or portfolio of which the underlying forms a part. In addition, it may not be possible to liquidate the Securities at a

level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

### *Risks related to Taxation*

#### General

Potential purchasers and sellers of Securities should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws and practices of the country where the Securities are transferred to or held or other jurisdictions. In some jurisdictions, no official statements, rulings and/or guidelines of the tax authorities or court decisions may be available for innovative financial instruments such as the Securities. Potential investors are advised not only to rely on the tax summary contained in this document but also to ask for their own tax advisors' advice on their individual taxation with respect to the acquisition, sale or redemption of the Securities. Only these advisors are in a position to duly consider the specific situation of the potential investor.

#### Payments under index-linked Securities and equity-linked Securities may be subject to U.S. withholding tax

Under the United States Internal Revenue Code of 1986, as amended, (the "**IRC**") a "dividend equivalent" payment is treated as a dividend from sources within the United States and is subject to withholding at the rate of 30% unless reduced by an applicable tax treaty with the United States ("**DEP Withholding**"). A "dividend equivalent" payment includes (i) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (ii) any other payment determined by the U. S. Internal Revenue Service ("**IRS**") be substantially similar to a payment described in the clause (i). In the case of payments made after 18 March 2012, a "dividend equivalent" payment includes a payment made pursuant to any "notional principal contract" unless otherwise exempted by the IRS. Where the securities reference an interest in a fixed basket of securities or an index, such fixed basket or index will be treated as a single security. Where the securities reference an interest in a basket of securities or an index that may provide for the payment of dividends from sources within the United States, absent guidance from the IRS, it is uncertain whether the IRS would determine that payments under the index-linked Securities and equity-linked Securities are substantially similar to a dividend. If the IRS determines that a payment is substantially similar to a dividend, it may be subject to U.S. withholding tax, unless reduced by an applicable tax treaty.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from payments on index-linked Securities or equity-linked Securities, none of the Issuer, any paying agent or any other person would pursuant to the conditions of the Securities be required to pay additional amounts as a result of the deduction or withholding of such tax.

#### Payments under the Securities may be subject to withholding tax pursuant to the Foreign Account Tax Compliance Act (FATCA)

The Issuer and financial institutions through which payments on the Securities are made may be required to withhold at a rate of up to 30% on all, or a portion of, payments made after December 31, 2016 in respect of the Securities, pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code (commonly referred to as "**FATCA**") if the Securities are significantly modified after the date (the "**Grandfathering Date**") that is six months after the date on which final U.S. Treasury regulations that define the term "foreign passthrough payment" are published in the U.S. Federal Register, or if additional Securities are sold after the Grandfathering Date that are not issued pursuant to a "qualified reopening" for U.S. federal income tax purposes. Significant aspects of the application of FATCA are not currently clear. The application of FATCA in relation to payments under the Securities may be influenced by international treaties entered into between the USA and the home state of the Issuer or other financial institutes involved in the payments under the Securities. If, in relation with FATCA

withholding tax, an amount is withheld from interest, capital or other payments as a result of non-compliance with FATCA, neither the Issuer nor the paying agent or any other person will be obliged, pursuant to the conditions, to pay any additional amounts to the investor as a result of such deduction or withholding. Consequently, the investor might receive a reduced payment in contrast to a payment which is not subject to such deduction or withholding.

### ***3. Risks related to Underlying-linked Securities***

Generally, an investment in Securities, where the interest and/or the principal is determined by reference to an Underlying (the "**Underlying linked-Securities**"), may entail significant risks not associated with comparable investments in conventional debt securities. The value of an Underlying-linked Security is dependent on the price of the Underlying and therefore bears risks associated with the Underlying beside risks associated with the Security itself.

On the one hand the probability of a **total loss of the invested capital** may be substantially higher than in a direct investment in the relevant Basket Component. This probability depends on how the amounts payable under the Securities are linked to the development of the relevant Basket Component.

On the other hand such risks include that the Security Holders **could fully or substantially lose their capital invested**. Therefore, to be in a position to bear any losses incurred, the capital invested for the purchasing of the Securities should be taken from excess internal funds.

#### *Risks arising from the influence of a Basket Component on the market value of the Securities*

Potential investors should be aware that the market value of the Securities may be very volatile depending on the volatility of the relevant Basket Component.

The market value of the Securities is primarily influenced by changes in the price of the relevant Basket Component to which the Securities are linked. The price of the relevant Basket Component may depend on a number of inter-related factors, including economic, financial and political events and their general effect on capital markets and on the relevant stock exchanges. It is not possible to predict how the price of the relevant Basket Component will develop in the future.

Potential investors should note that whilst the market value of the Securities is linked to the value of the relevant Basket Component and may be negatively influenced by the relevant Basket Component, not any change may be equally influencing and may lead to disproportionate changes. The value of the Securities may drop while at the same time the price of the Basket Components may increase in value. Especially for Basket Components with a high volatility this may lead to amounts payable under the Securities being significantly lower than the value of the relevant Basket Component prior to the observation date might have suggested.

#### *Risks arising from the fact that the valuation of a Basket Component occurs only at a specified date or time*

The amounts payable under the Securities may be calculated by reference to a valuation of the relevant Basket Component on an observation date as specified in the Final Terms and may not consider the performance of the relevant Basket Component prior to such observation date. Even if the relevant Basket Component performed positively up to the period prior to the observation date and if the value of the relevant Basket Component only decreased on such an observation date, the calculation of the amounts payable under the Securities only grounds on the value of the relevant Basket Component on the relevant observation date. Especially for Basket Components showing a high volatility this may lead to amounts payable being significantly lower than the value of the relevant Basket Component than the observation date has suggested. The positive performance of one or more components may be outweighed/eliminated by a negative performance of other components.

*Risks arising from the application of the worst performance ("worst-of element")*

Securities with a worst-of element are Securities with a Basket as Underlying, for which any amounts payable or the quantity of Underlying or, as the case may be, other assets to be delivered under the Securities, as specified in the Final Terms, are determined by reference to the price or the development of the Basket Component with the worst/lowest performance only. In such a case an investor can only participate in the performance of the Basket Component performing worst/lowest compared to the performances of the other components contained in the basket, whereas the performances of the other Basket Components is disregarded.

Thus, the investor faces the risk of losses due to the performance of the relevant Basket Components, even if some or all other Basket Components perform more favourably.

*Risks arising from the impact of Barrier Events or other events*

The risk that a Barrier Event occurs depends on whether the Final Terms provide for a date-related Barrier observation or a continuous Barrier observation. The risk of the occurrence of a Barrier Event increases as the length of the period increases and as the number of dates increases on which the Barrier Event may occur. The closer a Security comes to the end of its term, the higher the potential loss of the investor should the Barrier Event occur. The occurrence of a Barrier Event may also have a significant influence on the price of the Security and its volatility. If, in the case of the occurrence of a Barrier Event, the Final Terms provide for a limitation of the redemption to a Maximum Amount, the Security Holder can only participate in the recovery of the price of the Underlying up to such a Maximum Amount. The Final Terms might also provide for a certain option (e.g. an option of the Security Holder to receive payments under specified conditions) to lapse definitely for the remaining term of a Security if a certain event occurs.

*Risks in relation to a Ratio*

The application of a ratio within the calculation of amounts payable, as specified in the Final Terms, may result in the Security being in economic terms similar to a direct investment in the relevant Basket Component, but being nonetheless not fully comparable with such a direct investment, in particular because the Security Holder does not participate in the relevant performance by a 1:1 ratio, but by the proportion of the ratio (e.g. 1:10 or 1:100).

*Risks arising from a limitation of the potential returns to a Maximum Amount*

Potential investors should note that any amounts payable or the quantity of Basket Components or, as the case may be, other assets to be delivered according to the Final Terms, may be limited to the Maximum Amount as specified in the Final Terms. As a result, unlike a direct investment in the relevant Basket Component, the potential returns under the Securities are limited to the Maximum Amount.

*Risks in relation to express structures*

Potential investors should note that, under certain circumstances, the Securities are automatically early redeemed if an Early Redemption Event (which depends on the performance of the relevant Underlying) occurs. In this case, the Security Holder is entitled to receive a certain payment of the Underlying in accordance with the Final Terms, but will neither participate in the future performance of the relevant Basket Component nor be entitled to further payments under the Securities after this early redemption. As a result, the Security Holder bears the risk of not participating in the performance of the relevant Basket Component to the expected extent and during the expected term of the Security and consequently of receiving less than the capital invested. In the case of an early redemption of the Securities, the Security Holder also bears the reinvestment risk.

In the case of Securities with consideration of a Barrier Event, the occurrence of the Barrier Event may in certain circumstances trigger the lapse of the chance of Early Redemption. In this case, the

potential investor is not entitled to payment of the Early Redemption Amount, but will participate in the performance of the relevant Basket Component until the Maturity Date. As a result, the Security Holder bears the risk that the price of the relevant Basket Component performs negatively during the term of the Security and that there is a possibility of (total) loss of the invested capital, if the price of the relevant Basket Component falls accordingly.

*Risk of postponement or alternative provisions for the valuation of a Basket Component*

In certain circumstances which are set out in the Final Terms, the Issuer and the Calculation Agent has broad discretion to specify (i) a consequential postponement of, or (ii) any alternative provisions for the valuation of a Basket Component respectively including a determination of the value of such Basket Component, each of which may have an adverse effect on the value of the Securities.

*Risks in relation to adjustment events*

In the case of the occurrence of an adjustment event as specified in the Final Terms, the calculation agent, as specified in the Final Terms, is entitled to carry out adjustments according to the Final Terms in its reasonable discretion. Although these adjustments intend to retain the economic position of the Security Holders unchanged to the largest extent possible, it cannot be guaranteed that such an adjustment only leads to a minimal economic impact. In fact, this adjustment may also have a negative impact on the value or the future performance of the Securities.

*Risk of Market Disruptions*

If the Final Terms include provisions dealing with the occurrence of market disruptions and the calculation agent determines that a market disruption has occurred or currently exists, any consequential postponement of, or any alternative provisions for, valuation provided in such Security may have an adverse effect on its value and the point of time where a payment takes place.

*Risk of regulatory consequences to investors when investing in underlying-linked Securities*

There may be negative regulatory and other consequences associated with the ownership by certain investors of certain Securities. It can not ruled out that inter alia the specific investor is not entitled to invest in the Securities due to supervisory regulations or that the investment is attached to special reporting or notification requirements (e.g. with respect to certain funds). Additionally, the purchase or holding of Securities may be excluded or unsuitable under civil law agreements (i.e. if eligibility as trustee stock (*Mündelsicherheit*) is required). Each purchaser of the Securities must conduct its own investigation regarding its regulatory position in connection with the potential purchase of the Securities. The Issuer does not assume any obligation or liability whatsoever towards such a purchaser.

*Risks arising from negative effects of hedging arrangements by the Issuer on the Securities*

The Issuer may use a portion or the total proceeds from the sale of the Securities on transactions to hedge the risks of the Issuer relating to the Securities. In such case, the Issuer or any of its affiliates may conclude transactions that correspond to the obligations of the Issuer under the Securities. Generally, such transactions are concluded prior to or on the Issue Date, but it is also possible to conclude such transactions after the Issue Date. On or prior to such an observation date the Issuer or any of its affiliates may take the steps necessary for closing out any hedging arrangements. It cannot, however, be ruled out that the price of the Basket Component of the Securities will be influenced by such transactions in individual cases. Entering into or closing out these hedging arrangements may have a negative effect on the market price of the Securities and/or on the amounts payable under the Securities.

*Risks arising from the Issuer's extraordinary call right*

The Issuer has the right to call the Securities extraordinarily upon the occurrence of an event specified in the Final Terms (e.g. no suitable replacement underlying is available, a change in law has occurred) at the market value of the Securities. If the market value of the Securities at the time of the extraordi-

nary call is lower than the purchase price of the Securities, the respective Security Holder **will suffer a partial or total loss of its invested capital.**

#### *Risks in relation to physical delivery*

Certain Securities linked to a share as Basket Component may provide as method of settlement at maturity either that the investor receives a payment only (the "**Cash Settlement**") or, as the case may be, that the investor receives a Cash Settlement or a delivery of shares (the "**Physical Delivery**"). In the case of a sole Cash Settlement the Securities shall be redeemed by payment of the Redemption Amount.

Upon issuance it is not clear how the Securities will be settled at the end of their term. The determination of the settlement method depends on the performance of the respective Basket Component only. Therefore the Security Holder is exposed to the risk that the Securities held by him are not redeemed at a monetary amount, but by delivery of shares whose value may be lower than the issue price. Therefore the investor should become familiar with the possibility of a delivery of shares prior to his investment decision.

Should the Securities be settled by delivery no rights arise from the shares until the such shares are transferred to the Security Holder. The price of such shares may develop negatively in the period from the relevant Observation Date and such transfer and only the Security Holder bears the risk of such price movements. The price of the shares delivered will regularly be lower than the current market price at the time of the transfer and the Security Holder will therefore suffer a loss. Furthermore, upon sale of the shares delivered transaction costs may arise which may lead to or increase a possible loss. Furthermore, Security Holders should not assume that they will be able to sell the shares delivered for a specific price, in particular not for a price corresponding to, or being greater than, the capital invested for the acquisition of the Securities. The shares delivered may have a substantially lower value or no value at all. In addition, the shares delivered may be subject to selling and transfer restrictions or may not be liquid for other reasons. In addition, commissions and other transaction costs that, as the case may be, may arise upon disposal of the shares delivered may – in particular in the case of a low order value (for which higher commissions may be charged than for higher order values) – lead to a significant negative effect on the costs and therefore significantly reduce the proceeds from such shares.

Should the delivery of shares become economically or actually difficult or impossible for whatever reason, there might be provided that the Issuer has the right to pay a cash value instead of the delivery of the respective asset.

### **D. Risks relating to Basket Components**

The Securities may be linked to a basket of shares or depository receipts, indices and commodities (each a "**Basket Component**"). Those Basket Components are subject to particular risks. Any full or partial realisation of the following risks may have a negative impact on the price of the Basket Component and, hence, on the market value of and/or the amounts payable (if any).

#### **1. General risks**

##### *Risks arising from the volatility of the value of the respective Basket Component and risk due to a short history*

The value of the Basket Component or of its constituents may vary over time and may increase or decrease due to a variety of factors e.g. corporate actions, macroeconomic factors and speculation. Potential investors should note that an investment in an Underlying-linked Security may be subject to similar risks than a direct investment in the relevant Basket Component or the relevant components of a Basket Component.

Security Holders should note that the past performance of a Basket Component or its components provides no indication of its future performance and that a Basket Component or respectively a constituent of the Basket Component may only have a short operating history or may have been in existence only for a short period of time and may deliver results over the longer term lower than initially expected.

*No rights of ownership of the Basket Component or the constituents of the Basket Component*

Potential investors should be aware that the relevant Basket Component or respectively the relevant components of a Basket Component will not be held by the Issuer for the benefit of the investors in such Securities, and as such, Security Holders will not obtain any rights of ownership (including, without limitation hereto, voting rights, rights to receive dividends or other distributions or other rights) with respect to a Basket Component or respectively the components of a Basket Component in relation to such Securities. Neither the Issuer nor any of its affiliates is obliged to acquire or hold a Basket Component or respectively a component of a Basket Component.

*Risks associated with Basket Components subject to emerging market jurisdictions*

A Basket Component or its components (if any) may be subject to the jurisdiction of an emerging market. Investing in Securities with such Basket Component involves further legal, political (e.g. rapid political changes) and economical (e.g. economic downturns) risks.

Countries that fall into this category are usually considered to be 'emerging' because of their developments and reforms and their economy being in the process of changing from a moderately developed country to an industrial country.

In emerging markets, expropriation, taxation equivalent to confiscation, political or social instability or diplomatic incidents may have a negative impact on an investment in the Securities. The amount of publicly available information with respect to the Basket Component or any of its components may be smaller than that normally made available to Security Holders.

Transparency requirements, accounting, auditing and financial reporting standards as well as regulatory standards are in many ways less strict than standards in industrial countries.

Although emerging financial markets generally show rising volumes, some emerging financial markets have much lower trading volumes than developed markets and the securities of many companies are less liquid and their prices are subject to stronger fluctuations than those of similar companies in developed markets.

**2. Risks associated with shares as Basket Components**

*Similar risks to a direct investment in shares*

The market price of Instruments with a share as Basket Component depends on the performance of the share. The performance of a share may be subject to factors like the dividend or distribution policy, financial prospects, market position, corporate actions, shareholder structure and risk situation of the issuer of the share, short selling activities and low market liquidity as well as to political influences. Accordingly, an investment in Instruments with a share as Basket Component may bear similar risks to a direct investment in shares.

*Investors have no shareholder rights*

The Instruments convey no interest in a share as a Basket Component, including any voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to the share as a Basket Component. The Issuer and any of its affiliates may choose not to hold the Basket Components or any derivatives contracts linked to the Basket Components. Neither the Issuer nor any of its affiliates is restricted from selling, pledging or otherwise conveying all right, title

and interest in any Basket Components or any derivatives contracts linked to the Basket Components by virtue solely of it having issued the Instruments.

*No registration in the register of members in the case of physical delivery of Registered Shares*

If the Underlying is a share that is registered in the name of the holder or if the shares contained in an underlying (e.g. in an index or a Basket) are registered in the name of the holder (each a "**Registered Share**"), and if the Issuer is obliged to deliver these shares to the investor in accordance with the Final Terms, the rights under the shares (e.g. participation in the annual general meeting and exercise of voting rights) may only be exercised by shareholders that are registered in the register of members or a comparable official shareholder register of the issuer of such Registered Shares. In the case of Registered Shares, any obligation incumbent upon the Issuer to deliver the shares is limited solely to the provision of the shares in a form and with features that allow for stock-exchange delivery and does not cover entry into the register of members. In such cases, any claims due to non-performance, in particular reversal of the transaction or damages, are excluded.

*Risks in relation to ADRs/RDRs*

Depository receipts in the form of American Depository Receipts (ADRs) or Regional Depository Receipts (RDRs) may bear additional risks compared with risks related to shares. Depository receipts are participation certificates in a portfolio of shares normally held in the country of incorporation of the issuer of the underlying shares and represent one or more shares or a fraction of such shares. For depository receipts, the legal owner of the underlying share portfolio is the custodian bank, which is at the same time the issuing agent of the depository receipts. Depending on the jurisdiction in which the depository receipts will be issued and to which jurisdiction the custody agreement is subject, it cannot be ruled out that the respective jurisdiction does not recognise the holder of the depository receipts as the actual beneficial owner of the underlying shares. Especially in the event of insolvency of the custodian bank or foreclosure against it, it is possible that shares underlying the depository receipts are restricted or that these shares may be sold to realise their value in the case of foreclosure against the custodian bank. If that is the case, the holder of the depository receipts loses the rights to the underlying shares certified by the participation certificate and the depository receipt becomes worthless.

### **3. Risks related to indices as Basket Components**

*Similar risks to a direct investment in Index Components*

The market value of Securities with indices as Basket Component depends primarily on the performance of the index. The performance of an index depends on the performance of the components contained in the index (the "**Index Components**"). Accordingly, an investment in Securities with indices as Basket Component may bear similar risks to a direct investment in the respective Index Components.

*No influence of the Issuer on the index*

If neither the Issuer nor any of its affiliates acts as index sponsor, the method of calculation, determination and publication of the index (the "**Index Concept**") are carried out by the respective index sponsor itself or together with other organisations. In this case, the Issuer neither has influence on the respective index nor on the Index Concept. Amendments to the Index Concept by the index sponsor may have a negative effect on the performance of the index, and thus on the market value of, and the amounts payable under the Securities.

If neither the Issuer nor any of its affiliates acts as index sponsor, Securities with indices as constituents of the Basket Component are not in any way sponsored, endorsed, sold or promoted by the respective index sponsor. Such index sponsor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index or the prices at which the index stands at a particular time. Such index is composed, calculated (if so) and determined by its

respective index sponsor independently from the Issuer of the Securities. Such index sponsor is not responsible or liable for the issuance, the administration, the marketing or the trading of the Securities.

*Risks arising from special conflicts of interests in relation to indices as Basket Components*

If the Issuer or any of its affiliates acts itself as respective index sponsor, respective index calculation agent, respective advisor or respective index committee, this may lead to conflicts of interest. In relation to such function, the Issuer or any of its affiliates may, inter alia, calculate the price of the respective Basket Component, carry out adjustments to the Terms and Conditions of these Securities in its reasonable discretion pursuant to the conditions of the Securities, replace the Basket Component and/or determine the composition of the respective Basket Component. This conflict of interests may have a negative effect on the performance of the index, and thus on the market value of, and/or the amounts payable under the Securities.

*Risks in relation to strategy indices as Basket Components*

Strategy indices represent hypothetical rule-based investment strategies (i.e., no actual trading or investment activities take place) conducted by an index sponsor. As a general rule, strategy indices entitle the index sponsor to extensively exercise its discretion when calculating the index which may lead under certain circumstances to a negative performance of the index.

*Risks in relation to price indices as Basket Components*

If the Underlying is a Basket Components, dividends or other distributions paid out with respect to Index Components will not be considered when calculating the price of the index and consequently have a negative impact on the price of the index, because the index components will be traded with a discount after the pay-out of dividends or distributions. Thus, Security Holders generally do not participate from dividends or other distributions paid out or made on components contained in the index.

*Risks in relation to net return indices as Basket Components*

If the Basket Component is a net return index, dividends or other distributions paid out or made on the Index Components will be considered only when calculating the price of the index as net payments after deduction of an average tax rate. This tax deduction has the effect that the price of the net return index does not rise as strong as the price of a comparable total return index or performance index, for the calculation of which gross payments will be taken into account.

*Risks in relation to short indices as Basket Components*

If the Basket Component is a short index potential investors should be aware that this index develops in a reverse manner to its underlying prices. This means that the price of the short index generally rises when its underlying prices drop and that the price of the short index drops when its underlying prices rise.

*Risks in relation to leverage indices as Basket Components*

If the Basket Component is a leverage index potential investors should be aware that this index consists of two different components, the index to which the leverage index refers (the "**Reference Index**") and the leverage factor (the "**Leverage Factor**"). The performance of the leverage index is linked to the daily percentage development of the Reference Index under application of the Leverage Factor. Depending on the respective Leverage Factor the daily price of the component of the Underlying falls or rises stronger than the price of the respective Reference Index. Therefore the Security Holder bears the risk of disproportionate loss of his invested capital.

If the leverage index has exceeded a certain threshold due to extraordinary price movements during a trading day, the leverage index may be adjusted intra-daily in accordance with the relevant Index Concept. Such adjustment may lead to a reduced participation of the leverage index in a subsequent increase in price of the Reference Index.

If the Basket Component is a leverage index Security Holders may be subject to **an increased risk of loss or even suffer a total loss of the invested capital.**

*Risks in relation to distributing indices as Basket Components*

If the Basket Component is a distributing index dividends or other distributions paid out or made on the Index Components will be considered in the theoretical cash component (as specified in the Final Terms) when calculating the price of the index. After a dividend observation date (as specified in the Final Terms) dividends or other distributions accrued between two dividend observation dates are paid out to the Security Holder. Security Holders should be aware that after such a dividend observation date the cash component will be reset to zero and the price of the index will be reduced accordingly.

*Risks in relation to excess return indices as Basket Components*

If the Basket Component is an excess return index the investor invests in future contracts using a Roll-Over; this means that an underlying futures contract as well as following futures contracts, if applicable, will be replaced by a futures contract, which except for its later expiration date has the same contract specifications as the underlying (the "**Roll-Over**"). When calculating the price of an excess return index losses due to a Roll-Over may arise. The rolling in the next futures contract may lead to a negative effect on the development of the price of the index. Especially differences between spot and future prices may arise. Prices of futures contracts may substantially differ from spot-prices for commodities, to which the futures contract refers, which may also have a negative impact on the performance of the price of the index.

*Risk of country or sector related indices*

If an index reflects the performance of assets only of certain countries or sectors, this index is affected disproportionately negative in the case of an unfavourable development in such a country or industrial sector.

*Currency exchange risk contained in the index*

Index Components may be listed in different currencies and therefore exposed to different currency influences (this particularly applies to country or sector related indices). Furthermore, it is possible that Index Components are converted firstly from one currency to the currency which is relevant for the calculation of the index, and then converted again in order to calculate and determine the amounts payable under the Securities. In such cases, Security Holders are subject of several currency risks, which may not be obvious for a Security Holder.

*Adverse effect of fees on the index level*

If the index composition is adjusted in accordance with the relevant Index Concept, fees may arise that are subject of the index calculation and which reduce the level of the index. This may have a negative effect on the performance of the index, on the market value of, and the amounts payable under, the Securities. Indices which reflect certain markets or sectors may use certain derivative financial instruments. This may lead to higher fees and thus a lower performance of the index than it would have been the case with a direct investment in these markets or sectors.

*Risks with respect to the publication of the index composition which is not constantly updated*

Some index sponsors publish the composition of the relevant indices not entirely or only with retardation on a website or in other public media specified in the Final Terms. In this case the composition exposed might not always correspond with the current composition of the respective index used for calculating the amounts payable under the Securities. The delay may be substantial and, under certain circumstances and may last several months. In this case the calculation of the index may not be fully transparent to the Security Holders.

#### **4. Risks related to commodities as Basket Components**

##### *Similar risks as a direct investment in commodities*

An investment in commodity-linked Basket Components bears similar market risks to a direct investment in the respective commodities.

##### *Higher risks than other asset classes*

An investment in commodities is associated with higher risks than investments in other asset classes like e.g. bonds, currencies or stocks, because prices in this asset category are subject to greater fluctuations (volatility) and markets may be less liquid than e.g. stock markets.

##### *Risks arising from price influencing factors*

The following factors (which is a non-exhaustive list) may influence the commodity prices: supply and demand; speculations in the financial markets; production bottlenecks; delivery difficulties; hardly any market participants; production in emerging markets (political turmoils, economic downturns); political risks (war, terrorist actions); unfavourable weather conditions; natural disasters.

##### *Risks arising from the trading in various time zones and on different markets*

Commodities (e.g. oil, gas, wheat, corn, gold, silver) are traded on a global basis almost non-stop in various time zones on different specialised exchanges or markets (e.g. different futures exchanges) or directly among market participants (over the counter). This may lead to a publication of different prices for a commodity in different places. The Final Terms specify which exchange or market and which timing apply regarding the specification of the price of the relevant Basket Component.

## **RESPONSIBILITY STATEMENT**

UniCredit Bank AG having its registered office at Kardinal-Faulhaber-Straße 1, 80333 Munich accepts responsibility for the information contained in this Base Prospectus. UniCredit Bank AG declares that the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and that no material information has been omitted.

## **CONSENT TO THE USE OF THE BASE PROSPECTUS**

The Issuer hereby consents to the use of the Base Prospectus to the extent and the conditions as set out in the Final Terms during the term of its validity pursuant to § 9 WpPG.

The Issuer accepts responsibility for the information given in the Base Prospectus, in any supplement thereto as well as in the Final Terms also with respect to the subsequent resale or final placement of the Securities by financial intermediaries, who obtained the consent to use the Base Prospectus, any supplement thereto as well as the Final Terms.

Such consent can be given to all (so-called general consent) or only one or several specified financial intermediaries (so-called individual consent) and will be determined in the Final Terms.

Such consent can be given in relation to the following member states, in which the Base Prospectus is valid or into which it has been notified as specified in the Final Terms: Italy and Luxembourg.

The Issuer's consent to the use of the Base Prospectus is subject to the condition that each financial intermediary complies with the applicable selling restrictions and the terms and conditions of the offer. The consent to the use of the Base Prospectus will be given for the period as set out in the Final Terms.

The distribution of this Base Prospectus, any supplement thereto and the Final Terms as well as the offer, sale and the delivery of the Securities may be restricted by law in some jurisdictions. Each financial intermediary and/or each person, who is in the possession of this Base Prospectus, a supplement thereto and the Final Terms, must be informed of and comply with such restrictions. The Issuer reserves the right to withdraw its consent to the use of this Base Prospectus in relation to certain financial intermediaries.

The use of the Base Prospectus and any supplement thereto, if any, and of the Final Terms is not subject to further conditions.

**Information on the terms and conditions of the offer by any financial intermediary is to be provided at the time of the offer by the financial intermediary.**

**Any further financial intermediary using the Base Prospectus shall state on its website that it uses the Base Prospectus in accordance with this consent and the conditions attached to this consent.**

**New information with respect to financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the Final Terms, as the case may, will be published and will be found on the website of the Issuer (or any successor website).**

## **DESCRIPTION OF THE ISSUER**

The description of the Issuer is incorporated by reference into this Base Prospectus as set out on page 409.

## GENERAL INFORMATION ON THE SECURITIES

### Features of the Securities

#### *General*

The Securities will be issued as par-value notes/certificates, both of which are bearer debt instruments (*Inhaberschuldverschreibungen*) pursuant to § 793 German Civil Code (*Bürgerliches Gesetzbuch, BGB*). The method of calculating the Redemption Amount of the Securities and the provisions as to whether, in cases where the Basket Components are shares or depository receipts, physical delivery of the Basket Component is made are linked to the value of the Basket Component at a certain moment.

Under this Base Prospectus, Securities of the following product types are issued:

- Worst-of Bonus Classic Securities (Product Type 1)
- Worst-of Bonus Cap Securities (Product Type 2)
- Worst-of Express Classic Securities (Product Type 3)
- Worst-of Express Plus Securities (Product Type 4)
- Worst-of Express Securities with Additional Amount (Product Type 5)
- Worst-of Express Cash Collect Securities (Product Type 6)

#### *Underlyings*

The Underlying of the Securities is a basket which is composed of several Basket Components. Basket Components may be either shares or American Depository Receipts (ADRs) or Regional Depository Receipts (RDRs) (respectively "**Depository Receipts**"), indices or commodities. The Basket Components are the main influencing factors on the value of the Securities.

Index may be the index described in the section "Description of indices which are composed by the Issuer or any legal entity of the same group" or another index which is not composed by the Issuer or any legal entity belonging to the same group. Further indices which are composed by the Issuer or any legal entity belonging to the same group of the Issuer may be included in the Base Prospectus as a potential Underlying of the Securities by way of a supplement pursuant to § 16 WpPG.

In general, the Security Holders participate in any positive as well as in any negative performance of the Underlying during the term of the Securities. Due to the worst-of element the Redemption Amount or the quantity of Basket Components to be delivered will be specified on the basis of the price or, respectively the performance of the Basket Component with the Worst Performance. This means the Security Holders can only participate in the performance of the Basket Component performing worst compared to the other Basket Components. The investor therefore is exposed to the risk of loss due to the performance of the respective Basket Components even if some or all of the other Basket Components develop more favourable.

The deduction of any fees or other price-influencing factors may also influence the actual performance of the Securities.

#### *Term*

The Securities have a fixed term, which may be reduced in certain circumstances.

### ***Quanto elements***

Non-Quanto Securities are Securities where the Currency of the Basket Components is the same as the Specified Currency. Quanto Securities are Securities where the Underlying Currency is not the same as the Specified Currency and where a currency hedging element is provided. In the case of Quanto Securities, one unit of the Currency of the Basket Component corresponds to one unit of the Specified Currency. In the case of Quanto Securities with cash settlement or physical delivery, the quantity of the Basket Component to be delivered and/or the Supplemental Cash Amount is increased or reduced before delivery according to the exchange rate development in order to offset any exchange rate losses or gains during the term of the Securities.

### **Issue Price**

Securities may be issued at an issue price which will be either specified in the column "Issue Price" in Table 1.1 of § 1 of the Product and Underlying Data or if the issue price has not been specified at the time of creation of the Final Terms the issue price per Security will be specified and published thereafter on a website as indicated in the Final Terms.

### **Pricing**

The Issue Price as well as the bid and offer prices quoted by the Issuer during the term of the Securities are based on internal pricing models of the Issuer. The Issue Price may contain, beside upfront and distribution fees, an expected margin for the Issuer. Generally, the margin may contain costs, which, i.a., cover the Issuer's costs for structuring the Securities, risk hedging of the Issuer and the distribution.

### **Selling concession or other concessions**

A selling concession or other concession may be charged as set out in the Final Terms.

### **Placing and Distribution**

The Securities may be distributed by way of public or private placements and, in each case, through financial intermediaries as agreed between the Issuer and the relevant financial intermediary. The method of distribution of each tranche will be stated in the applicable Final Terms.

### **Admission to Trading and Listing of the Securities**

Application may be made to list and trade Securities to be issued under the Programme on the markets or trading systems as set out in the Final Terms. In such a case the Final Terms set out the earliest dates on which the securities will be admitted to trading and all the regulated markets or equivalent markets, on which, to the knowledge of the Issuer, securities of the same class of securities are already admitted to trading. However, Securities may also be issued under the Programme without being listed on any stock exchange.

If applicable, details regarding entities which have a firm commitment to act as intermediaries in secondary trading are specified in the Final Terms.

### **Potential investors**

The Securities may be offered to qualified investors and/or retail investors and/or institutional investors as stated in the Final Terms.

### **Terms and conditions of the offer**

The following details regarding the terms and conditions of the offer will be indicated in the Final Terms: (i) the country(ies) where the offer(s) to the public takes place, (ii) the conditions for the offer of the Securities; (iii) day of the first public offer; (iv) smallest transferable and/or tradable unit; (v) possibility of an early termination of the public offer; (vi) a subscription period.

**Offer during a subscription period**

The Securities may be offered during a subscription period. For the purpose of acquisition, a potential investor has to make a subscription order to be forwarded to the Issuer during the Subscription Period. If specified in the Final Terms, the Securities may be continuously offered thereafter. The Issuer reserves the right to extend or shorten the subscription period or to withdraw the issue before the issue date during the Subscription Period for any reason. The Issuer has the right to accept or reject the subscription orders of potential investors in whole or in part, irrespective of whether or not the intended volume of the Securities to be placed is reached. The Issuer has the right to make allocations at its own discretion; whether and to what extent the Issuer exercises such right is subject to its own discretion. Potential investors who made purchase offers in the form of subscription orders may presumably be informed by the Issuer from the first Banking Day onwards following the end of the subscription period on the number of Securities allocated to them. Trading in the Securities may start prior to the notification of the allocation.

**Method and time limits for delivery of the Securities**

Securities issued under this Base Prospectus are delivered in terms of co-ownership of the Global Note which will be kept in custody. Delivery is provided for (i) against payment of the Issue Price (and commissions, if applicable) or (ii) free of payment, as specified in the Final Terms, within the usual and reasonable time limits.

## DESCRIPTION OF THE SECURITIES

### Product Type 1: Worst-of Bonus Classic Securities

#### *General*

Worst-of Bonus Classic Securities are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified dates. However, the payment is at least equal to a Bonus Amount, if no Barrier Event has occurred. In addition, Worst-of Bonus Classic Securities may allow for the payment of an Additional Amount on each Additional Amount Payment Date.

The Bonus Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Bonus Classic Securities may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Bonus Classic Securities linked to shares or depository receipts, it may be specified that redemption as at the Maturity Date is made

- for *Worst-of Bonus Classic Securities with cash settlement* exclusively by payment of a Redemption Amount, or
- for *Worst-of Bonus Classic Securities with physical delivery* by cash settlement or by physical delivery of a certain quantity of the Basket Component with the Worst Performance.

Worst-of Bonus Classic Securities linked to indices or commodities are always issued as *Worst-of Bonus Classic Securities with cash settlement*.

Worst-of Bonus Classic Securities may be issued as non-Quanto or Quanto Securities. Non-Quanto means that the Basket Components of the Underlying are traded in the Specified Currency. Quanto means that the Basket Components of the Underlying are traded in a currency other than the Specified Currency. However, exchange rate movements are not taken into account for the Securities.

Worst-of Bonus Classic Securities are issued with Nominal Amount.

#### *Interest*

The Securities do not bear interest.

#### *Additional Amount*

The Worst-of Bonus Classic Securities pay an Additional Amount, if so specified in the Final Terms. The respective Additional Amount (I) will be paid on the respective Additional Amount Payment Date (I).

The respective Additional Amount (I) is specified in the respective Final Terms.

#### *Redemption*

For Worst-of Bonus Classic Securities, redemption as at the Maturity Date depends on:

- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

A Barrier Event means:

- for *Worst-of Bonus Classic Securities linked to a basket of shares or depository receipts with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Classic Securities linked to a basket of indices with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Classic Securities linked to a basket of commodities with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Classic Securities with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> is lower than the respective Barrier<sub>i</sub> on a Barrier Observation Date.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level is specified in the respective Final Terms.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Bonus Classic Securities where  $K_i$  (initial) has already been specified*, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or
- for *Worst-of Bonus Classic Securities with initial Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or
- for *Worst-of Bonus Classic Securities with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Bonus Classic Securities with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including).

$K_{\text{worst}}$  (final) means:

- for *Worst-of Bonus Classic Securities with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or
- for *Worst-of Bonus Classic Securities with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Bonus Classic Securities with best-out observation*, the greatest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (*as specified in the respective Final Terms*) (including) and the Final Observation Date (including)..

If no Barrier Event has occurred, redemption is made for all Worst-of Bonus Classic Securities by payment of the Redemption Amount.

If a Barrier Event has occurred, redemption is made:

- for *Worst-of Bonus Classic Securities with cash settlement* by payment of the Redemption Amount, or
- for *Worst-of Bonus Classic Securities with physical delivery* by delivery of a quantity of the Basket Component with the Worst Performance expressed by the Ratio<sub>i</sub> per Security. If the Ratio<sub>i</sub> leads to a non-deliverable fraction of the Basket Component<sub>i</sub>, a cash amount expressed in the Specified Currency is paid in the amount of the non-deliverable fraction of the Basket Component<sub>i</sub>.

The Redemption Amount is an amount in the Specified Currency that is equal to the Nominal Amount multiplied by  $K_{\text{worst}}$  (final) and divided by  $K_{\text{worst}}$  (initial).

However, if no Barrier Event has occurred, the Redemption Amount is not lower than the Bonus Amount.

## **Product Type 2: Worst-of Bonus Cap Securities**

### ***General***

Worst-of Bonus Cap Securities are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified dates. However, the payment is at least equal to a Bonus Amount, if no Barrier Event has occurred. However, in all cases the payment is not greater than a Maximum Amount. In addition, Worst-of Bonus Cap Securities may allow for the payment of an Additional Amount on each Additional Amount Payment Date.

The Bonus Amount is specified in the respective Final Terms.

The Maximum Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Bonus Cap Securities may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Bonus Cap Securities linked to shares or depository receipts, it may be specified that redemption as at the Maturity Date is made

- for *Worst-of Bonus Cap Securities with cash settlement* exclusively by payment of a Redemption Amount, or
- for *Worst-of Bonus Cap Securities with physical delivery* by cash settlement or by physical delivery of a certain quantity of the Basket Component with the Worst Performance.

Worst-of Bonus Cap Securities linked to indices or commodities are always issued as *Worst-of Bonus Cap Securities with cash settlement*.

Worst-of Bonus Cap Securities may be issued as non-Quanto or Quanto Securities. Non-Quanto means that the Basket Components of the Underlying are traded in the Specified Currency. Quanto means that the Basket Components of the Underlying are traded in a currency other than the Specified Currency. However, exchange rate movements are not taken into account for the Securities.

### ***Interest***

The Securities do not bear interest.

### ***Additional Amount***

The Worst-of Bonus Cap Securities pay an Additional Amount, if so specified in the Final Terms. The respective Additional Amount (I) will be paid on the respective Additional Amount Payment Date (I).

The respective Additional Amount (I) is specified in the respective Final Terms.

### ***Redemption***

For Worst-of Bonus Cap Securities, redemption as at the Maturity Date depends on:

- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

A Barrier Event means:

- for *Worst-of Bonus Cap Securities linked to a basket of shares or depository receipts with continuous barrier observation*, that any price by of at least one Basket Component<sub>i</sub> as published the respective Relevant Exchange<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Cap Securities linked to a basket of indices with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Cap Securities linked to a basket of commodities with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Bonus Cap Securities with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> is lower than the respective Barrier<sub>i</sub> on a Barrier Observation Date.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level is specified in the respective Final Terms.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Bonus Cap Securities where  $K_i$  (initial) has already been specified*, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or
- for *Worst-of Bonus Cap Securities with initial Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or
- for *Worst-of Bonus Cap Securities with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Bonus Cap Securities with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including)..

$K_{\text{worst}}$  (final) means:

- for *Worst-of Bonus Cap Securities with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or
- for *Worst-of Bonus Cap Securities with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Bonus Cap Securities with best-out observation*, the greatest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (as specified in the respective Final Terms) (including) and the Final Observation Date (including)..

If no Barrier Event has occurred, redemption is made for all Worst-of Bonus Cap Securities by payment of the Redemption Amount.

If a Barrier Event has occurred, redemption is made:

- for *Worst-of Bonus Cap Securities with cash settlement* by payment of the Redemption Amount, or
- for *Worst-of Bonus Cap Securities with physical delivery*:
  - if the Reference Price of all the Basket Components<sub>*i*</sub> on the Final Observation Date is greater than the respective Cap<sub>*i*</sub>, by payment of the Redemption Amount; or
  - if the Reference Price of at least one Basket Component<sub>*i*</sub> on the Final Observation Date is equal to or lower than the respective Cap<sub>*i*</sub>, by delivery of a quantity of the Basket Component with the Worst Performance expressed by the Ratio<sub>*i*</sub> per Security. If the Ratio<sub>*i*</sub> leads to a non-deliverable fraction of the Basket Component<sub>*i*</sub>, a cash amount expressed in the Specified Currency is paid in the amount of the non-deliverable fraction of the Basket Component<sub>*i*</sub>.

The respective Cap<sub>*i*</sub> is:

- specified in the respective Final Terms or
- equal to a specified percentage of  $K_i$  (initial).

For *Worst-of Bonus Cap Securities where the Bonus Amount is the same as the Maximum Amount*, the Redemption Amount is an amount in the Specified Currency specified as follows:

- if no Barrier Event has occurred, the Maximum Amount; or
- if a Barrier Event has occurred (not in the case of Securities with physical delivery, see above), the Nominal Amount multiplied by  $K_{\text{worst}}$  (final) and divided by  $K_{\text{worst}}$  (initial), where the Redemption Amount is not greater than the Maximum Amount.

For *Worst-of Bonus Cap Securities where the Bonus Amount is not the same as the Maximum Amount*, the Redemption Amount is an amount in the Specified Currency specified as follows:

- if no Barrier Event has occurred, the Nominal Amount multiplied by  $K_{\text{worst}}$  (final) and divided by  $K_{\text{worst}}$  (initial), but where the Redemption Amount is not lower than the Bonus Amount and not greater than the Maximum Amount, or
- if a Barrier Event has occurred (not in the case of Securities with physical delivery, see above), the Nominal Amount multiplied by  $K_{\text{worst}}$  (final) and divided by  $K_{\text{worst}}$  (initial), but where the Redemption Amount is not greater than the Maximum Amount.

The Bonus Amount and the Maximum Amount are specified in the Final Terms.

### **Product Type 3: Worst-of Express Classic Securities**

#### ***General***

Worst-of Express Classic Securities are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified dates. In addition, Worst-of Express Classic Securities allow for automatic early redemption at the Early Redemption Amount under certain circumstances (as described below). Furthermore, Worst-of Express Classic Securities may allow for the payment of an Additional Amount on each Additional Amount Payment Date.

The Early Redemption Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Express Classic Securities may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Express Classic Securities linked to shares or depository receipts, it may be specified that redemption as at the Maturity Date is made

- for *Worst-of Express Classic Securities with cash settlement* exclusively by payment of a Redemption Amount, or
- for *Worst-of Express Classic Securities with physical delivery* by cash settlement or by physical delivery of a certain quantity of the Basket Component with the Worst Performance.

Worst-of Express Classic Securities linked to indices or commodities are always issued as *Worst-of Express Classic Securities with cash settlement*.

Worst-of Express Classic Securities may be issued as non-Quanto or Quanto Securities. Non-Quanto means that the Basket Components of the Underlying are traded in the Specified Currency. Quanto means that the Basket Components of the Underlying are traded in a currency other than the Specified Currency. However, exchange rate movements are not taken into account for the Securities.

#### ***Interest***

The Securities do not bear interest.

#### ***Additional Amount***

The Worst-of Express Classic Securities pay an Additional Amount, if so specified in the Final Terms. The respective Additional Amount (l) will be paid on the respective Additional Amount Payment Date (l).

The respective Additional Amount (l) is specified in the respective Final Terms.

#### ***Automatic early redemption***

If an Early Redemption Event has occurred, the Worst-of Express Classic Securities are automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount.

If in the case of *Worst-of Express Classic Securities with consideration of a Barrier Event*, a Barrier Event has occurred, the option of automatic early redemption lapses and the Worst-of Express Classic Security is redeemed on the Maturity Date.

For *Worst-of Express Classic Securities* without consideration of a Barrier Event, this restriction does not apply.

An Early Redemption Event means that the Reference Price<sub>i</sub> of all Basket Components is equal to or greater than the Early Redemption Level<sub>i</sub> (k) on the respective Observation Date (k).

The Early Redemption Level<sub>i</sub> (k) is specified in the respective Final Terms.

A Barrier Event means:

- for *Worst-of Express Classic Securities* linked to a basket of shares or depository receipts with continuous barrier observation, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Classic Securities* linked to a basket of indices with continuous barrier observation, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Classic Securities* linked to a basket of commodities with continuous barrier observation, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Classic Securities* with date-related Barrier observation, that the Reference Price of at least one Basket Component<sub>i</sub> is lower than the respective Barrier<sub>i</sub> on a Barrier Observation Date.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level is specified in the respective Final Terms.

### ***Redemption as at the Maturity Date***

For *Worst-of Express Classic Securities*, redemption as at the Maturity Date depends on:

- the occurrence of a Final Redemption Event and
- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

Final Redemption Event means that the Reference Price of all Basket Components is equal to or greater than the Final Redemption Level<sub>i</sub> on the Final Observation Date.

In respect of the occurrence of a Barrier Event, see "Barrier Event" above.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Express Classic Securities* where  $K_i$  (initial) has already been specified, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or
- for *Worst-of Express Classic Securities* with initial Reference Price observation, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or

- for *Worst-of Express Classic Securities with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Express Classic Securities with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including).

$K_{\text{worst}}$  (final) means:

- for *Worst-of Express Classic Securities with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or
- for *Worst-of Express Classic Securities with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Express Classic Securities with best-out observation*, the greatest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (*as specified in the respective Final Terms*) (including) and the Final Observation Date (including).

If no Barrier Event has occurred, redemption is made for all Worst-of Express Classic Securities at a Redemption Amount in the Specified Currency, which:

- if a Final Redemption Event has occurred, corresponds to the Maximum Amount or
- if no Final Redemption Event has occurred, corresponds to the Final Redemption Amount.

If a Barrier Event has occurred, redemption is made:

- for *Worst-of Express Classic Securities with cash settlement*, by payment of the Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount multiplied by  $K_{\text{worst}}$  (final), divided by  $K_{\text{worst}}$  (initial); the Redemption Amount will, however, not be greater than the Nominal Amount; or
- for *Worst-of Express Classic Securities with physical delivery*:
  - if  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial), by payment of a Redemption Amount in the Specified Currency, which corresponds to the Final Redemption Amount; or
  - if  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial), by delivery of the Basket Component with the Worst Performance in a quantity expressed by the Ratio per Security. If the Ratio leads to a non-deliverable fraction of the Basket Component, a cash amount expressed in the Specified Currency is paid in the amount of the non-deliverable fraction of the Basket Component.

The Maximum Amount is specified in the respective Final Terms.

The Final Redemption Amount is specified in the respective Final Terms.

#### **Product Type 4: Worst-of Express Plus Securities**

##### ***General***

Worst-of Express Plus Securities are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified

dates. In addition, Worst-of Express Plus Securities allow for automatic early redemption at the Early Redemption Amount under certain circumstances (as described below). Furthermore, Worst-of Express Plus Securities may allow for the payment of an Additional Amount on each Additional Amount Payment Date.

The Early Redemption Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Express Plus Securities may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Express Plus Securities linked to shares or depository receipts, it may be specified that redemption as at the Maturity Date is made

- for *Worst-of Express Plus Securities with cash settlement* exclusively by payment of a Redemption Amount, or
- for *Worst-of Express Plus Securities with physical delivery* by cash settlement or by physical delivery of a certain quantity of the Basket Component with the Worst Performance.

Worst-of Express Plus Securities linked to indices or commodities are always issued as *Worst-of Express Plus Securities with cash settlement*.

Worst-of Express Plus Securities may be issued as non-Quanto or Quanto Securities. Non-Quanto means that the Basket Components of the Underlying are traded in the Specified Currency. Quanto means that the Basket Components of the Underlying are traded in a currency other than the Specified Currency. However, exchange rate movements are not taken into account for the Securities.

### ***Interest***

The Securities do not bear interest.

### ***Additional Amount***

The Worst-of Express Plus Securities pay an Additional Amount, if so specified in the Final Terms. The respective Additional Amount (l) will be paid on the respective Additional Amount Payment Date (l).

The respective Additional Amount (l) is specified in the respective Final Terms.

### ***Automatic early redemption***

If an Early Redemption Event has occurred, the Worst-of Express Plus Securities are automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount.

If in the case of *Worst-of Express Plus Securities with consideration of a Barrier Event*, a Barrier Event has occurred, the option of automatic early redemption lapses and the Worst-of Express Plus Security is redeemed on the Maturity Date.

For *Worst-of Express Plus Securities without consideration of a Barrier Event*, this restriction does not apply.

An Early Redemption Event means that the Reference Price<sub>i</sub> of all Basket Components is equal to or greater than the Early Redemption Level<sub>i</sub> (k) on the respective Observation Date (k).

The Early Redemption Level<sub>i</sub> (k) is specified in the respective Final Terms.

A Barrier Event means:

- for *Worst-of Express Plus Securities linked to a basket of shares or depository receipts with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Plus Securities linked to a basket of indices with continuous barrier observation*, that any price at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Plus Securities linked to a basket of commodities with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Plus Securities with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> is lower than the respective Barrier<sub>i</sub> on a Barrier Observation Date.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level is specified in the respective Final Terms.

### ***Redemption as at the Maturity Date***

For Worst-of Express Plus Securities, redemption as at the Maturity Date depends on:

- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

In respect of the occurrence of a Barrier Event, see "Barrier Event" above.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Express Plus Securities where  $K_i$  (initial) has already been specified*, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or
- for *Worst-of Express Plus Securities with initial Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or
- for *Worst-of Express Plus Securities with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Express Plus Securities with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including).

$K_{\text{worst}}$  (final) means:

- for *Worst-of Express Plus Securities with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or

- for *Worst-of Express Plus Securities with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Express Plus Securities with best-out observation*, the greatest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (as specified in the respective Final Terms) (including) and the Final Observation Date (including).

If no Barrier Event has occurred, redemption is made for all Worst-of Express Plus Securities at a Redemption Amount in the Specified Currency, which corresponds to the Maximum Amount.

If a Barrier Event has occurred, redemption is made:

- for *Worst-of Express Plus Securities with cash settlement*, by payment of the Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount multiplied by  $K_{\text{worst}}$  (final), divided by  $K_{\text{worst}}$  (initial); the Redemption Amount will, however, not be greater than the Nominal Amount; or
- for *Worst-of Express Plus Securities with physical delivery*:
  - if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial), by payment of a Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount; or
  - if  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial), by delivery of the Basket Component with the Worst Performance in a quantity expressed by the Ratio per Security. If the Ratio leads to a non-deliverable fraction of the Basket Component, a cash amount expressed in the Specified Currency is paid in the amount of the non-deliverable fraction of the Basket Component.

The Maximum Amount is specified in the respective Final Terms.

## **Product Type 5: Worst-of Express Securities with Additional Amount**

### ***General***

Worst-of Express Securities with Additional Amount are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified days. In addition, Worst-of Express Securities with Additional Amount allow for the payment of an Additional Amount on each Additional Amount Payment Date, if an Additional Amount Payment Event has occurred. In addition, Worst-of Express Securities with Additional Amount allow for automatic early redemption at the Early Redemption Amount under certain circumstances (as described below). The payment of the Additional Amount and the Early Redemption Amount depends on the performance in relation to the respective Observation Date (k).

The Early Redemption Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Express Securities with Additional Amount may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Express Securities with Additional Amount linked to shares or depository receipts, it may be specified that redemption as at the Maturity Date is made

- for *Worst-of Express Securities with Additional Amount and with cash settlement*, exclusively by payment of a Redemption Amount or

- for *Worst-of Express Securities with Additional Amount and with physical delivery*, by cash settlement or by physical delivery of a certain quantity of the Underlying.

Worst-of Express Securities with Additional Amount linked to indices or commodities are always issued as *Worst-of Express Securities with Additional Amount and with cash settlement*.

Worst-of Express Securities with Additional Amount can be issued as non-Quanto or Quanto Securities. Non-Quanto means that the Basket Components of the Underlying are traded in the Specified Currency. Quanto means that the Basket Components of the Underlying are traded in a currency other than the Specified Currency. However, exchange rate movements are not taken into account for the Securities.

### ***Interest***

The Securities do not bear interest.

### ***Additional Amount***

For Worst-of Express Securities with Additional Amount, the payment of the Additional Amount depends on the occurrence of an Additional Amount Payment Event.

Additional Amount Payment Event means that the Reference Price of all Basket Components is equal to or greater than the relevant Additional Amount Payment Level<sub>i</sub> (k) on the relevant Observation Date (k).

In the case of *Worst-of Express Securities with Additional Amount (Memory)*, the following applies:

- If an Additional Amount Payment Event has occurred on the First Observation Date, the First Additional Amount will be paid on the First Additional Amount Payment Date.
- If an Additional Amount Payment Event has occurred on any other Observation Date (k), the respective Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) less all Additional Amounts paid on the preceding Additional Amount Payment Dates.
- If no Additional Amount Payment Event has occurred on the First Observation Date or the respective Observation Date (k), no Additional Amount (k) is paid on the respective Additional Amount Payment Date (k).

The First Additional Amount is specified in the respective Final Terms.

The Additional Amount (k) is specified in the respective Final Terms.

In the case of *Worst-of Express Securities with Additional Amount (Relax)*, the following applies:

- If an Additional Amount Payment Event has occurred on an Observation Date (k), the respective Additional Amount (k) is paid on the respective Additional Amount Payment Date (k).
- If no Additional Amount Payment Event has occurred on an Observation Date (k), no Additional Amount (k) is paid on the respective Additional Amount Payment Date (k).

### ***Automatic early redemption***

If an Early Redemption Event has occurred, the Worst-of Express Securities with Additional Amount are automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount.

If in the case of *Worst-of Express Securities with Additional Amount with consideration of a Barrier Event*, a Barrier Event has occurred, the option of automatic early redemption lapses and the Worst-of Express Security with Additional Amount is redeemed on the Maturity Date.

For *Worst-of Express Securities with Additional Amount without consideration of a Barrier Event*, this restriction does not apply.

An Early Redemption Event means that the Reference Price<sub>i</sub> of all Basket Components is equal to or greater than the Early Redemption Level<sub>i</sub> (k) on the respective Observation Date (k).

The Early Redemption Level<sub>i</sub> (k) is specified in the respective Final Terms.

A Barrier Event means:

- for *Worst-of Express Securities with Additional Amount linked to a basket of shares or depository receipts with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Securities with Additional Amount linked to a basket of indices with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Securities with Additional Amount linked to a basket of commodities with continuous barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Securities with Additional Amount with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> is lower than the respective Barrier<sub>i</sub> on a Barrier Observation Date.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level is specified in the respective Final Terms.

### ***Redemption as at the Maturity Date***

For *Worst-of Express Securities with Additional Amount*, redemption as at the Maturity Date depends on:

- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

In respect of the occurrence of a Barrier Event, see "Barrier Event" above.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Express Securities with Additional Amount where  $K_i$  (initial) has already been specified*, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or
- for *Worst-of Express Securities with Additional Amount with initial Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or

- for *Worst-of Express Securities with Additional Amount with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Express Securities with Additional Amount with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including).

$K_{\text{worst}}$  (final) means:

- for *Worst-of Express Securities with Additional Amount with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or
- for *Worst-of Express Securities with Additional Amount with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Express Securities with Additional Amount with best-out observation*, the greatest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (*as specified in the respective Final Terms*) (including) and the Final Observation Date (including).

If no Barrier Event has occurred, redemption is made for all Worst-of Express Securities with Additional Amount at a Redemption Amount in the Specified Currency, which corresponds to the Maximum Amount.

If a Barrier Event has occurred, redemption is made:

- for *Worst-of Express Securities with Additional Amount with cash settlement*, by payment of the Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount multiplied by  $K_{\text{worst}}$  (final), divided by  $K_{\text{worst}}$  (initial); the Redemption Amount will, however, not be greater than the Nominal Amount; or
- for *Worst-of Express Securities with Additional Amount with physical delivery*:
  - if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial), by payment of a Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount; or
  - if  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial), by delivery of the Basket Component with the Worst Performance in a quantity expressed by the Ratio per Security. If the Ratio leads to a non-deliverable fraction of the Basket Component, a cash amount expressed in the Specified Currency is paid in the amount of the non-deliverable fraction of the Basket Component.

The Maximum Amount is specified in the respective Final Terms.

## **Product Type 6: Worst-of Express Cash Collect Securities**

### ***General***

Worst-of Express Cash Collect Securities are Securities where redemption as at the Maturity Date depends on the Reference Price of the Basket Component with the Worst Performance on one or more specified days. In addition, Worst-of Express Cash Collect Securities allow for the payment of an Additional Amount on the respective Additional Amount Payment Date, if no Coupon Barrier Event

has occurred (as described below). In addition, Worst-of Express Cash Collect Securities allow for automatic early redemption at the Early Redemption Amount under certain circumstances (as described below). The payment of the Early Redemption Amount depends on the worst performance in relation to the respective Observation Date (k).

The Early Redemption Amount is specified in the respective Final Terms.

In respect of their redemption, Worst-of Express Cash Collect Securities may be linked to shares or depository receipts as well as indices or commodities.

For Worst-of Express Cash Collect Securities it is specified that redemption as at the Maturity Date is made exclusively by payment of a Redemption Amount.

### ***Interest***

The Securities do not bear interest.

### ***Additional Amount***

For Worst-of Express Cash Collect Securities, the payment of the Additional Amount (k) depends on the non-occurrence of an Coupon Barrier Event.

A Coupon Barrier Event means:

- for *Worst-of Express Cash Collect Securities linked to a basket of shares or depository receipts with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> (k) during the Barrier Observation Period (k) in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities linked to a basket of indices with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> (k) during the Barrier Observation Period (k) in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities linked to a basket of commodities with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> (k) during the Barrier Observation Period (k) in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> on any Coupon Barrier Observation Date during the Barrier Observation Period (k) is lower than the respective Barrier<sub>i</sub> (k) on a Barrier Observation Date.

The Barrier<sub>i</sub> (k) or the method for its determination is specified in the respective Final Terms.

The Barrier Level<sub>i</sub> (k) is specified in the respective Final Terms.

In the case of *Worst-of Express Cash Collect Securities*, the following applies:

- If no Coupon Barrier Event has occurred during the Barrier Observation Period (k) and all previous Barrier Observation Periods (k), payment of the respective Additional Amount (k) is made on the respective Additional Amount Payment Date (k).
- If a Coupon Barrier Event has occurred during the Barrier Observation Period (k), no Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) and on any following Additional Amount Payment Dates (k). I.e., if a Coupon Barrier Event occurs the option of an Additional Amount lapses without taking into account whether a Coupon Barrier Event has occurred during the respective following Barrier Observation Period (k).

The Additional Amount (k) is specified in the respective Final Terms.

### ***Automatic early redemption***

If an Early Redemption Event has occurred, the Worst-of Express Cash Collect Securities are automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount.

If in the case of *Worst-of Express Cash Collect Securities with consideration of a Coupon Barrier Event*, a Coupon Barrier Event has occurred, the option of automatic early redemption lapses and the Worst-of Express Cash Collect Security is redeemed on the Maturity Date.

For *Worst-of Express Cash Collect Securities without consideration of a Coupon Barrier Event*, this restriction does not apply.

An Early Redemption Event means that the Reference Price of all Basket Components is equal to or greater than the respective Early Redemption Level<sub>i</sub> (k) on the respective Observation Date (k).

The Early Redemption Level<sub>i</sub> (k) is specified in the respective Final Terms.

### ***Redemption as at the Maturity Date***

For Worst-of Express Cash Collect Securities, redemption as at the Maturity Date depends on:

- the occurrence of a Barrier Event, and
- $K_{\text{worst}}$  (initial), and
- $K_{\text{worst}}$  (final).

A Barrier Event means:

- for *Worst-of Express Cash Collect Securities linked to a basket of shares or depository receipts with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Relevant Exchange<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities linked to a basket of indices with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Index Calculation Agent<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities linked to a basket of commodities with continuous Barrier observation*, that any price of at least one Basket Component<sub>i</sub> as published by the respective Reference Market<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation or
- for *Worst-of Express Cash Collect Securities with date-related Barrier observation*, that the Reference Price of at least one Basket Component<sub>i</sub> on any Barrier Observation Date is lower than the respective Barrier<sub>i</sub>.

The Barrier<sub>i</sub> or the method for its determination is specified in the respective Final Terms.

The Barrier Level<sub>i</sub> is specified in the respective Final Terms.

$K_{\text{worst}}$  (initial) means:

- for *Worst-of Express Cash Collect Securities where  $K_i$  (initial) has already been specified*, the price of the Basket Component with the Worst Performance in relation to the respective  $K_i$  (initial) specified in the Final Terms, or

- for *Worst-of Express Cash Collect Securities with initial Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Initial Observation Date, or
- for *Worst-of Express Cash Collect Securities with initial average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Initial Observation Dates, or
- for *Worst-of Express Cash Collect Securities with worst-in observation*, the lowest Reference Price of the Basket Component with the Worst Performance between the Initial Observation Date (including) and the Last Day of the Worst-in Period (*as specified in the respective Final Terms*) (including).

$K_{\text{worst}}$  (final) means:

- for *Worst-of Express Cash Collect Securities with final Reference Price observation*, the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date, or
- for *Worst-of Express Cash Collect Securities with final average observation*, the equally weighted average of the Reference Prices of the Basket Component with the Worst Performance determined on the Final Observation Dates, or
- for *Worst-of Express Cash Collect Securities with best-out observation*, the highest Reference Price of the Basket Component with the Worst Performance between the First Day of the Best-out Period (*as specified in the respective Final Terms*) (including) and the Final Observation Date (including).

If no Barrier Event has occurred, redemption is made for all Worst-of Express Cash Collect Securities at a Redemption Amount in the Specified Currency, which corresponds to the Maximum Amount.

If a Barrier Event has occurred, redemption is made by payment of the Redemption Amount in the Specified Currency, which corresponds to the Nominal Amount multiplied by  $K_{\text{worst}}$  (final), divided by  $K_{\text{worst}}$  (initial).

The Maximum Amount is specified in the respective Final Terms.

*Part A – General Conditions of the Securities*

**PART A - GENERAL CONDITIONS OF THE SECURITIES**

(the "General Conditions")

**§ 1**

**Form, Clearing System, Global Note, Custody**

- (1) *Form:* This tranche (the "**Tranche**") of securities (the "**Securities**") of UniCredit Bank AG (the "**Issuer**") will be issued as [notes] [certificates] in bearer form pursuant to these Terms and Conditions with a nominal amount in the Specified Currency.

[In the case of Securities with a Permanent Global Note from the Issue Date, the following applies:

- (2) *Permanent Global Note:* The Securities are represented by a permanent global note (the "**Global Note**") without interest coupons, which bears the manual or facsimile signatures of two authorised signatories of the Issuer [In the case of an Issuing Agent, the following applies: as well as the manual signature of a control officer of the Issuing Agent]. The Security Holders are not entitled to receive definitive Securities. The Securities as co-ownership interests in the Global Note may be transferred pursuant to the relevant regulations of the Clearing System. [In the case of interest-bearing Securities, the following applies: The right to receive interest is represented by the Global Note.]]

[In the case of Securities with a Temporary Global Note which will be exchangeable for a Permanent Global Note, the following applies:<sup>1</sup>

- (2) *Temporary Global Note, Exchange:* The Securities are initially represented by a temporary global note (the "**Temporary Global Note**") without interest coupons. The Temporary Global Note will be exchangeable for a permanent global note without interest coupons (the "**Permanent Global Note**", and, together with the Temporary Global Note, the "**Global Notes**") on or after the 40th day after the Issue Date (the "**Exchange Date**") only upon delivery of certifications, to the effect that the beneficial owner or owners of the Securities represented by the Temporary Global Note is not a U.S. person or are not U.S. persons (other than certain financial institutions or certain persons holding Securities through such financial institutions) (the "**Non-U.S. Beneficial Ownership Certificates**"). The Global Notes bear the manual or facsimile signatures of two authorised representatives of the Issuer [In the case of an Issuing Agent, the following applies: as well as the manual signature of a control officer of the Issuing Agent]. [If CBL and Euroclear Bank are specified as Clearing System, the following applies: The details of such exchange shall be entered into the records of the ICSDs.] The Security Holders are not entitled to receive definitive Securities. The Securities as co-ownership interests in the Global Notes may be transferred pursuant to the relevant regulations of the Clearing System. [In the case of interest-bearing Securities, the following applies: The right to receive interest is represented by the Permanent Global Note.]

The text found in § 1(2) is known as the "TEFRA D legend". This footnote provides a very brief synopsis of the TEFRA rules under the tax code of the United States of America ("U.S."). Generally, debt instruments in bearer form which have a maturity of longer than 365 days may be subject to U.S. tax penalties if the issuance of such instruments does not comply with either the TEFRA C or TEFRA D rules. TEFRA C is highly restrictive and may be used only if, among other things, the instruments will not be offered or issued to persons in the U.S. and its possessions, as defined under the U.S. Internal Revenue Code, and the issuer does not "significantly engage in interstate commerce with respect to the issuance." In this case a TEFRA legend is not required. The TEFRA D rules, which are more mechanical than the TEFRA C rules, impose, during a "restricted period", certain restrictions on (i) the offer and sale of the instruments to "U.S. persons" or to persons within the U.S. and its possessions and (ii) the delivery of the instruments in the U.S. The TEFRA D rules also generally require that the owner of an instrument certify as to non-U.S. beneficial ownership and that the instrument contain a "TEFRA D legend" with specific language on its face. Compliance with TEFRA D provides for a safe harbour if instruments are inadvertently issued to U.S. persons. To the extent that Securities have debt characteristics, such as "principal protection", TEFRA C and TEFRA D rules may apply. IF THERE IS ANY DOUBT WHETHER A SECURITY MAY BE CONSIDERED DEBT, U.S. LEGAL AND TAX COUNSEL MUST BE CONSULTED.

"U.S. persons" means such persons as defined in *Regulation S* of the *United States Securities Act of 1933* and particularly includes residents of the United States as well as American stock corporations and private companies.]

[In the case of Securities where CBF is specified in the Final Terms, the following applies:

- (3) *Custody:* The Global Note will be kept in custody by CBF.]

[In the case of Securities where CBL and Euroclear Bank is specified in the Final Terms, the following applies:

- (3) *Custody:* The Global Notes will be issued in classical global note form and will be kept in custody by a common depository on behalf of both ICSDs.]

[In the case of Securities where "other" is specified in the Final Terms, the following applies:

- (3) *Custody:* The Global Note will be kept in custody by or on behalf of the Clearing System.]

## § 2

### Principal Paying Agent, Paying Agent, Calculation Agent

- (1) *Paying Agents:* The "**Principal Paying Agent**" is [UniCredit Bank AG, Arabellastraße 12, 81925 Munich] [Citibank, N.A., London Branch, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom] [*Insert name and address of other paying agent*]. The Issuer may appoint additional paying agents (the "**Paying Agents**") and revoke such appointment. The appointment and revocation shall be published pursuant to § 6 of the General Conditions.
- (2) *Calculation Agent:* The "**Calculation Agent**" is UniCredit Bank AG, Arabellastraße 12, 81925 Munich.
- (3) *Transfer of functions:* Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is obliged to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified by the Issuer without undue delay pursuant to § 6 of the General Conditions.
- (4) *Agents of the Issuer:* In connection with the Securities, the Principal Paying Agent, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Security Holders. The Principal Paying Agent and the Paying Agents shall be exempt from the restrictions of § 181 German Civil Code (*Bürgerliches Gesetzbuch*, "**BGB**").
- (5) *Determinations binding:* Determinations made by the Principal Paying Agent, the Paying Agents or the Calculation Agent, will, in the absence of manifest error, be conclusive and binding on the Issuer and the Security Holders.

## § 3

### Taxes

*No gross up:* Payments in respect of the Securities shall only be made after deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law. The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

## § 4

### Status

The obligations under the Securities constitute direct, unconditional and unsecured obligations of the Issuer and rank, unless provided otherwise by law, at least *pari passu* with all other unsecured unsubordinated present and future obligations of the Issuer.

## § 5

### Substitution of the Issuer

- (1) The Issuer may without the consent of the Security Holders, if no payment of principal or interest on any of the Securities is in default, at any time substitute the Issuer for any Affiliate of the Issuer as principal debtor in respect of all obligations of the Issuer under the Securities (the "**New Issuer**"), provided that
  - (a) the New Issuer assumes all obligations of the Issuer in respect of the Securities,
  - (b) the Issuer and the New Issuer have obtained all necessary authorizations and may transfer to the Principal Paying Agent in the currency required hereunder and without being obligated to deduct or withhold taxes or other duties of whatever nature levied by the country, in which the New Issuer or the Issuer has its domicile or tax residence, all amounts required for the fulfilment of the payment obligations arising under the Securities,
  - (c) the New Issuer has agreed to indemnify and hold harmless each Security Holder against any tax, duty or other governmental charge imposed on such Security Holder in respect of such substitution and
  - (d) the Issuer guarantees proper payment of the amounts due under these Terms and Conditions.

For purposes of this § 5 (1) "**Affiliate**" means an affiliated company (*verbundenes Unternehmen*) within the meaning of § 15 of the German Stock Corporation Act (*Aktiengesetz*).

- (2) *Notice:* Any such substitution shall be notified in accordance with § 6 of the General Conditions.
- (3) *References:* In the event of any such substitution, any reference in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the New Issuer. Furthermore, any reference to the country, in which the Issuer is domiciled or resident for taxation purposes shall from then on be deemed to refer to the country of domicile or residence for taxation purposes of the New Issuer.

## § 6

### Notices

To the extent these Terms and Conditions provide for a notice pursuant to this § 6, these will be published on the Website for Notices (or another website communicated by the Issuer with at least six weeks advance notice in accordance with these provisions) and become effective vis-à-vis the Security Holders through such publication unless the notice provides for a later effective date. If and to the extent that binding provisions of effective law or stock exchange provisions provide for other forms of publication, such publications must be made in addition and as provided for.

Other publications with regard to the Securities are published on the Website of the Issuer (or any successor website).

## § 7

### Security Holder's Extraordinary Termination Right

- (1) Each Security Holder shall be entitled to declare its Security due and demand immediate redemption thereof at the Termination Amount, in the event that
  - (a) any amount due under the Securities is not paid within 30 days from the relevant due date, or
  - (b) the Issuer fails to duly perform any other obligation arising under the Securities and such failure continues for more than 60 days after the Issuer has received notice thereof from a Security Holder, or
  - (c) the Issuer generally ceases to make payments, or
  - (d) an application is made to open insolvency proceedings or a comparable proceeding with regard to the assets of the Issuer or the Issuer offers an out-of-court settlement to avert insolvency proceedings or other similar proceedings, or
  - (e) the Issuer goes into liquidation, unless in connection with a merger, or other form of reorganization, such other or such reorganized company assumes all obligations of the Issuer in respect of the Securities.

The right to declare the Securities due shall terminate if the relevant event of default has been cured before the right is exercised.

- (2) Any notice declaring the Securities due pursuant to paragraph (1) shall be made by means of written notice by the Security Holder to be delivered to the Principal Paying Agent by hand or registered mail together with sufficiently conclusive proof that such Security Holder at the time of such notice is a holder of the relevant Securities. The Principal Paying Agent shall forward the notice without undue delay to the Issuer without further examination.
- (3) The "**Termination Amount**" per Security shall be the reasonable market value of the Securities as determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days after receipt of the notice.

## § 8

### Issuance of additional Securities, Repurchase

- (1) *Issuance of additional Securities:* The Issuer reserves the right from time to time without the consent of the Security Holders to issue additional Securities with identical terms and conditions (except for the issue date and the issue price), so that the same shall be consolidated and form a single series (the "**Series**") with this Tranche. The term "*Securities*" shall, in the event of such increase, also comprise all additionally issued Securities.
- (2) *Repurchase:* The Issuer shall be entitled at any time to purchase Securities in the market or otherwise and at any price. Securities repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.

## § 9

### Presentation Period

The presentation period provided in § 801 paragraph 1 sentence 1 BGB is reduced to ten years for the Securities.

## § 10

### Partial Invalidity, Corrections

- (1) *Invalidity*: Should any provision of these Terms and Conditions be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions and is in the interest of the parties.
- (2) *Typing and calculation errors*: Obvious typing and calculation errors or similar obvious errors in these Terms and Conditions entitle the Issuer to rescission vis-à-vis the Security Holders. The rescission must be declared without undue delay upon obtaining knowledge of such cause for rescission in accordance with § 6 of the General Conditions. Following such rescission by the Issuer, the Security Holder can instruct his depository bank to submit a duly completed redemption declaration to the Principal Paying Agent on a form available there and by giving all information and declarations required by the form (the "**Redemption Declaration**") and demand the refunding of the Acquisition Price against transfer of the Securities to the account of the Principal Paying Agent with the Clearing System. The Issuer will until at the latest 30 calendar days after receipt of the Redemption Declaration or the Securities by the Principal Paying Agent (whichever is the later date) make the Acquisition Price available to the Principal Paying Agent, which will transfer it to the account listed in the Redemption Declaration. With the payment of the Acquisition Price all rights deriving from the submitted Securities cease to exist.
- (3) *Offer to continue*: The Issuer may combine the declaration of rescission pursuant to paragraph (2) above with an offer to continue the Securities under amended terms and conditions. The Security Holders will be informed of such an offer as well as the amended provisions together with the declaration of rescission in accordance with § 6 of the General Conditions. Such an offer is deemed to be accepted by the Security Holder (with the effect that the consequences of the rescission do not become effective) if the Security Holder does not within four weeks after the offer becoming effective pursuant to § 6 of the General Conditions demand the repayment of the Acquisition Price by submitting a duly completed Redemption Declaration via his depository bank to the Principal Paying Agent and the transfer of the Securities to the account of Principal Paying Agent with the Clearing System in accordance with paragraph (2) above. The Issuer will refer to this effect in the notice.
- (4) *Acquisition Price*: As used in paragraphs (2) and (3) above, the "**Acquisition Price**" is the actual acquisition price paid by each Security Holder (as stated and confirmed in the Redemption Declaration) or the weighted arithmetic mean of the trading prices of the Securities, as determined by the Issuer in its reasonable discretion (§ 315 BGB), on the Banking Day preceding the declaration of rescission pursuant to paragraph (2) above, respectively, depending on which of these amounts is the higher one. If a market disruption pursuant to § 1 of the Special Conditions exists on the Banking Day preceding the declaration of rescission pursuant to paragraph (2) above, the last Banking Day preceding the rescission pursuant to paragraph (2) above on which no market disruption existed shall be decisive for the determination of the Acquisition Price in accordance with the preceding sentence.
- (5) *Incomplete or inconsistent provisions*: The Issuer is entitled to correct or amend incomplete or inconsistent provisions in these Terms and Conditions in its reasonable discretion (§ 315 BGB). Only corrections and amendments that are reasonable for the Security Holders taking into account the interests of the Issuer and that in particular do not materially impair the legal and economic situation of the Security Holders will be permitted. The Security Holders will be informed of such corrections and supplementations pursuant to § 6 of the General Conditions.
- (6) *Adherence to corrected Terms and Conditions*: If the Security Holder was aware of typing or calculation errors or similar errors in these Terms and Conditions when purchasing the Securities, the Issuer is entitled to adhere to the Terms and Conditions amended accordingly irrespective of paragraphs (2) to (5) above.

## § 11

### **Applicable Law, Place of Performance, Place of Jurisdiction**

- (1) *Applicable law:* The Securities, as to form and content, and all rights and obligations of the Issuer and the Security Holder shall be governed by the laws of the Federal Republic of Germany.
- (2) *Place of performance:* Place of performance is Munich.
- (3) *Place of jurisdiction:* To the extent permitted by law, all legal disputes arising from or in connection with the matters governed by these Terms and Conditions shall be brought before the court in Munich.

[In the case of Securities which shall be admitted to trading on an Italian regulated or unregulated market, the following applies:

## § 12

### **Waiver Right**

*Waiver Right:* Each Security Holder has the right to waive to the automatic exercise of the exercise right of the Securities held by it (subject as set out below). In this case, a duly completed waiver notice (a "**Waiver Notice**") must be delivered by facsimile to the Issuer prior to 10.00 a.m., Munich local time, on the Exercise Date at the facsimile number set out in the section of the Base Prospectus titled Conditions of the Securities under "Form of Waiver Notice". The Security Holder must deliver the completed Waiver Notice to its depository bank which will be in charge of sending it by facsimile to the Issuer.

In the event that a Security Holder does not perform its obligations and so deliver, where applicable, a duly completed Waiver Notice in accordance with the provisions hereof, such Securities shall be exercised automatically and shall be repaid in the manner set out in the Terms and Conditions of these Securities, and the Issuer's obligations in respect of such Securities shall be discharged and no further liability in respect thereof shall attach to the Issuer.

The number of Securities specified in the Waiver Notice must be a multiple of the minimum exercise amount, otherwise such number of Securities so specified shall be rounded down to the preceding multiple of the minimum exercise amount and the Waiver Notice shall not be valid in respect of the Securities exceeding such rounded number of Securities.

The Issuer will, in its reasonable discretion (§ 315 BGB), determine whether the above conditions are satisfied and its determination will be final, conclusive and binding on the Issuer and on the Security Holder.

The Waiver Notice is irrevocable.

Neither the Principal Paying Agent nor the Issuer shall apply any charge for the renouncement to the exercise of the Securities. Any other taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties which may arise in connection with the renouncement of any Securities are payable by the Security Holders.]

<sup>2</sup> If the base currency of the FX Exchange Rate displayed on the FX Screen Page is the same as the Specified Currency.

- (i) if no Barrier Event has occurred by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if a Barrier Event has occurred by delivery of the Basket Component with the Worst Performance in a quantity expressed by the Ratio<sub>i</sub> multiplied by FX<sub>worst</sub> (final) per Security. If the Ratio<sub>i</sub> multiplied with FX<sub>worst</sub> (final) leads to a non-deliverable fraction of the Basket Component with the Worst Performance, a cash amount will be paid in the amount of the value of the non-deliverable fraction of the Basket Component with the Worst Performance (the "**Supplemental Cash Amount**") which is calculated from the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date multiplied with the non-deliverable fraction of the Basket Component with the Worst Performance and divided by FX<sub>worst</sub> (final).]

[In the case of Quanto Worst-of Bonus Classic Securities<sup>3</sup> with physical delivery, the following applies:

*Redemption:* The Securities shall be redeemed either

- (i) if no Barrier Event has occurred by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if a Barrier Event has occurred by delivery of the Basket Component with the Worst Performance in a quantity expressed by the Ratio<sub>i</sub> divided by FX<sub>worst</sub> (final) per Security. If the Ratio<sub>i</sub> divided by FX<sub>worst</sub> (final) leads to a non-deliverable fraction of the Basket Component with the Worst Performance, a cash amount will be paid in the amount of the value of the non-deliverable fraction of the Basket Component with the Worst Performance (the "**Supplemental Cash Amount**") which is calculated from the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date multiplied by the non-deliverable fraction of the Basket Component with the Worst Performance and multiplied by FX<sub>worst</sub> (final).]

#### § 4

#### Redemption Amount

*Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

[In the case of non-Quanto Worst-of Bonus Classic Securities and Quanto Worst-of Bonus Classic Securities with cash settlement, the following applies:

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Bonus Classic Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Bonus Classic Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

[In the case of Worst-of Bonus Classic Securities with cash settlement, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).]

[In the case of Worst-of Bonus Classic Securities with physical delivery, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments or the delivery of the Basket Components under the Securities when due, the amount due or respectively the Reference Price of the Basket Component on the Maturity Date shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the Maturity Date of that payment or the delivery (including) and ends on the effective date of the payment or the delivery (including).

- (5) *Delivery*: The Delivery of the Basket Components and the payment of a Supplemental Cash Amount shall be made within five Banking Days after the Maturity Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Basket Components, shall be borne by the respective Security Holder. Subject to the provisions of these Terms and Conditions, the Basket Components shall be delivered at the Security Holder's own risk. If the Maturity Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Basket Components that were provided to the Issuer prior to such delivery of the Basket Components, even if such notifications or other documents refer to events that occurred after delivery of the Basket Components. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Basket Components. The Issuer shall be entitled to claim in a Basket Component that exist prior to or on the Maturity Date, provided that the day, on which the Basket Components is traded for the first time on the Relevant Exchange; "ex" of such claim, falls on or prior to such Maturity Date.
- (6) *Transaction Disturbance*: If, in the reasonable discretion (§ 315 BGB) of the Calculation Agent, an event outside of the Issuer's control, which results in the Issuer not being able to deliver the Basket Components pursuant to the Terms and Conditions of these Securities (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Basket Components and continues to exist on the Maturity Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Basket Components occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in the reasonable discretion (§ 315 BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) on the basis of the stock exchange or market price of the Basket Components on the Final Observation Date or, should such stock exchange or market prices not be available, the volume weighted average of the stock exchange or market prices in a representative period or, should such volume weighted average not be available, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).]

## § 7

### Market Disruptions

[In the case of non-Quanto Worst-of Bonus Classic Securities and in the case of Quanto Worst-of Bonus Classic Securities with cash settlement, the following applies:

- (1) *Postponement*: Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.
- Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.
- (2) *Discretionary valuation*: Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities.

Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.]

[In the case of Quanto Worst-of Bonus Classic Securities with physical delivery, the following applies:

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date, as the case may be, shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the respective Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to carry out the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days, the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective FX<sub>i</sub>. The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day] Banking Day, taking into account the economic position of the Security Holders.]

## § 8

### Adjustments, Replacement Specification

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked

to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (2) *Replacement Specification*: If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

[In the case of Quanto Worst-of Bonus Classic Securities with physical delivery, the following applies:

## § 9

### New Fixing Sponsor, Replacement Exchange Rate

- (1) *New Fixing Sponsor*: In the event that the FX Exchange Rate<sub>i</sub> is no longer determined and published by the Fixing Sponsor, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the determinations and publications by another person, company or institution which shall be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**New Fixing Sponsor**"). In this case each reference to the Fixing Sponsor<sub>i</sub> in the Terms and Conditions of these Securities, depending on the context, shall be deemed to refer to the New Fixing Sponsor. The New Fixing Sponsor and the time of its first application shall be published pursuant to § 6 of the General Conditions.
- (2) *Replacement Exchange Rate*: In the event that FX<sub>i</sub> is no longer determined and published, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of a FX Exchange Rate<sub>i</sub> determined and published on the basis of another method, which will be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**Replacement Exchange Rate**"). In the case of a Replacement Exchange Rate each reference to the respective FX<sub>i</sub>, depending on the context, shall be deemed to refer to the Replacement Exchange Rate. The Replacement Exchange Rate and the time of its first application shall be published pursuant to § 6 of the General Conditions.]]

**"Redemption Amount"** means the Redemption Amount as calculated or, respectively, specified by the Calculation Agent pursuant to § 4 of the Special Conditions.

**"Reference Price<sub>i</sub>"** means the Reference Price<sub>i</sub> of the respective Basket Component<sub>i</sub> as specified in the column "Reference Price<sub>i</sub>" in Table 1.2 in § 1 of the Product and Underlying Data.

**"Relevant Exchange<sub>i</sub>"** means the exchange, on which the components of the respective Basket Component<sub>i</sub> are traded, as determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) by way of notice pursuant to § 6 of the General Conditions in accordance with such components' liquidity.

In the case of a material change in the market conditions at the respective Relevant Exchange<sub>i</sub>, such as a final discontinuation of the quotation of the respective Basket Component<sub>i</sub> or, respectively its components at the respective Relevant Exchange<sub>i</sub> and the quotation at a different stock exchange or considerably restricted number or liquidity, the Calculation Agent will in its reasonable discretion (§ 315 BGB) by way of notice pursuant to § 6 of the General Conditions determine another stock exchange as the relevant exchange (the "**Substitute Exchange<sub>i</sub>**"). In the event of a substitution, any reference in the Terms and Conditions of these Securities to the respective Relevant Exchange<sub>i</sub> shall be deemed to refer to the respective Substitute Exchange<sub>i</sub>.

"**Security Holder**" means the holder of a Security.

"**Settlement Cycle**" means the period of Clearance System Business Days following a transaction on the Relevant Exchange<sub>i</sub> in the securities that form the basis of the respective Basket Component<sub>i</sub>, during which period settlement will customarily take place according to the rules of such Relevant Exchange<sub>i</sub>.

"**Specified Currency**" means the Specified Currency as specified in § 1 of the Product and Underlying Data.

"**Terms and Conditions**" means the terms and conditions of these Securities as set out in the General Conditions (Part A), the Product and Underlying Data (Part B) and the Special Conditions (Part C).

"**Underlying**" means a Basket consisting of the Basket Components.

"**Website for Notices**" means the Website for Notices as specified in § 1 of the Product and Underlying Data.

"**Website of the Issuer**" means the Website of the Issuer as specified in § 1 of the Product and Underlying Data.

[In the case of Worst-of Bonus Classic Securities with worst-in observation, the following applies:

"**Worst-in Period**" means [Insert relevant day(s)] between the Initial Observation Date (including) and the Last Day of the Worst-in Period (including).]

## § 2

### Interest, Additional Amount

[In the case of Worst-of Bonus Classic Securities without Additional Amount, the following applies:

The Securities do not bear interest or any additional amount.]

[In the case of Worst-of Bonus Classic Securities with Additional Amount, the following applies:

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* The respective Additional Amount (1) will be paid on the respective Additional Amount Payment Date (1) pursuant to the provisions of § 6 of the Special Conditions.]

## § 3

### Redemption

*Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

## § 4

### Redemption Amount

*Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified

Currency calculated or specified by the Calculation Agent as follows:

- If no Barrier Event has occurred the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

However, in this case, the Redemption Amount is not lower than the Bonus Amount.

- If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Bonus Classic Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Bonus Classic Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and

ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (3) *Replacement Basket Component:* In cases of an Index Replacement Event or a License Termi-

nation Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the context requires otherwise.

- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").]

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no

longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### **Relevant Trading Conditions, Adjustments, Replacement Reference Market**

- (1) *Relevant Trading Conditions:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the respective Basket Component<sub>i</sub> taking in consideration
- (a) the method of price determination,
  - (b) the trading conditions (in particular in terms of the quality, the quantity and the currency of trading) and
  - (c) other value determining factors,
- applicable on the respective Reference Market<sub>i</sub> in respect of the respective Basket Component<sub>i</sub> (together the "**Relevant Trading Conditions**"), unless otherwise provided in below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (3) *Replacement Reference Market:* In the event of
- (a) a final discontinuation of the trading in the respective Basket Component<sub>i</sub> at the respective Reference Market<sub>i</sub>,
  - (b) a material change of the market conditions at the respective Reference Market<sub>i</sub> or
  - (c) a material limitation of the liquidity of the Underlying at the respective Reference

Market,

with the trading in the same commodity being continued on another market without restrictions, the Calculation Agent in its reasonable discretion (§ 315 BGB) shall determine that such other market will be used in the future as respective Reference Market<sub>i</sub> (the "**Replacement Reference Market**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in order to account for any difference in the method of price determination and the trading conditions applicable to the respective Basket Component<sub>i</sub> on the respective Replacement Reference Market<sub>i</sub> (in particular in terms of the quality, the quantity and the currency of trading) (together the "**New Relevant Trading Conditions**"), as compared to the original Relevant Trading Conditions. The respective Replacement Reference Market<sub>i</sub> and the performed adjustments and the time that it is first applied will be published in accordance with § 6 of the General Conditions. Commencing with the first application of the respective Replacement Reference Market<sub>i</sub>, any reference to the respective Reference Market<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Reference Market<sub>i</sub>, unless the context requires otherwise.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Bonus Cap Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Bonus Cap Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

[In the case of Worst-of Bonus Cap Securities with cash settlement, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).]

[In the case of Worst-of Bonus Cap Securities with physical delivery, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments or the delivery of the Basket Components under the Securities when due, the amount due or respectively the Reference Price of the Basket Component on the Maturity Date shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the Maturity Date of that payment or the delivery (including) and ends on the effective date of the payment or the delivery (including).
- (5) *Delivery:* The Delivery of the Basket Components and the payment of a Supplemental Cash Amount shall be made within five Banking Days after the Maturity Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Basket Components, shall be borne by the respective Security Holder. Subject to the provisions of these Terms and Conditions, the Basket Components shall be delivered at the Security Holder's own risk. If the Maturity Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Basket Components that were provided to the Issuer prior to such delivery of the Basket Components, even if such notifications or other documents refer to events that occurred after delivery of the Basket Components. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Basket Components. The Issuer shall be entitled to claim in a Basket Component that exist prior to or on the Maturity Date, provided that the day, on which the Basket Components is traded for the first time on the Relevant Exchange, "ex" of such claim, falls on or prior to such Maturity Date.

- (6) *Transaction Disturbance:* If, in the reasonable discretion (§ 315 BGB) of the Calculation Agent, an event outside of the Issuer's control, which results in the Issuer not being able to deliver the Basket Components pursuant to the Terms and Conditions of these Securities (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Basket Components and continues to exist on the Maturity Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Basket Components occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in the reasonable discretion (§ 315 BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) on the basis of the stock exchange or market price of the Basket Components on the Final Observation Date or, should such stock exchange or market prices not be available, the volume weighted average of the stock exchange or market prices in a representative period or, should such volume weighted average not be available, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).]

## § 7

### Market Disruptions

[In the case of non-Quanto Worst-of Bonus Cap Securities and in the case of Quanto Worst-of Bonus Cap Securities with cash settlement, the following applies:

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.]

[In the case of Quanto Worst-of Bonus Cap Securities with physical delivery, the following applies:

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date, as the case may be, shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the respective Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to carry out the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days, the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective FX<sub>i</sub>. The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day] Banking Day, taking into account the economic position of the Security Holders.]

## § 8

### Adjustments, Replacement Specification

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (2) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

[In the case of Quanto Worst-of Bonus Cap Securities with physical delivery, the following applies:

§ 9

**New Fixing Sponsor, Replacement Exchange Rate**

- (1) *New Fixing Sponsor:* In the event that the FX Exchange Rate<sub>i</sub> is no longer determined and published by the Fixing Sponsor, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the determinations and publications by another person, company or institution which shall be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**New Fixing Sponsor**"). In this case each reference to the Fixing Sponsor<sub>i</sub> in the Terms and Conditions of these Securities, depending on the context, shall be deemed to refer to the New Fixing Sponsor. The New Fixing Sponsor and the time of its first application shall be published pursuant to § 6 of the General Conditions.
- (2) *Replacement Exchange Rate:* In the event that FX<sub>i</sub> is no longer determined and published, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of a FX Exchange Rate<sub>i</sub> determined and published on the basis of another method, which will be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**Replacement Exchange Rate**"). In the case of a Replacement Exchange Rate each reference to the respective FX<sub>i</sub>, depending on the context, shall be deemed to refer to the Replacement Exchange Rate. The Replacement Exchange Rate and the time of its first application shall be published pursuant to § 6 of the General Conditions.]]

## § 2

### Interest, Additional Amount

[In the case of Worst-of Bonus Cap Securities without Additional Amount, the following applies:

The Securities do not bear interest or any additional amount.]

[In the case of Worst-of Bonus Cap Securities with Additional Amount, the following applies:

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* The respective Additional Amount (1) will be paid on the respective Additional Amount Payment Date (1) pursuant to the provisions of § 6 of the Special Conditions.]

## § 3

### Redemption

*Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

## § 4

### Redemption Amount

*Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

[In the case of Worst-of Bonus Cap Securities where the Bonus Amount is the same as the Maximum Amount, the following applies:

- If no Barrier Event has occurred the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

However, in this case the Redemption Amount is not greater than the Maximum Amount.]

[In the case of Worst-of Bonus Cap Securities where the Bonus Amount is not the Maximum Amount, the following applies:

- If no Barrier Event has occurred the Redemption Amount is specified according to the following formula:

Redemption Amount = Nominal Amount x  $K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$

However, in this case the Redemption Amount is not lower than the Bonus Amount and not greater than the Maximum Amount.

- If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:

Redemption Amount = Nominal Amount x  $K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$

However, in this case the Redemption Amount is not greater than the Maximum Amount.]

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Bonus Cap Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Bonus Cap Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Con-

ditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Basket Component:* In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the context requires otherwise.
- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").]

[Option 6: In the case of Worst-of Bonus Cap Securities linked to a basket of commodities, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Relevant Trading Conditions, Adjustments, Replacement Reference Market

- (1) *Relevant Trading Conditions:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the respective Basket Component<sub>i</sub> taking in consideration

- (a) the method of price determination,
- (b) the trading conditions (in particular in terms of the quality, the quantity and the currency of trading) and
- (c) other value determining factors,

applicable on the respective Reference Market<sub>i</sub> in respect of the respective Basket Component<sub>i</sub> (together the "**Relevant Trading Conditions**"), unless otherwise provided in below provisions.

- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by

the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Reference Market*: In the event of
- (a) a final discontinuation of the trading in the respective Basket Component<sub>i</sub> at the respective Reference Market<sub>i</sub>,
  - (b) a material change of the market conditions at the respective Reference Market<sub>i</sub> or
  - (c) a material limitation of the liquidity of the Underlying at the respective Reference Market<sub>i</sub>,

with the trading in the same commodity being continued on another market without restrictions, the Calculation Agent in its reasonable discretion (§ 315 BGB) shall determine that such other market will be used in the future as respective Reference Market<sub>i</sub> (the "**Replacement Reference Market**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in order to account for any difference in the method of price determination and the trading conditions applicable to the respective Basket Component<sub>i</sub> on the respective Replacement Reference Market<sub>i</sub> (in particular in terms of the quality, the quantity and the currency of trading) (together the "**New Relevant Trading Conditions**"), as compared to the original Relevant Trading Conditions. The respective Replacement Reference Market<sub>i</sub> and the performed adjustments and the time that it is first applied will be published in accordance with § 6 of the General Conditions. Commencing with the first application of the respective Replacement Reference Market<sub>i</sub>, any reference to the respective Reference Market<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Reference Market<sub>i</sub>, unless the context requires otherwise.

- If no Final Redemption Event has occurred and no Barrier Event, the Redemption Amount corresponds to the Final Redemption Amount.
- If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.]

[In the case of Worst-of Express Classic Securities with physical delivery, the following applies:

- If a Final Redemption Event has occurred and no Barrier Event, the Redemption Amount is equal to the Maximum Amount.
- If no Final Redemption Event has occurred and no Barrier Event or if a Barrier Event has occurred and  $K_{\text{worst}}(\text{final})$  is equal to or greater than  $K_{\text{worst}}(\text{initial})$ , the Redemption Amount is equal to the Final Redemption Amount.]

- (2) *Early Redemption Amount:* The Early Redemption Amount for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

#### § 5

##### **Issuer's Extraordinary Call Right**

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Classic Securities where the Specified Currency is the Euro, the following applies:]

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Classic Securities where the Specified Currency is not Euro, the following applies:]

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

[In the case of Worst-of Express Classic Securities with cash settlement, the following applies:]

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).]

[In the case of Worst-of Express Classic Securities with physical delivery, the following applies:]

- (4) *Interest of default:* If the Issuer fails to make payments or the delivery of the Basket Components under the Securities when due, the amount due or respectively the Reference Price of the Basket Component on the Maturity Date shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the Maturity Date of that payment or the delivery (including) and ends on the effective date of the payment or the delivery (including).
- (5) *Delivery:* The Delivery of the Basket Components and the payment of a Supplemental Cash Amount shall be made within five Banking Days after the Maturity Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Basket Components, shall be borne by the respective Security Holder. Subject to the provisions of these Terms and Conditions, the Basket Components shall be delivered at the Security Holder's own risk. If the Maturity Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Basket Components that were provided to the Issuer prior to such delivery of the Basket Components, even if such notifications or other documents refer to events that occurred after delivery of the Basket Components. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Basket Components. The Issuer shall be entitled to claim in a Basket Component that exist prior to or on the Maturity Date, provided that the day, on which the Basket Components is traded for the first time on the Relevant Exchange, "ex" of such claim, falls on or prior to such Maturity Date.

- (6) *Transaction Disturbance*: If, in the reasonable discretion (§ 315 BGB) of the Calculation Agent, an event outside of the Issuer's control, which results in the Issuer not being able to deliver the Basket Components pursuant to the Terms and Conditions of these Securities (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Basket Components and continues to exist on the Maturity Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Basket Components occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in the reasonable discretion (§ 315 BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) on the basis of the stock exchange or market price of the Basket Components on the Final Observation Date or, should such stock exchange or market prices not be available, the volume weighted average of the stock exchange or market prices in a representative period or, should such volume weighted average not be available, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).]

## § 7

### Market Disruptions

[In the case of non-Quanto Worst-of Express Classic Securities and in the case of Quanto Worst-of Express Classic Securities with cash settlement, the following applies:

- (1) *Postponement*: Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation*: Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.]

[In the case of Quanto Worst-of Express Classic Securities with physical delivery, the following applies:

- (1) *Postponement*: Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date, as the case may be, shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the respective Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to carry out the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days, the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective FX<sub>i</sub>. The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day] Banking Day, taking into account the economic position of the Security Holders.]

## § 8

### Adjustments, Replacement Specification

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (2) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

## § 3

### Redemption, Automatic Early Redemption

*Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Classic Securities without consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Classic Securities with consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred but no Barrier Event, the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respec-

tive Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Barrier Event has occurred, the Securities will not be early redeemed on any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.]

#### § 4

##### **Redemption Amount, Early Redemption Amount**

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:
- If a Final Redemption Event has occurred but no Barrier Event, the Redemption Amount corresponds to the Maximum Amount.
  - If no Final Redemption Event has occurred and no Barrier Event, the Redemption Amount corresponds to the Final Redemption Amount.
  - If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:  
$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.
- (2) *Early Redemption Amount:* The Early Redemption Amount for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

#### § 5

##### **Issuer's Extraordinary Call Right**

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

#### § 6

##### **Payments**

[In the case of Worst-of Express Classic Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Classic Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded up-

wards.]

- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.<sup>(4)</sup> *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its

reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Basket Component*: In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the context requires otherwise.
- (4) *New Index Sponsor and New Index Calculation Agent*: If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification*: If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").]

- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.]

[In the case of Worst-of Express Plus Securities with physical delivery, the following applies:

- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred and  $K_{\text{worst}}(\text{final})$  is equal to or greater than  $K_{\text{worst}}(\text{initial})$ , the Redemption Amount corresponds to the Nominal Amount.

]

- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Plus Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Plus Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

[In the case of Worst-of Express Plus Securities with cash settlement, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).]

[In the case of Worst-of Express Plus Securities with physical delivery, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments or the delivery of the Basket Components under the Securities when due, the amount due or respectively the Reference Price of the Basket Component on the Maturity Date shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the Maturity Date of that payment or the delivery (including) and ends on the effective date of the payment or the delivery (including).
- (5) *Delivery:* The Delivery of the Basket Components and the payment of a Supplemental Cash

Amount shall be made within five Banking Days after the Maturity Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Basket Components, shall be borne by the respective Security Holder. Subject to the provisions of these Terms and Conditions, the Basket Components shall be delivered at the Security Holder's own risk. If the Maturity Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Basket Components that were provided to the Issuer prior to such delivery of the Basket Components, even if such notifications or other documents refer to events that occurred after delivery of the Basket Components. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Basket Components. The Issuer shall be entitled to claim in a Basket Component that exist prior to or on the Maturity Date, provided that the day, on which the Basket Components is traded for the first time on the Relevant Exchange; "ex" of such claim, falls on or prior to such Maturity Date.

- (6) *Transaction Disturbance:* If, in the reasonable discretion (§ 315 BGB) of the Calculation Agent, an event outside of the Issuer's control, which results in the Issuer not being able to deliver the Basket Components pursuant to the Terms and Conditions of these Securities (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Basket Components and continues to exist on the Maturity Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Basket Components occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in the reasonable discretion (§ 315 BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) on the basis of the stock exchange or market price of the Basket Components on the Final Observation Date or, should such stock exchange or market prices not be available, the volume weighted average of the stock exchange or market prices in a representative period or, should such volume weighted average not be available, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).]

## § 7

### Market Disruptions

[In the case of non-Quanto Worst-of Express Plus Securities and in the case of Quanto Worst-of Express Plus Securities with cash settlement, the following applies:

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking

into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.]

[In the case of Quanto Worst-of Express Plus Securities with physical delivery, the following applies:

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date, as the case may be, shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the respective Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to carry out the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days, the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective FX<sub>i</sub>. The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*] Banking Day, taking into account the economic position of the Security Holders.]

## § 8

### **Adjustments, Replacement Specification**

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines

that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (2) *Replacement Specification*: If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

[In the case of Quanto Worst-of Express Plus Securities with physical delivery, the following applies:

## § 9

### New Fixing Sponsor, Replacement Exchange Rate

- (1) *New Fixing Sponsor*: In the event that the FX Exchange Rate<sub>i</sub> is no longer determined and published by the Fixing Sponsor, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the determinations and publications by another person, company or institution which shall be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**New Fixing Sponsor**"). In this case each reference to the Fixing Sponsor<sub>i</sub> in the Terms and Conditions of these Securities, depending on the context, shall be deemed to refer to the New Fixing Sponsor. The New Fixing Sponsor and the time of its first application shall be published pursuant to § 6 of the General Conditions.
- (2) *Replacement Exchange Rate*: In the event that FX<sub>i</sub> is no longer determined and published, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of a FX Exchange Rate<sub>i</sub> determined and published on the basis of another method, which will be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**Replacement Exchange Rate**"). In the case of a Replacement Exchange Rate each reference to the respective FX<sub>i</sub>, depending on the context, shall be deemed to refer to the Replacement Exchange Rate. The Replacement Exchange Rate and the time of its first application shall be published pursuant to § 6 of the General Conditions.]]

### Interest, Additional Amount

[In the case of Worst-of Express Plus Securities without Additional Amount, the following applies:

The Securities do not bear interest or any additional amount.]

[In the case of Worst-of Express Plus Securities with Additional Amount, the following applies:

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* The respective Additional Amount (l) will be paid on the respective Additional Amount Payment Date (l) pursuant to the provisions of § 6 of the Special Conditions.]

## § 3

### Redemption, Automatic Early Redemption

*Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Plus Securities without consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Plus Securities with consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred but no Barrier Event, the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Barrier Event has occurred, the Securities will not be early redeemed on any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.]

## § 4

### Redemption Amount, Early Redemption Amount

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.

- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Plus Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Plus Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### **Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification**

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (3) *Replacement Basket Component:* In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be

published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the context requires otherwise.

- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").]

- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Relevant Trading Conditions, Adjustments, Replacement Reference Market

- (1) *Relevant Trading Conditions:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the respective Basket Component<sub>i</sub> taking in consideration

- (a) the method of price determination,
- (b) the trading conditions (in particular in terms of the quality, the quantity and the currency of trading) and
- (c) other value determining factors,

applicable on the respective Reference Market<sub>i</sub> in respect of the respective Basket Component<sub>i</sub> (together the "**Relevant Trading Conditions**"), unless otherwise provided in below provisions.

- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Reference Market:* In the event of

- (a) a final discontinuation of the trading in the respective Basket Component<sub>i</sub> at the respective Reference Market<sub>i</sub>,
- (b) a material change of the market conditions at the respective Reference Market<sub>i</sub> or
- (c) a material limitation of the liquidity of the Underlying at the respective Reference Market<sub>i</sub>,

with the trading in the same commodity being continued on another market without restrictions, the Calculation Agent in its reasonable discretion (§ 315 BGB) shall determine that such other market will be used in the future as respective Reference Market<sub>i</sub> (the "**Replace-**

**ment Reference Market").** If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in order to account for any difference in the method of price determination and the trading conditions applicable to the respective Basket Component<sub>i</sub> on the respective Replacement Reference Market<sub>i</sub> (in particular in terms of the quality, the quantity and the currency of trading) (together the "**New Relevant Trading Conditions**"), as compared to the original Relevant Trading Conditions. The respective Replacement Reference Market<sub>i</sub> and the performed adjustments and the time that it is first applied will be published in accordance with § 6 of the General Conditions. Commencing with the first application of the respective Replacement Reference Market<sub>i</sub>, any reference to the respective Reference Market<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Reference Market<sub>i</sub>, unless the context requires otherwise.

**"Worst-in Period"** means [Insert relevant day(s)] between the Initial Observation Date (including) and the Last Day of the Worst-in Period (including).]

## § 2

### Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.

[In the case of Express Securities with Additional Amount (Memory), the following applies:]

- (2) *Additional Amount:* If an Additional Amount Payment Event has occurred on the First Observation Date, the respective First Additional Amount will be paid on the First Additional Amount Payment Date pursuant to the provisions of § 6 of the Special Conditions.

If no Additional Amount Payment Event has occurred on this Observation Date, the First Additional Amount will not be paid.

If an Additional Amount Payment Event has occurred on an Observation Date (k), the respective Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions less all Additional Amounts paid on the preceding Additional Amount Payment Dates.

If no Additional Amount Payment Event has occurred on the respective Observation Date (k), no Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k)].

[In the case of Express Securities with Additional Amount (Relax), the following applies:]

- (2) *Additional Amount:* If an Additional Amount Payment Event has occurred on an Observation Date (k), the respective Additional Amount (k) will be paid on the respective Additional

Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If no Additional Amount Payment Event has occurred on an Observation Date (k), no Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k)].

### § 3

#### Redemption, Automatic Early Redemption

[In the case of Worst-of Express Securities with Additional Amount with cash settlement, the following applies:

(1) *Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of non-Quanto Worst-of Express Securities with Additional Amount with physical delivery, the following applies:

(1) *Redemption:* The Securities shall be redeemed either

- (i) if no Barrier Event has occurred or if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial) by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial) by delivery of the Basket Component with the Worst Performance in a quantity expressed by the respective  $\text{Ratio}_i$  per Security. If the  $\text{Ratio}_i$  leads to a non-deliverable fraction of the Basket Component with the Worst Performance, a cash amount will be paid in the amount of the value of the non-deliverable fraction of the Basket Component with the Worst Performance (the "**Supplemental Cash Amount**") which is calculated from the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date multiplied by the non-deliverable fraction of the Basket Component with the Worst Performance.]

[In the case of Quanto Worst-of Express Securities<sup>10</sup> with Additional Amount with physical delivery, the following applies:

(1) *Redemption:* The Securities shall be redeemed either

- (i) if no Barrier Event has occurred or if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial) by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial) by delivery of the Basket Component with the Worst Performance in a quantity expressed by the  $\text{Ratio}_i$  multiplied by  $\text{FX}_{\text{worst}}$  (final) per Security. If the  $\text{Ratio}_i$  multiplied with  $\text{FX}_{\text{worst}}$  (final) leads to a non-deliverable fraction of the Basket Component with the Worst Performance, a cash amount will be paid in the amount of the value of the non-deliverable fraction of the Basket Component with the Worst Performance (the "**Supplemental Cash Amount**") which is calculated from the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date multiplied with the non-deliverable fraction of the Basket Component with the Worst Performance and divided by  $\text{FX}_{\text{worst}}$  (final).]

[In the case of Quanto Worst-of Express Securities<sup>11</sup> with Additional Amount with physical delivery, the following applies:

*Redemption:* The Securities shall be redeemed either

---

<sup>10</sup> If the base currency of the FX Exchange Rate displayed on the FX Screen Page is the same as the Specified Currency.

<sup>11</sup> If the base currency of the FX Exchange Rate displayed on the FX Screen Page is not the same as the Specified Currency.

- (i) if no Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial) by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is lower than  $K_{\text{worst}}$  (initial) by delivery of the Basket Component with the Worst Performance in a quantity expressed by the  $\text{Ratio}_i$  divided by  $\text{FX}_{\text{worst}}$  (final) per Security. If the  $\text{Ratio}_i$  divided by  $\text{FX}_{\text{worst}}$  (final) leads to a non-deliverable fraction of the Basket Component with the Worst Performance, a cash amount will be paid in the amount of the value of the non-deliverable fraction of the Basket Component with the Worst Performance (the "**Supplemental Cash Amount**") which is calculated from the Reference Price of the Basket Component with the Worst Performance on the Final Observation Date multiplied by the non-deliverable fraction of the Basket Component with the Worst Performance and multiplied by  $\text{FX}_{\text{worst}}$  (final).]

[In the case of Worst-of Express Securities with Additional Amount without consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Securities with Additional Amount with consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred but no Barrier Event, the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Barrier Event has occurred, the Securities will not be early redeemed on any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.]

## § 4

### Redemption Amount, Early Redemption Amount

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

[In the case of Worst-of Express Securities with Additional Amount with cash settlement, the following applies:

- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.]

[In the case of Worst-of Express Securities with Additional Amount with physical delivery, the following applies:

- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred and  $K_{\text{worst}}$  (final) is equal to or greater than  $K_{\text{worst}}$  (initial), the Redemption Amount corresponds to the Nominal Amount.

- ]
- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k) " in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

[In the case of Worst-of Express Securities with Additional Amount with cash settlement, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).]

[In the case of Worst-of Express Securities with Additional Amount with physical delivery, the following applies:

- (4) *Interest of default:* If the Issuer fails to make payments or the delivery of the Basket Components under the Securities when due, the amount due or respectively the Reference Price of the Basket Component on the Maturity Date shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the Maturity Date of that payment or the delivery (including) and ends on the effective date of the payment or the delivery (including).
- (5) *Delivery:* The Delivery of the Basket Components and the payment of a Supplemental Cash Amount shall be made within five Banking Days after the Maturity Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Basket Components, shall be borne by the respective Security Holder. Subject to the provisions of these Terms and Conditions, the Basket Components shall be delivered at the Security Holder's own risk. If the Maturity Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Basket Components that were provided to the Issuer prior to such delivery of the Basket Components, even if such notifications or other documents refer to events that occurred after delivery of the Basket Components. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Basket Components. The Issuer shall be entitled to claim in a Basket Component that exist prior to or on the Maturity Date, provided that the day, on which the Basket Components is traded for the first time on the Relevant Exchange, "ex" of such claim, falls on or prior to such Maturity Date.
- (6) *Transaction Disturbance:* If, in the reasonable discretion (§ 315 BGB) of the Calculation Agent, an event outside of the Issuer's control, which results in the Issuer not being able to deliver the Basket Components pursuant to the Terms and Conditions of these Securities (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Basket Components and continues to exist on the Maturity Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Basket Components occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in the reasonable discretion (§ 315 BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) on the basis of the stock exchange or market price of the Basket Components on the Final Observation Date or, should such stock exchange or market prices not be available, the volume weighted average of the stock exchange or market prices in a representative period or, should such volume weighted average not be available, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).]

## § 7

### Market Disruptions

[In the case of non-Quanto Worst-of Express Securities with Additional Amount and in the case of Quanto Worst-of Express Securities with Additional Amount with cash settlement, the following applies:]

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.]

[In the case of Quanto Worst-of Express Securities with Additional Amount with physical delivery, the following applies:]

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date, as the case may be, shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the respective Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to carry out the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days, the Calculation Agent shall determine in its reasonable dis-

cretion (§ 315 BGB) the respective  $FX_i$ . The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*] Banking Day, taking into account the economic position of the Security Holders.]

## § 8

### Adjustments, Replacement Specification

- (1) *Adjustments*: Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (2) *Replacement Specification*: If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

[In the case of Quanto Worst-of Express Securities with Additional Amount with physical delivery, the following applies:

## § 9

### New Fixing Sponsor, Replacement Exchange Rate

- (1) *New Fixing Sponsor*: In the event that the FX Exchange Rate<sub>i</sub> is no longer determined and published by the Fixing Sponsor, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the determinations and publications by another person, company or institution which shall be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**New Fixing Sponsor**"). In this case each reference to the Fixing Sponsor<sub>i</sub> in the Terms and Conditions of these Securities, depending on the context, shall be deemed to refer to the New Fixing Sponsor. The New Fixing Sponsor and the time of its first application shall be published pursuant to § 6 of the General Conditions.
- (2) *Replacement Exchange Rate*: In the event that  $FX_i$  is no longer determined and published, the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of a FX Exchange Rate<sub>i</sub> determined and published on the basis of another method, which will be determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) (the "**Replacement Exchange Rate**"). In the case of a Replacement Exchange Rate each reference to the respective  $FX_i$ , depending on the context, shall be deemed to refer to the Replacement Exchange Rate. The Replacement Exchange Rate and the time of its first application shall be published pursuant to § 6 of the General Conditions.]]

## § 2

### Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.

[In the case of Express Securities with Additional Amount (Memory), the following applies:

- (2) *Additional Amount:* If an Additional Amount Payment Event has occurred on the First Observation Date, the respective First Additional Amount will be paid on the First Additional Amount Payment Date pursuant to the provisions of § 6 of the Special Conditions.

If no Additional Amount Payment Event has occurred on this Observation Date, the First Ad-

ditional Amount will not be paid.

If an Additional Amount Payment Event has occurred on an Observation Date (k), the respective Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions less all Additional Amounts paid on the preceding Additional Amount Payment Dates.

If no Additional Amount Payment Event has occurred on the respective Observation Date (k), no Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k)].

[In the case of Express Securities with Additional Amount (Relax), the following applies:

(2) *Additional Amount:* If an Additional Amount Payment Event has occurred on an Observation Date (k), the respective Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If no Additional Amount Payment Event has occurred on an Observation Date (k), no Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k)].

### § 3

#### **Redemption, Automatic Early Redemption**

*Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Securities with Additional Amount without consideration of a Barrier Event, the following applies:

(2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Securities with Additional Amount with consideration of a Barrier Event, the following applies:

(2) *Automatic Early Redemption:* If an Early Redemption Event has occurred but no Barrier Event, the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Barrier Event has occurred, the Securities will not be early redeemed on any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.]

### § 4

#### **Redemption Amount, Early Redemption Amount**

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows: If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

However, in this case the Redemption Amount is not greater than the Nominal Amount.]

- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### **Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification**

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (3) *Replacement Basket Component:* In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices

es of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the context requires otherwise.

- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").]

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$$
  
However, in this case the Redemption Amount is not greater than the Nominal Amount.]
- (2) *Early Redemption Amount:* The Early Redemption Amount (k) for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k)" in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Securities with Additional Amount where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The

payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Relevant Trading Conditions, Adjustments, Replacement Reference Market

- (1) *Relevant Trading Conditions:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the respective Basket Component<sub>i</sub> taking in consideration

- (a) the method of price determination,
- (b) the trading conditions (in particular in terms of the quality, the quantity and the currency of trading) and
- (c) other value determining factors,

applicable on the respective Reference Market<sub>i</sub> in respect of the respective Basket Component<sub>i</sub> (together the "**Relevant Trading Conditions**"), unless otherwise provided in below provisions.

- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a

way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Reference Market*: In the event of
- (a) a final discontinuation of the trading in the respective Basket Component<sub>i</sub> at the respective Reference Market<sub>i</sub>,
  - (b) a material change of the market conditions at the respective Reference Market<sub>i</sub> or
  - (c) a material limitation of the liquidity of the Underlying at the respective Reference Market<sub>i</sub>,

with the trading in the same commodity being continued on another market without restrictions, the Calculation Agent in its reasonable discretion (§ 315 BGB) shall determine that such other market will be used in the future as respective Reference Market<sub>i</sub> (the "**Replacement Reference Market**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in order to account for any difference in the method of price determination and the trading conditions applicable to the respective Basket Component<sub>i</sub> on the respective Replacement Reference Market<sub>i</sub> (in particular in terms of the quality, the quantity and the currency of trading) (together the "**New Relevant Trading Conditions**"), as compared to the original Relevant Trading Conditions. The respective Replacement Reference Market<sub>i</sub> and the performed adjustments and the time that it is first applied will be published in accordance with § 6 of the General Conditions. Commencing with the first application of the respective Replacement Reference Market<sub>i</sub>, any reference to the respective Reference Market<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Reference Market<sub>i</sub>, unless the context requires otherwise.

"**Worst-in Period**" means [Insert relevant day(s)] between the Initial Observation Date (including) and the Last Day of the Worst-in Period (including).]

## § 2

### Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* If no Coupon Barrier Event has occurred during the Barrier Observation Period (k) and all previous Barrier Observation Periods (k), the Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred during a Barrier Observation Period (k), the Additional Amount (k) will not be paid on the respective Additional Amount Payment Date (k). Furthermore, no Additional Amount (k) will be paid on any following Additional Amount Payment Date (k), even if no Coupon Barrier Event has occurred during the respective following Barrier Observation Period (k).

## § 3

### Redemption, Automatic Early Redemption

- (1) *Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Cash Collect Securities without consideration of a Coupon Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Cash Collect Securities with consideration of a Coupon Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If (1) an Early Redemption Event has occurred and (2) no Coupon Barrier Event has occurred until the Observation Date (k), the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred until the Observation Date (k), the Securities will not be automatically early redeemed in relation to any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of §§ 3 and 4 of the Special Conditions.]

#### § 4

##### **Redemption Amount, Early Redemption Amount**

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:
- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
  - If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:  
$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}}(\text{final}) / K_{\text{worst}}(\text{initial})$$
- (2) *Early Redemption Amount:* The Early Redemption Amount for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k) " in Table 1.4 in § 1 of the Product and Underlying Data.

#### § 5

##### **Issuer's Extraordinary Call Right**

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Adjustments, Replacement Specification

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (2) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Relevant Exchange<sub>i</sub> pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Relevant Exchange<sub>i</sub> after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

### Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* If no Coupon Barrier Event has occurred during the Barrier Observation Period (k) and all previous Barrier Observation Periods (k), the Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred during a Barrier Observation Period (k), the Additional Amount (k) will not be paid on the respective Additional Amount Payment Date (k).

Furthermore, no Additional Amount (k) will be paid on any following Additional Amount Payment Date (k), even if no Coupon Barrier Event has occurred during the respective following Barrier Observation Period (k).

### § 3

#### **Redemption, Automatic Early Redemption**

- (1) *Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Cash Collect Securities without consideration of a Coupon Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Cash Collect Securities with consideration of a Coupon Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If (1) an Early Redemption Event has occurred and (2) no Coupon Barrier Event has occurred until the Observation Date (k), the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred until the Observation Date (k), the Securities will not be automatically early redeemed in relation to any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of §§ 3 and 4 of the Special Conditions.]

### § 4

#### **Redemption Amount, Early Redemption Amount**

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

- If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
- If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

- (2) *Early Redemption Amount:* The Early Redemption Amount for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k) " in Table 1.4 in § 1 of the Product and Underlying Data.

### § 5

#### **Issuer's Extraordinary Call Right**

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective

at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [Insert Number of Banking Days] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions

of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [Insert time and Financial Centre] on this [Insert number of following Banking Day], taking into account the economic position of the Security Holders.

If within these [Insert Number of Banking Days] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### **Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification**

- (1) *Index Concept*: The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with its provisions currently applicable, as developed and maintained by the Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments*: Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (3) *Replacement Basket Component*: In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The respective Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the respective Replacement Basket Component on, any reference to the Basket Component<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Basket Component, unless the

context requires otherwise.

- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the New Index Sponsor. In this case, any reference to the Index Sponsor<sub>i</sub> shall be deemed as referring to the New Index Sponsor<sub>i</sub>, depending on the context. If the respective Basket Component<sub>i</sub> is no longer calculated by the Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent<sub>i</sub>**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the New Index Calculation Agent<sub>i</sub>. In this case, any reference to the Index Calculation Agent<sub>i</sub> shall be deemed as referring to the New Index Calculation Agent<sub>i</sub>, unless the context requires otherwise.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").

"**N**" means the number of Basket Components as specified in § 1 of the Product and Underlying Data.

"**Nominal Amount**" means the Nominal Amount as specified in § 1 of the Product and Underlying Data.

"**Observation Date**" means each of the following Observation Dates:

[In the case of Worst-of Express Cash Collect Securities with initial Reference Price observation and postponement of the Observation Date of all Basket Components, the following applies:]

"**Initial Observation Date**" means the Initial Observation Date as specified in the column "Initial Observation Date" in Table 1.3 in § 1 of the Product and Underlying Data. If the Initial Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Initial Observation Date for all Basket Components.]

[In the case of Worst-of Express Cash Collect Securities with initial Reference Price ob-

servation and postponement of the Observation Date of the affected Basket Components, the following applies:

**"Initial Observation Date"** means the Initial Observation Date as specified in the column "Initial Observation Date" in Table 1.3 in § 1 of the Product and Underlying Data. If the Initial Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Initial Observation Date for the affected Basket Component.]

[In the case of Worst-of Express Cash Collect Securities with initial average observation and postponement of the Observation Date of all Basket Components, the following applies:

**"Initial Observation Date"** means each of the Initial Observation Dates as specified in the column "Initial Observation Dates" in Table 1.3 in § 1 of the Product and Underlying Data. If an Initial Observation Date is not a Calculation Date for one or more Basket Components the immediately following Banking Day which is a Calculation Date shall be the respective Initial Observation Date for all Basket Components.]

[In the case of Worst-of Express Cash Collect Securities with initial average observation and postponement of the Observation Date of the affected Basket Components, the following applies:

**"Initial Observation Date"** means each of the Initial Observation Dates as specified in the column "Initial Observation Dates" in Table 1.3 in § 1 of the Product and Underlying Data. If an Initial Observation Date is not a Calculation Date for one or more Basket Components the immediately following Banking Day which is a Calculation Date shall be the respective Initial Observation Date for the affected Basket Component.]

[In the case of Worst-of Express Cash Collect Securities with date-related Barrier observation and postponement of the Observation Date of all Basket Components, the following applies:

**"Barrier Observation Date"** means each of the Barrier Observation Dates as specified in the column "Barrier Observation Dates" in Table 1.3 in § 1 of the Product and Underlying Data. If a Barrier Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the respective Barrier Observation Date for all Basket Components.]

[In the case of Worst-of Express Cash Collect Securities with Additional Amount with date-related Barrier observation and postponement of the Observation Date of the affected Basket Components, the following applies:

**"Barrier Observation Date"** means each of the Barrier Observation Dates as specified in the column "Barrier Observation Dates" in Table 1.3 in § 1 of the Product and Underlying Data. If a Barrier Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the respective Barrier Observation Date for the affected Basket Component.]

[In the case of Worst-of Express Cash Collect Securities with date-related Coupon Barrier observation and postponement of the Coupon Barrier Observation Date of all Basket Components, the following applies:

**"Coupon Barrier Observation Date"** means each of the Coupon Barrier Observation Dates as specified in the column "Coupon Barrier Observation Dates" in Table 1.5 in § 1 of the Product and Underlying Data. If a Coupon Barrier Observation Date is not a Calculation Date for one or more Basket Components, the immediately following

Banking Day, which is a Calculation Date shall be the respective Coupon Barrier Observation Date for all Basket Components.]

[In the case of Worst-of Express Cash Collect Securities with Additional Amount with date-related Barrier observation and postponement of the Coupon Barrier Observation Date of the affected Basket Components, the following applies:

"**Coupon Barrier Observation Date**" means each of the Coupon Barrier Observation Dates as specified in the column "Coupon Barrier Observation Dates" in Table 1.5 in § 1 of the Product and Underlying Data. If a Coupon Barrier Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the respective Coupon Barrier Observation Date for the affected Basket Component<sub>i</sub>.]

[In the case of Worst-of Express Cash Collect Securities with final Reference Price observation and postponement of the Observation Date of all Basket Components, the following applies:

"**Final Observation Date**" means the Final Observation Date as specified in the column "Final Observation Date" in Table 1.3 in § 1 of the Product and Underlying Data. If the Final Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Final Observation Date for all Basket Components. The Maturity Date shall be postponed accordingly. No interest shall become due because of such postponement.]

[In the case of Worst-of Express Cash Collect Securities with final Reference Price observation and postponement of the Observation Date of the affected Basket Components, the following applies:

"**Final Observation Date**" means the Final Observation Date as specified in the column "Final Observation Date" in Table 1.3 in § 1 of the Product and Underlying Data. If the Final Observation Date is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Final Observation Date for the affected Basket Component<sub>i</sub>. The Maturity Date shall be postponed accordingly. No interest shall become due because of such postponement.]

[In the case of Worst-of Express Cash Collect Securities with final average observation, the following applies:

"**Final Observation Date**" means each of the Final Observation Dates as specified in the column "Final Observation Dates" in Table 1.3 in § 1 of the Product and Underlying Data. If a Final Observation Date is not a Calculation Date for one or more Basket Components the immediately following Banking Day which is a Calculation Date shall be the respective Final Observation Date for all Basket Components. If the last Final Observation Date is not a Calculation Date, the Maturity Date shall be postponed accordingly. No interest shall become due because of such postponement.]

[In the case of Worst-of Express Cash Collect Securities with postponement of the Observation Date of all Basket Components, the following applies:

"**Observation Date (k)**" means the Observation Date (k) as specified in the column "Observation Date (k)" in Table 1.4 in § 1 of the Product and Underlying Data. If the Observation Date (k) is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Observation Date (k) for all Basket Components. The respective Early Maturity Date (k) shall be postponed accordingly. No interest shall become due because of such postponement.]

[In the case of Worst-of Express Cash Collect Securities with postponement of the Obser-

vation Date of the affected Basket Components, the following applies:

"**Observation Date (k)**" means the Observation Date (k) as specified in the column "Observation Date (k)" in Table 1.4 in § 1 of the Product and Underlying Data. If the Observation Date (k) is not a Calculation Date for one or more Basket Components, the immediately following Banking Day, which is a Calculation Date shall be the Observation Date (k) for the affected Basket Component<sub>i</sub>. The respective Early Maturity Date (k) shall be postponed accordingly. No interest shall become due because of such postponement.]

"**Principal Paying Agent**" means the Principal Paying Agent as specified in § 2 (1) of the General Conditions.

[In the case of Worst-of Express Cash Collect Securities that are expected to be listed on the Italian Stock Exchange (Borsa Italiana), the following applies:

"**Record Date**" means the Record Date as specified in the column "Record Date" in Table 1.5 in § 1 of the Product and Underlying Data.]

"**Redemption Amount**" means the Redemption Amount as calculated or, respectively, specified by the Calculation Agent pursuant to § 4 of the Special Conditions.

"**Reference Market<sub>i</sub>**" means the respective Reference Market<sub>i</sub> as specified in the column "Reference Market<sub>i</sub>" in Table 2.1 in § 2 of the Product and Underlying Data.

[In the case of Worst-of Express Cash Collect Securities with worst-in observation, the following applies:

"**Worst-in Period**" means [Insert relevant day(s)] between the Initial Observation Date (including) and the Last Day of the Worst-in Period (including).]

## § 2

### Interest, Additional Amount

- (1) *Interest:* The Securities do not bear interest.
- (2) *Additional Amount:* If no Coupon Barrier Event has occurred during the Barrier Observation Period (k) and all previous Barrier Observation Periods (k), the Additional Amount (k) will be paid on the respective Additional Amount Payment Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred during a Barrier Observation Period (k), the Additional Amount (k) will not be paid on the respective Additional Amount Payment Date (k). Furthermore, no Additional Amount (k) will be paid on any following Additional Amount Payment Date (k), even if no Coupon Barrier Event has occurred during the respective following Barrier Observation Period (k).

## § 3

### Redemption, Automatic Early Redemption

- (1) *Redemption:* The Securities shall be redeemed by payment of the Redemption Amount on the Maturity Date pursuant to the provisions of § 6 of the Special Conditions.

[In the case of Worst-of Express Cash Collect Securities without consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If an Early Redemption Event has occurred the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.]

[In the case of Worst-of Express Cash Collect Securities with consideration of a Barrier Event, the following applies:

- (2) *Automatic Early Redemption:* If (1) an Early Redemption Event has occurred and (2) no Coupon Barrier Event has occurred until the Observation Date (k), the Securities will be automatically early redeemed on the immediately following Early Maturity Date (k) by payment of the respective Early Redemption Amount (k) on the respective Early Maturity Date (k) pursuant to the provisions of § 6 of the Special Conditions.

If a Coupon Barrier Event has occurred until the Observation Date (k), the Securities will not be automatically early redeemed in relation to any following Observation Date (k). In this case the Securities will be redeemed on the Maturity Date pursuant to the provisions of §§ 3 and 4 of the Special Conditions.]

## § 4

### Redemption Amount, Early Redemption Amount

- (1) *Redemption Amount:* The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:
  - If no Barrier Event has occurred, the Redemption Amount corresponds to the Maximum Amount.
  - If a Barrier Event has occurred, the Redemption Amount is specified according to the following formula:

$$\text{Redemption Amount} = \text{Nominal Amount} \times K_{\text{worst}} (\text{final}) / K_{\text{worst}} (\text{initial})$$

- (2) *Early Redemption Amount:* The Early Redemption Amount for an Early Maturity Date (k) is specified in the column "Early Redemption Amount (k) " in Table 1.4 in § 1 of the Product and Underlying Data.

## § 5

### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be the reasonable market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 BGB) within ten Banking Days before the extraordinary call becomes effective.

The Cancellation Amount will be paid five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is the Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.]

[In the case of Worst-of Express Cash Collect Securities where the Specified Currency is not Euro, the following applies:

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.]
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than [*Insert Number of Banking Days*] consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at [*Insert time and Financial Centre*] on this [*Insert number of following Banking Day*], taking into account the economic position of the Security Holders.

If within these [*Insert Number of Banking Days*] Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Relevant Trading Conditions, Adjustments, Replacement Reference Market

- (1) *Relevant Trading Conditions:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the respective Basket Component<sub>i</sub> taking in consideration

- (a) the method of price determination,
- (b) the trading conditions (in particular in terms of the quality, the quantity and the currency of trading) and
- (c) other value determining factors,

applicable on the respective Reference Market<sub>i</sub> in respect of the respective Basket Component<sub>i</sub> (together the "**Relevant Trading Conditions**"), unless otherwise provided in below provisions.

- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the respective Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to the rules of the respective Determining Futures Exchange<sub>i</sub>, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be

notified pursuant to § 6 of the General Conditions.

- (3) *Replacement Reference Market*: In the event of
- (a) a final discontinuation of the trading in the respective Basket Component<sub>i</sub> at the respective Reference Market<sub>i</sub>,
  - (b) a material change of the market conditions at the respective Reference Market<sub>i</sub>; or
  - (c) a material limitation of the liquidity of the Underlying at the respective Reference Market<sub>i</sub>,

with the trading in the same commodity being continued on another market without restrictions, the Calculation Agent in its reasonable discretion (§ 315 BGB) shall determine that such other market will be used in the future as respective Reference Market<sub>i</sub> (the "**Replacement Reference Market**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the respective Basket Component<sub>i</sub>, the Ratio and/or all prices of the respective Basket Component<sub>i</sub>, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in order to account for any difference in the method of price determination and the trading conditions applicable to the respective Basket Component<sub>i</sub> on the respective Replacement Reference Market<sub>i</sub> (in particular in terms of the quality, the quantity and the currency of trading) (together the "**New Relevant Trading Conditions**"), as compared to the original Relevant Trading Conditions. The respective Replacement Reference Market<sub>i</sub> and the performed adjustments and the time that it is first applied will be published in accordance with § 6 of the General Conditions. Commencing with the first application of the respective Replacement Reference Market<sub>i</sub>, any reference to the respective Reference Market<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective Replacement Reference Market<sub>i</sub>, unless the context requires otherwise.

**DESCRIPTION OF INDICES WHICH ARE COMPOSED BY THE ISSUER OR ANY LEGAL ENTITY BELONGING TO THE SAME GROUP**

**Cross Commodity Long/Short Index (ISIN DE000A0YK2A9)**

**1. General Description**

The Cross Commodity Index (the "**Index**") reflects the performance of an algorithmic trading strategy. This trading strategy is based on the principle of taking long and short positions in single commodity indices (the "**Single Commodity Indices**" / "**SCIs**" and each an "**SCI**"). The Single Commodity Indices are a subset of the Dow Jones-UBS Commodity Index<sup>SM</sup> Family. The constituents are determined according to the expected roll yield of the SCIs. The Index is re-weighted on a monthly basis.

The Index will be calculated on every Dow Jones-UBS Commodity Index<sup>SM</sup> calculation day (the "**Trading Day**") by UniCredit Bank AG, Munich or its legal successor (the "**Index Calculation Agent**") in USD and is based on the latest available index levels of the SCIs. The Index can be retrieved via the financial information service supplied by REUTERS (RIC .CCLS).

The initial value of the Index as of 12/31/2008 is 1,000.

**2. Calculation of the Index**

The closing price of the Index is determined by the following formula:

$$I(t) = I(T_{last}) \cdot [1 + \text{LongReturn}(T_{last}, t) - \text{ShortReturn}(T_{last}, t)]$$

$$\text{LongReturn}(T_{last}, t) = \frac{1}{2 \cdot \sum_{i=1}^n x_i^L(T_{last})} \left[ \sum_{i=1}^n x_i^L(T_{last}) \cdot \left( \frac{SCI^i(t)}{SCI^i(T_{last})} - 1 \right) \right]$$

$$\text{ShortReturn}(T_{last}, t) = \frac{1}{2 \cdot \sum_{i=1}^n x_i^S(T_{last})} \left[ \sum_{i=1}^n x_i^S(T_{last}) \cdot \left( \frac{SCI^i(t)}{SCI^i(T_{last})} - 1 \right) \right]$$

where

- $I(t)$  denotes the value of the Index at time  $t$ ,
- $SCI^i(t)$  denotes the value of the  $i$ -th Single Commodity Index at time  $t$ ,
- $x_i^L(t)$  is the value of the Investment Flag for Long Positions of the  $i$ -th SCI at time  $t$ ,
- $x_i^S(t)$  is the value of the Investment Flag for Short Positions of the  $i$ -th SCI at time  $t$ ,
- $T_{last}$  is the last Adjustment Day, and
- $n$  is the number of SCIs in the Index Universe.

**3. Calculation of the Investment Flag**

On each Selection Day (defined in Section 6), the Investment Flag for the  $i$ -th SCI at time " $t$ " is determined by the Ranking Methodology (as described in Section 4). The main purpose of the Investment Flag is to indicate whether the  $i$ -th SCI is currently part of the Index or not.

$$x_i^L(t) = \begin{cases} 1, & \text{if Rank}^L(i) \in \{1, \dots, 5\} \\ 0 & \text{otherwise} \end{cases}$$

where  $\text{Rank}^L(i)$  is the Long Rank of the  $i$ -th SCI (as defined in Section 4) and

$$x_i^s(1) = \begin{cases} 1, & \text{if Rank}^s(i) \in \{1, \dots, 5\} \\ 0 & \text{otherwise} \end{cases}$$

where  $\text{Rank}^s(i)$  is the Short Rank of the i-th SCI (as defined in Section 4).

The new Index composition will be applied immediately after the closing of all Relevant Exchanges (as defined in Section 5) on the associated Adjustment Day.

#### 4. Calculation of the Rankings

The SCIs are ranked according to their term structure. The SCIs that show the most pronounced backwardation get the lowest Long Rank while the SCIs with the strongest contango get the lowest Short Rank (the "**Ranking Methodology**"). As a first step the Expected Roll Yields for every SCI are determined.

Backwardation describes a situation with positive Expected Roll Yields and contango a situation with negative Expected Roll Yields.

The Expected Roll Yield (the "**Expected Roll Yield**") for an individual SCI on the Selection Day is defined as:

$$\text{ERY}_i^{\text{SCI}} = \frac{\text{LeadFuture}_i^{\text{SCI}} - \text{NextFuture}_i^{\text{SCI}}}{\text{NextFuture}_i^{\text{SCI}}}$$

where

$\text{LeadFuture}_i^{\text{SCI}}$  denotes the price of the Eligible Futures Contract on the underlying commodity of the i-th SCI with the shortest time to maturity, and

$\text{NextFuture}_i^{\text{SCI}}$  denotes the price of the Eligible Futures Contract on the underlying commodity of the i-th SCI with the second shortest time to maturity.

The "**Eligible Futures Contracts**" are defined via the Generic Futures Code and the Relevant Exchange in section 5. Illiquid contracts are not considered to be Eligible Futures Contracts.

A SCI has the Long Rank "i" if it shows the i-th highest Expected Roll Yield (the "**Long Rank**") and Short Rank "j" if it shows the j-th lowest Expected Roll Yield (the "**Short Rank**").

If two or more SCIs have the same Expected Roll Yield they all get the lowest reasonable Long Rank and the lowest reasonable Short Rank.

This Index Universe is valid as of as of the 29 January 2013. If Dow Jones and/or UBS or its legal successors introduce ("**Dow Jones/UBS**") a new SCI or stop the calculation of an existing SCI, those indices will be added to or deleted from the Index Universe. If a new SCI does not follow exactly the same calculation methodology as the Dow Jones-UBS Commodity Index<sup>SM</sup> they will not become part of the Index Universe.

## 6. Selection and Adjustment Days

An Adjustment Day (the "**Adjustment Day**") is the last Trading Day of each month on which all necessary Relevant Exchanges are open. An associated Selection Day (the "**Selection Day**") is two Trading Days before an Adjustment Day.

## 7. Index Reweighting

On each Selection Day the ranking procedure (as described in Section 4) is applied. The Investment Flags are updated on the relevant Adjustment Day (as described in Section 3).

## 8. Calculation of the Index in the Event of a Market Disruption

A Market Disruption (the "**Market Disruption**") will be deemed to have occurred if for a SCI or a Eligible Futures Contract the quotation is suspended, limited or restricted (as a result of price movements during the trading hours which exceed the limits set by the Relevant Exchange

or for any other reasons) on the Relevant Exchange or any relevant market where this specific SCI or a future contract on this specific SCI or a Eligible Futures Contract is listed. A change in the trading days or opening hours of the Relevant Exchanges (Section 5.) will not constitute a Market Disruption.

If for one or more SCIs a Market Disruption occurs the Index Calculation Agent will use the rebalanced price which has been fixed by Dow Jones/UBS for the SCI concerned. As long as the marked disruption persists this price is used to calculate the Index.

A change in the trading days or opening hours of the Relevant Domestic Exchange will not constitute an Index Market Disruption.

If for one or more SCIs a Market Disruption occurs on an Adjustment Day, the Adjustment Day will be postponed to the next trading day on which the Market Disruption ceases to exist and all necessary Relevant Exchanges are open. If on the 5<sup>th</sup> consecutive Trading Day after the Trading Day, on which the Market Disruption occurred for the first time, the respective SCI is still affected by the Market Disruption, that 5<sup>th</sup> day will be used as Adjustment Day. In this case the Index Calculation Agent will exclude the affected SCI from the Index Universe for the Adjustment Day on which the Market Disruption Event is effective.

## **9. Index Sponsor and Index Calculation Agent**

The Index is sponsored by the UniCredit Bank AG, or any legal successor ("**Index Sponsor**"). The Index Sponsor has assigned all rights and duties with regard to the Index Calculation to the Index Calculation Agent. The Index Sponsor is at any time authorized to select a new Index Calculation Agent (the "**New Index Calculation Agent**"), whereas each reference in this description to the Index Calculation Agent will be deemed as a reference to the New Index Calculation Agent.

The Index Calculation Agent will apply the aforementioned method of calculation and the results will be final except for obvious errors. If regulatory, legal, juridical, fiscal or market circumstances (including, but not limited to any trading restrictions in the components of the Index Universe) may arise that require a modification of, or change to such methodology, the Index Calculation Agent shall be entitled to make such required modification or change in its reasonable discretion. The Index Calculation Agent will with all due care ensure that the resulting method of calculation of such a modification or change will be consistent with respect to the method defined above.

When calculating the Index, the Index Calculation Agent has to rely on the information provided by third parties which cannot be verified. Any inaccuracies contained or incompleteness in this information may have an impact – without any fault of the Index Calculation Agent – on the calculation of the Index. There is no obligation of the Index Calculation Agent to independently verify any such information received.

## **10. Disclaimer**

The Index takes the form solely of a set of records and does not convey any direct, indirect or beneficial interest in the Index Components. Any action specified in this description in respect of the Index shall be effected solely on a theoretical basis by an amendment to such records. Neither the issuer of any financial instruments linked to the Index nor the Index Calculation Agent is obliged to actually invest or hold an interest in the Index Components.

The calculation and composition of the Index will be performed by the Index Calculation Agent with all due care. However, neither the Index Sponsor nor the Index Calculation Agent give any representation or guarantee for the correctness of the calculation and composition or of the other

relevant parameters of the Index. Neither the Index Sponsor nor the Index Calculation Agent accepts any liability for any direct or indirect damage which may result from an incorrect calculation or composition of the Index or its other relevant parameters.

These and further Information on this Index will be obtainable to the public free of charge at UniCredit Bank AG, Certificates & Structured Securities (MCD1CS), Arabellastraße 12, 81925 Munich, Germany.

## TAXATION

The Issuer does not assume any responsibility for the withholding of taxes at the source.

### *Germany*

*The following is a general discussion of certain German tax consequences of the acquisition, the ownership and the sale, assignment or redemption of Securities. It does not purport to be a comprehensive description of all tax considerations, which may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.*

*With regard to certain types of Securities, neither official statements of the tax authorities nor court decisions exist, and it is not clear how these Securities will be treated. Furthermore, there is often no consistent view in legal literature about the tax treatment of instruments like the Securities, and it is neither intended nor possible to mention all different views in the following section. Where reference is made to statements of the tax authorities, it should be noted that the tax authorities may change their view even with retroactive effect and that the tax courts are not bound by circulars of the tax authorities and, therefore, may take a different view. Even if court decisions exist with regard to certain types of Securities, it is not certain that the same reasoning will apply to the Securities due to certain peculiarities of such Securities. Furthermore, the tax authorities may restrict the application of judgements of tax courts to the individual case with regard to which the judgement was rendered.*

*Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the acquisition, ownership and the sale, assignment or redemption of Securities, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents. Only these advisers will be able to take into account appropriately the details relevant to the taxation of the respective Security Holders.*

### **Tax Residents**

#### *Private Investors*

##### *Interest and Capital Gains*

Interest payable on the Securities to persons holding the Securities as private assets ("**Private Investors**") who are tax residents of Germany (i.e. persons whose residence or habitual abode is located in Germany) should qualify as investment income (*Einkünfte aus Kapitalvermögen*) according to Sec. 20 para. 1 German Income Tax Act (*Einkommensteuergesetz*) and should, in general, be taxed at a separate tax rate of 25 per cent. (*Abgeltungsteuer*, in the following also referred to as "**flat tax**") plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax. Capital gains from the sale, assignment or redemption of the Securities, including interest having accrued up to the disposition of a Security and credited separately ("**Accrued Interest**", *Stückzinsen*, if any) should qualify – irrespective of any holding period – as investment income pursuant to Sec. 20 para. 2 German Income Tax Act and should also be taxed at the flat tax rate of 25 per cent., plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax. If the Securities are assigned, redeemed, repaid or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage in eine Kapitalgesellschaft*) rather than sold, as a rule, such transaction is treated like a sale.

Capital gains are determined by taking the difference between the sale, assignment or redemption price (after the deduction of expenses directly and factually related to the sale, assignment or redemption) and the acquisition price of the Securities. Where the Securities are issued in a currency other than Euro the sale, assignment or redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the acquisition date and the sale, assignment or redemption date respectively.

If the Securities are settled by delivery of other securities in lieu of payment of a monetary amount due to a delivery right of the Issuer (physical delivery), the consideration for the acquisition of the Security is to take in account as sale price and as well as acquisition costs of the delivered securities. However, a realisation has not yet occurred at such time.

Expenses (other than such expenses directly and factually related to the sale, assignment or redemption) related to interest payments or capital gains under the Securities are – except for a standard lump sum (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for married couples filing jointly) – not deductible.

According to the flat tax regime losses from the sale, assignment or redemption of the Securities can only be set-off against other investment income including capital gains. If the set-off is not possible in the assessment period in which the losses have been realised, such losses can be carried forward into future assessment periods only and can be set-off against investment income including capital gains generated in these future assessment periods. Losses from so called private disposal transactions (*private Veräußerungsgeschäfte*) according to Sec. 23 German Income Tax Act as applicable until 31 December 2008 may be set-off against capital gains under the flat tax regime until 31 December 2013.

Further, the German Federal Ministry of Finance in its decree dated 9 October 2012 (IV C 1 – S 2252/10/10013, hereafter referred to as "**Decree**") has taken the position that a bad debt loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*) shall, in general, not be treated as a sale, so that losses suffered upon such bad debt loss or waiver shall not be deductible for tax purposes. This position is subject to controversial discussions among tax experts. In this respect, it is not clear whether the position of the tax authorities may affect securities (*Wertpapiere*) which are linked to a reference value in case such value decreases.

Furthermore, restrictions with respect to the claiming of losses may also apply if certain types of Securities would have to be qualified as derivative transactions and expire worthless. Moreover, according to the Decree the German Federal Ministry of Finance holds the view that a disposal (*Veräußerung*) (and, as a consequence, a tax loss resulting from such disposal) shall not be recognized if the sales price does not exceed the actual transaction cost.

### *Withholding*

If the Securities are held in a custody with or administrated by a German credit institution, financial services institution (including a German permanent establishment of such foreign institution), securities trading company or securities trading bank (the "**Disbursing Agent**"), the flat tax at a rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax) will be withheld by the Disbursing Agent on interest payments and the excess of the proceeds from the sale, assignment or redemption (after the deduction of expenses incurred directly and factually in connection with the sale, assignment or redemption) over the acquisition cost for the Securities (if applicable converted into Euro terms on the basis of the foreign exchange rates as of the acquisition date and the sale, assignment or redemption date respectively). The Disbursing Agent will provide for the set-off of losses with current investment income including capital gains from other securities. If, in the absence of sufficient current investment income derived through the same Disbursing Agent, a set-off is not possible, the Security Holder may – instead of having a loss carried forward into the following year – file an application with the Disbursing Agent until

15 December of the current fiscal year for a certification of losses in order to set-off such losses with investment income derived through other institutions in the holder's personal income tax return. If custody has changed since the acquisition and the acquisition data is not proved as required by Sec. 43a para. 2 German Income Tax Act or not relevant, the flat tax rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax) will be imposed on an amount equal to 30 per cent. of the proceeds from the sale, assignment or redemption of the Securities. In the course of the tax withholding provided for by the Disbursing Agent foreign taxes may be credited in accordance with the German Income Tax Act. Taxes withheld on the basis of the EU Savings Directive (for further details see below "EU Savings Directive") may be credited in the course of the tax assessment procedure.

The Issuer is, in general, not obliged to levy German withholding tax in respect of payment on the Securities. If, however, the Securities qualify as hybrid instruments (e. g. silent partnership, profit participating notes, *jouissance rights (Genussrechte)*), German withholding tax has to be imposed by the Issuer irrespective of whether or not the Securities are held in a custodial account maintained with a Disbursing Agent.

In general, no flat tax will be levied if the Security Holder filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent (in the maximum amount of the standard lump sum of EUR 801 (EUR 1,602 for married couples filing jointly)) to the extent the income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no flat tax will be deducted if the Security Holder has submitted to the Disbursing Agent a valid certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the competent local tax office.

For Private Investors the withheld flat tax is, in general, definitive. Exceptions apply, if and to the extent the actual investment income exceeds the amount which was determined as the basis for the withholding of the flat tax by the Disbursing Agent. In such case, the exceeding amount of investment income must be included in the Private Investor's income tax return and will be subject to the flat tax in the course of the assessment procedure. According to the Decree of the German Federal Ministry of Finance, however, any exceeding amount of not more than EUR 500 per assessment period will not be claimed on grounds of equity, provided that no other reasons for an assessment according to Sec. 32d para. 3 German Income Tax Act exist. Further, Private Investors may request that their total investment income, together with their other income, be subject to taxation at their personal, progressive tax rate rather than the flat tax rate, if this results in a lower tax liability. In order to prove such investment income and the withheld flat tax thereon the investor may request a respective certificate in officially required form from the Disbursing Agent.

Investment income not subject to the withholding of the flat tax (e.g. since there is no Disbursing Agent) must be included into the personal income tax return and will be subject to the flat tax rate of 25 per cent. (plus 5.5 per cent. solidarity surcharge thereon and, if applicable, church tax), unless the investor requests the investment income to be subject to taxation at lower personal, progressive income tax rate. In the course of the assessment procedure withholding tax in accordance with the German Interest Information Regulation (*Zinsinformationsverordnung*) levied on the basis of the EU Savings Directive (for further details see below "EU Savings Directive") and foreign taxes on investment income may be credited to the income tax in accordance with the German Income Tax Act.

### ***Business Investors***

Interest payable under the Securities to persons holding the Securities as business assets ("**Business Investors**") who are tax residents of Germany (i.e. Business Investors whose residence, habitual abode, statutory seat or place of effective management and control is located in Germany) and capital gains, including Accrued Interest, if any, from the sale, assignment or redemption of the Securities are subject to income tax at the applicable personal, progressive income tax rate or,

in case of corporate entities, to corporate income tax at a uniform 15 per cent. tax rate (in each case plus solidarity surcharge at a rate of 5.5 per cent. on the tax payable; and in case where payments of interest on the Securities to Business Investors are subject to income tax plus church tax, if applicable). Such interest payments and capital gains may also be subject to trade tax if the Securities form part of the property of a German trade or business. Losses from the sale, assignment or redemption of the Securities are generally recognized for tax purposes; this may be different if certain (e.g. index linked) Securities would have to be qualified as derivative transactions.

Domestic withholding tax, if any, including solidarity surcharge thereon is credited as a prepayment against the Business Investor's corporate or personal, progressive income tax liability and the solidarity surcharge in the course of the tax assessment procedure, i.e. the withholding tax is not definitive. Any potential surplus will be refunded. However, in general and subject to further requirements no withholding deduction will apply on capital gains from the sale, assignment or redemption of the Securities and certain other income if (i) the Securities are held by a corporation, association or estate in terms of Sec. 43 para. 2 sentence 3 no. 1 German Income Tax Act or (ii) the proceeds from the Securities qualify as income of a domestic business and the investor notifies this to the Disbursing Agent by use of the required official form according to Sec. 43 para. 2 sentence 3 no. 2 German Income Tax Act (*Erklärung zur Freistellung vom Kapitalertragsteuerabzug*).

Withholding tax levied on the basis of the EU Savings Directive (for further details see below "EU Savings Directive") may be credited in accordance with the German Interest Information Regulation and foreign taxes may be credited in accordance with the German Income Tax Act. Alternatively, foreign taxes may also be deducted from the tax base for German income tax purposes.

### **Non-residents**

Interest payable on the Securities and capital gains, including Accrued Interest, if any, are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the Security Holder; or (ii) the interest income otherwise constitutes German-source income or (iii) certain formal requirements are not fulfilled. In the cases (i), (ii) and (iii) a tax regime similar to that explained above under "Tax Residents" applies.

Non-residents of Germany are, subject to certain exceptions, exempt from German capital gains tax on interest and the solidarity surcharge (withholding tax and flat tax, respectively) thereon, even if the Securities are held in custody with a Disbursing Agent. However, where the investment income is subject to German taxation as set forth in the preceding paragraph and Securities are held in a custodial account with a Disbursing Agent withholding flat tax is levied as explained above under "Tax Residents".

The withholding tax may be refunded based upon an applicable tax treaty or German national tax law.

### **Inheritance and Gift Tax**

No inheritance or gift taxes with respect to any Security will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

## **Other Taxes**

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery, execution or conversion of the Securities. Currently, net assets tax is not levied in Germany.

## **German implementation of the EU Directive on the Taxation of Savings Income**

Germany has implemented the EU Council Directive 2003/48/EC (for further details, see below "EU Savings Directive") into national legislation by means of an Interest Information Regulation (*Zinsinformationsverordnung*) in 2004. Starting on 1 July 2005, Germany has therefore begun to communicate all payments of interest on the Securities and similar income with respect to Securities to the beneficial owners Member State of residence if the Securities have been kept in a custodial account with a Disbursing Agent.

## ***Italian Republic***

*This section contains a brief summary on tax implications related to the Securities for Italian tax laws purposes. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for individual potential investors. It is based on the currently valid Italian tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may also be effected with retroactive effect and may negatively impact on the tax consequences described below. Potential purchasers of the Securities should consult with their legal and tax advisors to check tax implications of their possible investment in the Securities.*

*This section does not constitute a tax advice and does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.*

*The following summary is rendered based upon the laws in force in Italy as of the date of this Base Prospectus.*

## **Tax Treatment of the Securities**

*Interest and other proceeds - Securities that qualify as "obbligazioni o titoli similari alle obbligazioni" (bonds)*

For income tax purposes, debentures similar to bonds are defined as securities that incorporate an unconditional obligation to pay, at maturity, an amount not less than their nominal value (i.e., the issuer is legally obliged to reimburse the principal amount to the bond holder) and that do not give any right to directly or indirectly participate in the management of the relevant issuer or of the business in relation to which they are issued. Pursuant to Legislative Decree No. 239 of April 1, 1996 ("**Decree No. 239**"), as amended and restated, and pursuant to Art. 44 paragraph 2(c) of Presidential Decree No. 917 of December 22, 1986 ("**Decree No. 917**"), as amended and restated by Legislative Decree No. 344 of December 12, 2003, in general, interest and other proceeds (including the difference between the redemption amount and the issue price) in respect of securities that qualify as bonds or debentures similar to bonds and that are issued by a non-Italian resident issuer may be subject to final Italian substitutive tax if owed to beneficial owners resident in Italy for tax purposes, depending on the legal status of the beneficial owners.

### *Italian Resident Security Holders Applicability of Substitutive Tax*

In particular, pursuant to Decree No. 239, as amended and restated, payments of interest and other proceeds in respect of securities that qualify as "bonds" to Italian resident beneficial owners (either when interest and other proceeds are paid or when payment thereof is obtained by a beneficial owner on a transfer of Securities) will be subject to final substitutive tax at a rate of 20.0% in Italy if made to Italian resident beneficial owners that are: (i) private individuals holding Securities not in connection with an entrepreneurial activity (unless they have entrusted the management of their financial assets, including the Securities, to an Italian authorised financial intermediary and have opted for the *Risparmio Gestito* regime ("**Asset Management**" regime) provided for by Article 7 of Legislative Decree No. 461 of November 21, 1997 ("**Decree No. 461**")); (ii) Italian resident non-commercial partnerships; (iii) public and private entities, other than companies, not carrying out commercial activities as their exclusive or principal activity; (iv) entities exempt from corporate income tax.

In case the Securities are held by an individual or by an entity indicated above under (iii), in either case in connection with an entrepreneurial activity, interest and other proceeds relating to the Securities will be subject to a substitutive tax and will be included in the relevant beneficial owner's income tax return. As a consequence, the interest and other proceeds will be subject to the ordinary income tax and the substitutive tax may be recovered as a deduction from the income tax due. The 20.0% substitutive tax will be applied by the Italian resident qualified financial intermediaries as defined by Italian law that will intervene, in any way, in the collection of interest and other proceeds on the Securities or in the transfer of the Securities.

If interest and other proceeds on the Securities are not collected through an Italian resident qualified intermediary as defined by Italian law and as such no substitutive tax is levied, the Italian resident beneficial owners listed above under (i) to (iv) will be required to include interest and other proceeds in their yearly income tax return and subject them to final substitute tax at a rate of 20.0%, unless an option is allowed and made for a different regime.

### *Italian Resident Security Holders Substitutive tax Not Applicable*

Pursuant to Decree No. 239, as amended and restated, payments of interest and other proceeds in respect of Securities that qualify as 'bonds' to Italian resident beneficial owners will not be subject to the *substitutive tax* at the rate of 20.0% if made to beneficial owners that are: (i) Italian resident individuals holding Securities not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an Italian authorised financial intermediary and have opted for the '*Asset Management*' regime; (ii) Italian resident collective investment funds and SICAVs and pension funds referred to in Legislative Decree No. 124 of April 21, 1993; (iii) Italian resident real estate investment funds; (iv) Italian resident corporations or permanent establishments in the Republic of Italy of non-resident corporations to which the Securities are effectively connected; (v) Italian resident partnerships carrying out a commercial activity; or (vi) public and private entities, other than companies, carrying out commercial activities and holding Securities in connection with the same commercial activities.

If the Securities are part of an investment portfolio managed on a discretionary basis by an Italian authorised intermediary and the beneficial owner of the Securities has opted for the '*Asset Management*' regime (as defined below), annual substitute tax at a rate of 20.0% (the "**Asset Management Tax**") applies on the increase in value of the managed assets accrued, even if not realised, at the end of each tax year (which increase includes interest and other proceeds accrued on Securities). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Interest and other proceeds accrued on the Securities held by Italian resident corporations, commercial partnerships, individual entrepreneurs holding the Securities in connection with entrepre-

neurial activities or permanent establishments in Italy of non-resident corporations to which the Securities are effectively connected, are included in the taxable base for the purposes of: (i) corporate income tax (*imposta sul reddito delle società*, "IRES") at 27.5% or (ii) individual income tax (*imposta sul reddito delle persone fisiche*, "IRPEF"), at progressive rates, plus local surcharges, if applicable; under certain circumstances, such interest is included in the taxable basis of the regional tax on productive activities (*imposta regionale sulle attività produttive*, "IRAP"), at a general rate of 3.9% (regions may vary the rate up to 0.92%).

Italian resident collective investment funds and SICAVs are not subject to tax on accrued interest and other proceeds, unless provided by specific provisions of law. In such cases, withholding taxes are applied as final withholding taxes.

In particular, pursuant to Article 73, paragraph 5-quinquies, of Decree No. 917, Italian resident collective investment funds and SICAVs are considered as a taxable person for IRES purposes, though the income realised (with only few exceptions) is exempt from taxation.

Starting from 1 January 2001, Italian resident pension funds are subject to an 11% annual substitutive tax (the "**Pension Fund Tax**") in relation to the increase in value of the managed assets accrued at the end of each tax year.

Any positive difference between the nominal amount of the Securities and their issue price is deemed to be interest for tax purposes. To ensure payment of interest and other proceeds in respect of the Securities without application of the substitutive tax, where allowed, investors indicated here above under (i) to (vi) must be the beneficial owners of payments of interest and other proceeds on the Securities and timely deposit the Securities, together with the coupons relating to such Securities, directly or indirectly, with an Italian authorised financial intermediary as defined by Italian law.

#### *Non-Italian Resident Security Holders*

Interest and other proceeds paid on Securities by the non-Italian resident Issuer to a beneficial owner who is not resident in Italy for tax purposes, without a permanent establishment in Italy to which the Securities are effectively connected, should not be subject to any Italian taxation. In any case an Italian resident bank or intermediary, as defined by Italian law, intervenes in the payment of interest and other proceeds on the Securities, to ensure payment of interest and other proceeds without application of Italian taxation a non-Italian resident Security Holder may be required to produce to the Italian bank or other intermediary as defined by Italian law a self-declaration certifying to be the beneficial owner of payments of interest and other proceeds on the Securities and not to be resident in Italy for tax purposes.

#### *Tax treatment of Securities that do not qualify as bonds'*

The following applies to Securities containing a derivative agreement (or similar mechanism) in the relevant terms and conditions.

Securities that (a) do not qualify as bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) pursuant to Art. 44 of the *TUIR*, but (b) qualify as *Redditi diversi* (sundry income) pursuant to Article 67 of Decree No. 917 may fall under the joint provisions of Article 67 Decree No. 917 and Article 5 of Decree No. 461, and further amendments thereof, according to which, proceeds and capital gains, not obtained within the exercise of entrepreneurial activities, realised by persons resident in Italy and individuals equivalent to residents as defined in the Decree No. 461, arising out of both the exercise and the sale for money consideration of the Securities are subject to the substitutive tax of 20.0%. Charges and capital losses arising out of the exercise and the sale of the Securities are deductible in accordance with the modalities indicated below; premiums paid on the Securities contribute to create the income of the financial year in which the Securities are exercised or alienated.

## Capital Gains Tax

Any capital gains realised upon the sale for consideration or redemption of the Securities will be treated for the purpose of corporate income tax and of individual income tax as part of the taxable business income of Security Holders (and, in certain cases, depending on the status of the Security Holders, may also be included in taxable basis of IRAP), and it will, therefore, be subject to tax in Italy according to the relevant tax provisions, if realised by Security Holders that are: (a) Italian resident corporations; (b) Italian resident commercial partnerships; (c) permanent establishments in Italy of foreign corporations to which the Securities are effectively connected; or (d) Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of the commercial activity carried out.

### *Italian Resident Security Holders*

Pursuant to Decree No. 461, any capital gains realised by Italian resident individuals holding Securities not in connection with entrepreneurial activity and certain other persons upon the sale for consideration or redemption of the Securities would be subject to an "substitutive tax" at the current rate of 20.0%. Under the tax declaration regime, which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activity, the "substitutive tax" on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss. These individuals must report overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax declaration to be filed with the Italian tax authorities for such year and pay the "substitutive tax" on such gains together with any balance on income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Capital losses realised before 1 January 2012 may be carried forward to be offset against subsequent capital gains of the same nature for an overall amount of 62.5% of the relevant capital losses.

As an alternative to the tax declaration regime, Italian resident individual Security Holders not in connection with entrepreneurial activity may elect to pay the "substitutive tax" separately on capital gains realised on each sale or redemption of the Securities (the "**Risparmio Amministrato**" regime or "**Managed Portfolio**" regime). Such separate taxation of capital gains is allowed subject to: (i) the Securities being deposited with Italian banks, *società di intermediazione mobiliare* (SIM) or certain authorised financial intermediaries; and (ii) an express election for the Managed Portfolio regime being made promptly in writing by the relevant Security Holder. The financial intermediary, on the basis of the information provided by the taxpayer, accounts for the "substitutive tax" in respect of capital gains realised on each sale or redemption of Securities (as well as in respect of capital gains realised at the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from proceeds to be credited to the Security Holder. Under the Managed Portfolio regime, where a sale or redemption of Securities results in capital loss, such loss may be deducted from capital gains subsequently realised in the same tax year or in the following tax years up to the fourth year. Under the Managed Portfolio regime, the Security Holder is not required to declare capital gains in its annual tax declaration and remains anonymous. Capital losses realised before 1 January 2012 may be carried forward to be offset against subsequent capital gains of the same nature for an overall amount of 62.5% of the relevant capital losses.

Any capital gains realised by Italian resident individuals holding Securities not in connection with entrepreneurial activity who have elected for the Asset Management regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to the substitutive tax at the current rate of 20.0% to be applied on behalf of the taxpayer by the managing authorised intermediary. Under the Asset Management regime, any depreciation of the managed assets accrued at year end may be carried forward against any increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management regime, the Security Holder is not required to report capital gains realised in its

annual tax declaration and remains anonymous. Depreciation of the management assets accrued before 1 January 2012 may be carried forward to be offset against subsequent increase in value for an overall amount of 62.5% of the relevant depreciation.

Any capital gains realised by Security Holders who are Italian resident collective investment funds and SICAVs are not subject to tax.

Any capital gains realised by Security Holders who are Italian resident pension funds will be included in the computation of the taxable basis of Pension Fund Tax.

#### *Non-Italian Resident Security Holders*

The 20.0% final substitutive tax may in certain circumstances be payable on capital gains realised upon sale for consideration or redemption of Securities by non-Italian resident persons or entities without a permanent establishment in Italy to which the Securities are effectively connected, if the Securities are held in Italy. However, even if the Securities are held in Italy and regardless of the provisions set forth by any applicable double taxation treaty, pursuant to Article 23 of Decree No. 917, any capital gains realised, by non-Italian residents without a permanent establishment in Italy to which the Securities are effectively connected, through the sale for consideration or redemption of Securities are exempt from taxation in Italy to the extent that the Securities are listed on a regulated market in Italy or abroad and in certain cases subject to filing of required documentation. In case the Securities are not listed on a regulated market in Italy or abroad: (1) as to capital gains realised by non-Italian resident beneficial owners of the Securities with no permanent establishment in Italy to which the Securities are effectively connected are exempt from the substitutive tax in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of the Securities if they are resident, for tax purposes, in a country which recognizes the Italian tax authorities' right to an adequate exchange of information, the so called "white list". If non-Italian residents without a permanent establishment in Italy to which the Securities are effectively connected fall under the Managed Portfolio regime or the Asset Management regime, exemption from Italian capital gains tax will apply on the condition that they file an appropriate self-declaration within the relevant time limit with the authorised financial intermediary stating that they are resident in a country which allows an adequate exchange of information. Pursuant to Article 5, paragraph 5 of Decree No. 461 and Article 6, paragraph 1, of Decree No. 239, such exemption could apply also to non-Italian residents who are (a) international bodies and organizations established in accordance with international agreements ratified in Italy; (b) foreign institutional investors, even though not subject to income tax or to other similar taxes, established in countries which allow an adequate exchange of information with Italy and (c) Central Banks or entities also authorised to manage official reserves of a State. (2) In any event, non-Italian resident persons or entities without a permanent establishment in Italy to which the Securities are effectively connected that may benefit from a double taxation treaty with the Republic of Italy, providing that capital gains realised upon the sale or redemption of the Securities are to be taxed only in the country of tax residence of the recipient, will not be subject to the "*substitutive tax*" in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of Securities; in this case, if non-Italian residents without a permanent establishment in Italy to which the Securities are effectively connected fall under the Managed Portfolio regime or the Asset Management regime, exemption from Italian capital gains tax will apply on the condition that they file the appropriate documents within the relevant time limit with the authorised financial intermediary which include, inter alia, a statement from the competent tax authorities of the country of residence of the non-Italian residents.

#### **Atypical securities**

According to the provisions of the Conditions of the Securities, the Security Holder may receive an amount lower than the invested amount. Thus it is possible that Securities may be qualified as 'atypical' securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as imple-

mented by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to an Italian withholding tax, levied at the rate of 20.0%.

The withholding tax mentioned above does not apply to payments made to a non-Italian resident Security Holder and to an Italian resident Security Holder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution.

The withholding is levied by the Italian intermediary appointed by the Issuer, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Securities.

### **Inheritance and Gift Taxes**

The transfer by inheritance or gift of the Securities is subject to the inheritance and gift tax at the following rates: (i) 4% if the transfer is made to spouses and direct descendants or ancestors; in this case, the transfer to each beneficiary is subject to taxation if the value exceeds Euro 1,000,000; (ii) 6% if the transfer is made to brothers and sisters; in this case, the transfer to each beneficiary is subject to taxation if the value exceeds Euro 100,000; (iii) 6% if the transfer is made to relatives up to the fourth degree, to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree; and (iv) 8% in all other cases. If the transfer is made in favour of persons with severe disabilities, taxation will apply only if the value of the transaction exceeds Euro 1,500,000.

### **Tax Monitoring Obligations**

Italian resident individuals, partnerships (other than *società in nome collettivo*, *società in accomandita semplice* or similar partnerships) not carrying out commercial activities, professional associations and public and private entities, other than companies, not carrying out commercial activities will be required to report in their yearly income tax return ("UNICO" tax form, RW section), for tax monitoring purposes: the amount of Securities (and of other investments held abroad and foreign financial assets generating foreign source income taxable in Italy) held over each tax year. This also is the case if at the end of the tax year the Securities (or other investments held abroad and foreign financial assets generating foreign source income taxable in Italy) are no longer held by the above-mentioned subjects. The above subjects will however not be required to comply with the above reporting requirements in respect of Securities deposited for management or administration with qualified Italian financial intermediaries as defined by Italian law and in respect of contracts entered into through the intervention of financial intermediaries, upon condition that the items of income derived from the Securities are collected through the intervention of the same intermediaries.

### **Stamp duty and Tax on financial activities held abroad**

The extended stamp duty on all kind of financial activities ("**Stamp Duty**") is applicable on all kind of financial assets, including the Securities. The tax is levied at 0.2% rate (with a limit up to € 14,000 for holders different from individual) on the fair market value or, if failing, on the book or redemption value as at 31 December of each year. Stamp Duty is generally applied by the financial intermediary, if such entity intervene in the administration/management of the Securities. The tax on financial activities held abroad (so called "**IVAFE**") is applicable on the value of financial assets held abroad Italy by Italian tax resident individuals. The tax is applied at a rate equal to 0.2%, on the fair market value as at 31 December of each year. IVAFE should be applicable in case the financial activities do not fall within the Stamp Duty scope. The tax is calculated, disclosed in the yearly tax return and paid by the individual directly.

## **Transfer tax**

The Law no. 228 as of December 24, 2012 introduced a stamp duty on certain financial transactions (the "**Tobin Tax**"). In general terms the Tobin Tax applies to transactions, even if executed abroad, involving shares, bonds converted in shares and equity financial instruments issued by both listed and non-listed companies resident in Italy and derivatives substantially underlying such securities. Tobin Tax is applied a rate of 0.2% on transaction regarding shares and other participating instruments issued by Italian resident companies. The tax rate is reduced down to 0.1% if the transfer is executed on regulated financial markets or through multilateral negotiation systems. On a temporary basis for the fiscal year 2013, the tax rates are increased by 0.02% (i.e. 0.22%, 0.12%, respectively). Tobin Tax on transactions in derivative financial instruments shall be due in a fixed amount (ranging from € 0.01875 to € 200 depending on both the typology and the notional value of the instrument) and is payable by both the counterparties to the transaction, regardless of their place of residence and the place where the transactions have been executed.

## **Luxembourg**

*The following is a general description of certain Luxembourg withholding tax considerations relating to the Securities. It does not purport to be a complete analysis of all tax considerations relating to the Securities, whether in Luxembourg or elsewhere. Prospective purchasers of the Securities should consult their own tax advisors as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Securities and receiving payments of interest, principal and/or other amounts under the Securities and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Securities.*

## **Withholding Tax**

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Securities can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to:

- (a) the application of the Luxembourg laws of 21 June 2005 implementing the European Union Savings Directive (Council Directive 2003/48/EC – the "**EU Savings Directive**") and several agreements concluded with certain dependent or associated territories and providing for the possible application of a withholding tax (35% from 1 July 2011) on interest and other similar income (including reimbursement premium received at maturity or Redemption Date) paid to certain non Luxembourg resident investors (individuals and certain types of entities called "residual entities") resident or established in another Member State of the European Union in the event of the Issuer appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive (see section "EU Savings Directive" below) or agreements, unless the beneficiary of the interest payment elects for an exchange of information. The same regime applies to payments to individuals or residual entities resident in any of the following territories: Aruba, the British Virgin Islands, Guernsey, the Isle of Man, Jersey, Montserrat, i.e. Bonaire, Curaçao, Saba, Sint Eustatius and Sint Maarten. The terms "interest", "paying agent" and "residual entity" used hereafter have the same meaning as in the laws of EU Savings Directive (see below). As a general rule, instruments whose return is exclusively linked to profits derived from certain underlying investments such as commodities or indices are generally out of the scope of the EU Savings Directive. However, to the extent Securities bear a fixed interest component, this interest may fall within the scope of the EU Savings Directive.

- (b) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005, as amended, (the "**Law**") which has introduced a 10% withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing the EU Savings Directive). The Law applies to savings income accrued as from 1 July 2005 and paid as from 1 January 2006.

Under the Law, the 10% Luxembourg withholding tax is levied on interest or similar income payments made by Luxembourg paying agents to or for the immediate benefit of an individual beneficial owner who is resident in Luxembourg.

In addition, pursuant to the Law, Luxembourg resident individuals who are beneficial owners of interest payments made by paying agents located in a Member State of the European Union other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an agreement directly relating to the EU Savings Directive on the taxation of savings income, can opt to self declare and pay a 10% levy. The option for the 10% levy must cover all interest payments made by paying agents to the Luxembourg resident beneficial owners during the entire civil year.

The 10% withholding tax as described above or the 10% levy are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of 21 June 2005 and the Law, is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuer.

### *EU Savings Directive*

Under the EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), each Member State is required, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria and Luxembourg will (unless during such period they elect otherwise) instead operate an information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Directive does not comply with one of two procedures for information reporting, the relevant Member State will levy a withholding tax on payments to such beneficial owner. The withholding tax system applies for a transitional period during which the withholding tax rate has raised over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following the agreement by certain non-EU countries to the exchange of information relating to such payments.

Also, a number of non-EU countries, including Switzerland, and certain dependent or associated territories of certain Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within their jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

On 15 September 2008, the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the EU Savings Directive. On 13 November 2008, the European Commission published a more detailed proposal for amendments to the EU Savings Directive (COM (2008) 727), which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made

in relation to the EU Savings Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

***The proposed financial transactions tax***

The EU Commission has published a proposal for a Directive for a common financial transactions tax ("**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**").

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Certificates (including secondary market transactions) under certain circumstances.

Under the current proposal the FTT could apply under certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Certificates where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the Participating Member States and is subject to legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective Certificateholders of the Certificates are advised to seek their own professional advice in relation to the FTT. The tax rates are planned to amount to 0.01% or 0.1%, respectively. However, please note that these may have cascade effects and therefore may multiply in a transaction.

## GENERAL INFORMATION

### *Selling Restrictions*

#### **General**

No action has been or will be taken in any jurisdiction by the Issuer that would permit a public offering of the Securities, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required other than the approval of the Base Prospectus by the BaFin and a notification to the countries set forth in the Final Terms under "Terms and conditions of the offer". No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer other than the approval and notification(s) mentioned above.

#### **United States of America**

- (a) The Securities have not been and will not be registered under the Securities Act, and, except as provided in the applicable Final Terms with respect to Securities with a maturity on the issue date of one year or less, may not be offered or sold within the United States or to, or for the account or benefit of, U. S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.
- (b) Any person purchasing Securities is deemed to agree with the Issuer and, if different, the seller of such Securities that (i) it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities so purchased in the United States or to, or for the account or benefit of, any U.S. person, (ii) it is not purchasing any Securities for the account or benefit of any U.S. person and (iii) it will not make offers, sales, re-sales or deliveries of any Securities (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Terms used above have the meanings given to them by Regulation S.

- (c) Securities, other than Securities with a maturity of one year or less (including unilateral rollovers or extensions) and Securities that are not considered to be in bearer form for United States federal income tax purposes, will be issued in accordance with the provisions of United States Treasury Regulations Section 1.163-5(c)(2)(i)(D) ("**TEFRA D Rules**"), or in accordance with the provisions of United States Treasury Regulations Section 1.163-5(c)(2)(i)(C) ("**TEFRA C Rules**"), as specified in the applicable Final Terms.

In addition, in respect of Securities issued in accordance with the TEFRA D Rules, the Issuer represents and agrees that, and it will require all those persons participating in the distribution of the Securities to represent and agree that:

- (i) except to the extent permitted under the TEFRA D Rules, (x) it has not offered or sold, and during the restricted period will not offer or sell, Securities in bearer form to a person who is within the United States or its possessions or to a United States person, and (y) it has not delivered and will not deliver within the United States or its possessions definitive Securities that are sold during the restricted period;
- (ii) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in

selling Securities in bearer form are aware that such Securities may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the TEFRA D Rules;

- (iii) if such person is a United States person, it has represented that it is acquiring the Securities for purposes of resale in connection with their original issuance and if such Distributor retains Securities in bearer form for its own account, it will only do so in accordance with the requirements of United States Treasury Regulation Section 1.163-5(c)(2)(i)(D)(6);
- (iv) with respect to each affiliate that acquires from such person Securities in bearer form for the purposes of offering or selling such Securities during the restricted period, such person either (x) repeats and confirms the representations and agreements contained in sub-clauses (i), (ii) and (iii) on such affiliate's behalf or (y) agrees that it will obtain from such affiliate for the benefit of the Issuer the representations and agreements contained in sub-clauses (i), (ii) and (iii); and
- (v) such person will obtain for the benefit of the Issuer the representations and agreements contained in sub-clauses (i), (ii), (iii), and (iv) from any person other than its affiliate with whom it enters into a written contract, as defined in United States Treasury Regulation Section 1.163-5(c)(2)(i)(D)(4), for the offer and sale of Securities during the restricted period.

Terms used in the above paragraph have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and regulations thereunder, including the TEFRA D Rules.

In addition, in respect of Securities issued in accordance with the TEFRA C Rules, Securities must be issued and delivered outside the United States and its possessions in connection with their original issuance. The Issuer will not, and it will require all those persons participating in the distribution of the Securities to not, offer, sell or deliver, directly or indirectly, Securities in bearer form within the United States or its possessions in connection with their original issuance. Further, the Issuer will not, and it will require all those persons participating in the distribution of the Securities to not, communicate, directly or indirectly, with a prospective purchaser if the Issuer, such person or purchaser is within the United States or its possessions and will not otherwise involve its United States office in the offer or sale of Securities. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and regulations thereunder, including the TEFRA C Rules.

Bearer Securities issued pursuant to the TEFRA D Rules (other than Temporary Global Securities and Securities with a maturity, taking into account any unilateral rights to roll over or extend, of one year or less) and any Receipts or Coupons appertaining thereto will bear the following legend:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code."

#### **Public Offer Selling Restrictions under the Prospectus Directive**

In relation to each Member State of the European Economic Area, which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**"), the Securities have not been or, respectively, will not be offered to the

public in that Relevant Member State except that, with effect from and including the Relevant Implementation Date, an offer of Securities to the public may be made in that Relevant Member State:

- (a) if the Final Terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that relevant Member State (a "**Non-Exempt Offer**"), following the date of publication of a base prospectus in relation to such Securities, which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such base prospectus has subsequently been completed by the Final Terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such base prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of the Non-Exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant person or entity placing or offering the Securities nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer to publish a base prospectus pursuant to Article 3 of the Prospectus Directive or supplement a base prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

### **Selling Restrictions Addressing additional United Kingdom Securities Laws**

The Issuer represents, warrants and agrees that (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "**FSMA**")) received by it in connection with the issue or sale of the Securities in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer and (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom.

## **Selling Restrictions Addressing additional Italian Securities Laws**

Unless it is specified within the relevant Final Terms that a non-exempt offer may be made in Italy, the offering of the Securities has not been registered pursuant to Italian securities legislation. Accordingly, the Securities may not be offered, sold or delivered, nor may copies of this Base Prospectus and any other documents relating to the Securities may be distributed in the Republic of Italy except:

- (1) to qualified investors (*investitori qualificati*), as defined by the joint provision of Article 34-ter, paragraph 1, letter (b) of CONSOB Regulation No. 11971 of May 14, 1999, as amended ("**CONSOB Regulation No. 11971**") and Article 26, paragraph 1 (d) of Consob Regulation No. 16190 of October 29, 2007, as amended ("**CONSOB Intermediaries Regulation**"), implementing Article 100.1(a) of Legislative Decree No. 58 of February 24, 1998, as amended (the "**Financial Services Act**"); or
- (2) in other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and Article 34-ter of CONSOB Regulation No. 11971.

Any such offer, sale or delivery of the Securities or distribution of any other document relating to the Securities in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, Legislative Decree No. 385 of September 1, 1993 as amended (the "**Banking Act**"), CONSOB Intermediaries Regulation, as amended and any other applicable laws and regulations; and
- (b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy (e.g. Article 129 of the Banking Act, and relevant implementation guidelines, pursuant to which the Bank of Italy may request periodic information on the Securities offered in the Republic of Italy).

### *Provisions relating to the secondary market in the Republic of Italy*

Investors should also note that, pursuant to Article 100-bis of the Financial Services Act:

- (A) any subsequent distribution of the Securities in the Republic of Italy further to an offer or distribution made under the exemptions indicated in points (1) and (2) above, will be considered a different and autonomous public offering subject to public offer and prospectus requirements, unless such subsequent distribution does not fall, again, under one of the exemptions indicated in points (1) and (2) above; and
- (B) in particular, where the Securities are placed solely with qualified investors and are then systematically resold on the secondary market at any time in the twelve months following such placing, such resale will be considered a public offering and subject to public offer and prospectus requirements if none of the exemptions indicated in points (1) and (2) above applies. If no exemptions apply and a prospectus is not published, purchasers of Securities who are acting outside the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Securities were purchased.

### ***Authorisation***
