(the "Special Conditions")

§ 1

Definitions

"Adjustment Date" means each calendar day following the First Trade Date.

"Adjustment Event" means each of the following events:

- (a) changes in the relevant Index Concept or the calculation of the Underlying, that in the reasonable discretion (§ 315 BGB) of the Calculation Agent result in a new relevant Index Concept or calculation of the Underlying being no longer economically equivalent to the original relevant Index Concept or the original calculation of the Underlying;
- (b) the calculation or publication of the Underlying is finally discontinued, or replaced by another index (the **"Index Replacement Event"**);
- (c) due to circumstances for which the Issuer is not responsible, the Issuer is no longer entitled to use the Underlying as basis for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities; likewise the Issuer is not responsible for the termination of the license to use the Underlying due to an unacceptable increase in license fees (a **"License Termination Event"**);
- (d) any event which is economically equivalent to one of the above-mentioned events with regard to its consequences on the Underlying.

"Banking Day" means each day (other than a Saturday or Sunday) on which the Clearing System and the Trans-European Automated Real-time Gross settlement Express Transfer-System (TARGET2) (the **"TARGET2"**) is open for business.

In the case of a material change in the market conditions at the Determining Futures Exchange, such as a final discontinuation of derivatives' quotation linked to the Underlying or to its components at the Determining Futures Exchange or a considerably restricted number or liquidity, the Calculation Agent will in its reasonable discretion (§ 315 BGB) by way of notice pursuant to § 6 of the General Conditions determine another futures exchange as the determining futures exchange (the **"Substitute Futures Exchange"**). § 4

Redemption Amount

Redemption Amount: With respect to any Redemption Date, Call Date or the Maturity Date, as the case may be, and the corresponding Observation Date, the Redemption Amount equals an amount in the Specified Currency, calculated or specified by the Calculation Agent as follows:

Redemption Amount = max(Relevant Reference Price; 0) x Ratio

For the calculation of the Redemption Amount one index point corresponds to one unit of the Underlying Currency (e.g. EUR 1.00 for Euro or USD 1.00 for US-Dollar).

The method of calculation or, respectively, specification of the Redemption Amount is subject to adjustments and market disruptions pursuant to § 7 and § 8 of the Special Conditions.

§ 5

Redemption Right of the Security Holders, Issuer's Regular Call Right, Issuer's Extraordinary Call Right

- (1) *Redemption Right of the Security Holders:* Each Security Holder may demand redemption of the Securities pursuant to the provisions of § 4 (1) of the Special Conditions against delivery of the Securities to the account of the Principal Paying Agent No. 60386 with the Clearing System to the Issuer's order (the "**Redemption Right**") at the last Banking Day of the month of January, February, March, April, May, June, July, August, September, October, November and December of each year starting on the First Redemption Date until the Maturity Date (excluding) (each such date a "**Redemption Date**").

The exercise of the Redemption Right shall be declared by the Security Holder by transmission of a duly completed form (the "**Redemption Notice**"), available at the offices of the Issuer during normal business hours, to the Issuer at least 30 Banking Days prior to the designated Redemption Date.

The Redemption Notice shall include in particular:

- (a) the name and the address of the Security Holder, with sufficiently conclusive proof of ownership to the Principal Paying Agent that such Security Holder at the time of such notice is a holder of the respective Securities;
- (b) the security identification number and the number of Securities in relation to which the Redemption Right shall be exercised;
- (c) the cash account held by a bank to which the Redemption Amount is to be transferred.

If the number of Securities stated in the Redemption Notice deviates from the number of Securities transferred to the Principal Paying Agent, the Redemption Notice shall be deemed to have been submitted for the number of Securities corresponding to the smaller of the two numbers. Any remaining Securities are transferred back to the Security Holder at the latter's expense and risk.

No Redemption Right so exercised may be revoked or withdrawn.

- (2) *Issuer's Regular Call Right:* The Issuer may at the last Banking Day of the month of January, February, March, April, May, June, July, August, September, October, November and December of each year starting on the First Call Date until the Maturity Date (excluding) (each such date a "**Call Date**") call the Securities completely but not partially (the "**Regular Call Right**") and redeem them pursuant to § 4 (1) of the Special Conditions.

The Issuer shall give notice of such call at least 30 calendar days prior to the relevant Call Date pursuant to § 6 of the General Conditions. Such notice shall be irrevocable and shall specify the relevant Call Date.

The Redemption Right of the Security Holders remains unaffected until the last Redemption Date immediately preceding the Call Date.

- (3) *Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice. The application of §§ 313, 314 BGB remains reserved.

The "**Cancellation Amount**" shall be the fair market value of the Securities as of the third Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent in its reasonable discretion (§ 315 BGB).

The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

§ 6

Payments

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

§ 7

Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than 8 consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Munich time) on this 9th Banking Day, taking into account the economic position of the Security Holders.

If within these 8 Banking Days traded Derivatives of the Underlying expire and are settled on the Determining Futures Exchange, the settlement price established by the Determining Futures Exchange for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Index Concept, Adjustments, Replacement Underlying, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Underlying with its provisions currently applicable, as developed and maintained by the Index Sponsor, as well as the respective method of calculation, determination, and publication of the price of the Underlying (the "**Index Concept**") applied by the Index Sponsor. This shall also apply if during the term of the Securities changes are made or occur in respect of the Index Concept, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities (in particular the Underlying, the Ratio and/or all prices of the Underlying, which have been specified by the Calculation Agent) and/or all prices of the Underlying determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Any adjustment will be performed taking into consideration any adjustments made by the Determining Futures Exchange to the there traded Derivatives linked to the Underlying, and the remaining term of the Securities as well as the latest available price of the Underlying. If the Calculation Agent determines that, pursuant to the rules of the Determining Futures Exchange, no adjustments were made to the Derivatives linked to the Underlying, the Terms and Conditions of these Securities regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified according to § 6 of the General Conditions.
- (3) *Replacement Underlying:* In cases of an Index Replacement Event or a License Termination Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should be used in the future as Underlying (the "**Replacement Underlying**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to the Underlying, the Ratio and/or all prices of the Underlying, which have been specified by the Issuer) and/or all prices of the Underlying determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The Replacement Underlying and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the Replacement Underlying on, any reference to the replaced Underlying in the Terms and Conditions of these Securities shall be deemed to refer to the Replacement Underlying.
- (4) *New Index Sponsor and New Index Calculation Agent:* If the Underlying is no longer determined by the Index Sponsor but rather by another person, company or institution (the "**New Index Sponsor**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the Underlying as determined by the New Index Sponsor. In this case, any reference to the replaced Index Sponsor in the Terms and Conditions of these Securities shall be deemed to refer to the New Index Sponsor. If the Underlying is no longer calculated by the Index Calculation Agent but rather by another person, company or institution (the "**New Index Calculation Agent**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the Underlying as calculated by the New Index Calculation Agent. In this case, any reference to the replaced Index Calculation Agent in the Terms and Conditions of these Securities shall be deemed to refer to the New Index Calculation Agent.
- (5) *Replacement Specification:* If a price of the Underlying published by the Index Sponsor or the Index Calculation Agent, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the Index Sponsor or the Index Calculation Agent, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the

"Replacement Specification").

- (6) The application of §§ 313, 314 BGB remains reserved.

Rights attached to the Securities The Securities have a fixed term. The Securities do not bear interest. A Security Holder is entitled to the payment of the Redemption Amount (as defined in C.15) either (i) upon exercise of its Redemption Right (as defined in the Final Terms) on the respective Redemption Date (as defined in C.16) or (ii) upon exercise of the Issuer's Regular Call Right (as defined in the Final Terms) on the respective Call Date (as defined in C.16) or (iii) if none of these rights have been exercised on the Maturity Date (as defined in C.16). Limitation of the rights Upon the occurrence of one or more Adjustment Events (as specified in the Final Terms) the Calculation Agent will in its reasonable discretion (§ 315 BGB) adjust the Terms and Conditions of these Securities and/or all prices of the Underlying determined by the Calculation Agent on the basis of the Terms and Conditions of the Securities, pursuant to the Final Terms, in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Upon the occurrence of one or more Call Events (the "Call Events") (as specified in the Final Terms) the Issuer may call the Securities extraordinarily pursuant to the Final Terms and redeem the Securities at their Cancellation Amount. The "Cancellation Amount" is the fair market value of the Securities, determined by the Calculation Agent in its reasonable discretion (§ 315 BGB). Status of the Securities

		The obligations under the Securities constitute direct, unconditional and unsecured obligations of the Issuer and rank, unless provided otherwise by law, <i>pari passu</i> with all other unsecured unsubordinated present and future obligations of the Issuer.
C.11	Admission to trading	Application will be made for the Securities to be admitted to trading with effect from 16/10/2015 on the following regulated or other equivalent markets: • Borsa Italiana S.p.A. – SeDeX market The UniCredit Bank AG (also the "Market Maker") undertakes to provide liquidity through bid and offer quotes in accordance with the market making rules of Borsa Italiana S.p.A., where the Securities are expected to be listed. The obligations of the Market Maker are regulated by the rules of the markets organized and managed by Borsa Italiana S.p.A., and the relevant instructions to such rules.
C.15	Effect of the underlying on the value of the securities	The value of the Securities during the term of the Securities depends decisively on the value of the Underlying (as defined in C.20). If the value of the Underlying rises, the value of the Securities regularly rises. If the value of the Underlying falls, the value of the Securities regularly falls. The Underlying is a leverage index i.e. an index tracking the performance of a Reference Index (as specified in the Final Terms) disproportionately based on a (constant) Leverage Factor (as specified in the Final Terms). The Security holders in turn participate disproportionately in the positive or negative performance of the Reference Index. The redemption upon the Security Holder's Redemption Right on the respective Redemption Date or upon exercise of the Issuer's Regular Call Right on the respective Call Date or, if none of these rights have been exercised, on the Maturity Date depends on the Relevant Reference Price (as defined in C.19). <i>Redemption</i> The Redemption Amount is an amount in the Specified Currency which corresponds to the Relevant Reference Price multiplied by the Ratio. The Ratio is on the First Trade Date the Ratio (initial) (as specified in the Final Terms). On each Adjustment Date (as specified in the Final Terms) following the First Trade Date the Ratio shall be adjusted by applying the Ratio Adjustment Factor (as specified in the Final Terms). The Redemption Amount may in no case be lower than zero.
C.16	The expiration or maturity date of the derivative securities – the exercise date or final reference date	The "Maturity Date", the "First Redemption Date", the "First Call Date" are specified in the table in the Annex to this summary. "Observation Date" means the fifth Banking Day prior to each Redemption Date and each Call Date and the Maturity Date respectively. "Call Date" means the last Banking Day of the month of January, February, March, April, May, June, July, August, September, October, November and December of each year, starting on the First Call Date (as specified in the table in the Annex to this summary). "Redemption Date" means the last Banking Day of the month of January, February, March, April, May, June, July, August, September, October, November and December of each year, starting on the First Redemption Date (as specified in the table in the Annex to this summary).

C.17	Settlement procedure of the securities	All payments shall be made to UniCredit Bank AG (the "Principal Paying Agent"). The Principal Paying Agent shall pay the amounts due to the Clearing System for credit to the respective accounts of the depository banks for transfer to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such payment. "Clearing System" means Monte Titoli S.p.A.
C.18	Description of how any return on derivative securities takes place	Payment of the Redemption Amount on the Redemption Date in relation to which a Security Holder exercises its Redemption Right or at the Call Date in relation to which the Issuer exercises its Regular Call Right or on the Maturity Date as the case may be.
C.19	Exercise price or final reference price of the underlying	" Relevant Reference Price " means the Reference Price (as defined in the table in the Annex to this summary) on the respective Observation Date immediately preceding the respective Redemption Date or the respective Call Date or Maturity Date, as the case may be.
C.20	Type of the underlying and description where information on the underlying can be found	The index which forms the Underlying is specified in the table in the Annex to this summary. For further information about the past and the future performance of the Underlying and its volatility, please refer to the Website (or any successor website), as specified in the table in the Annex to this summary.

--	---

		risk management methods or losses previously left out of its calculations entirely.
D.6	Key information on the key risks that are specific to the securities	In the opinion of the Issuer, the key risks described below may, with regard to the Security Holder, adversely affect the value of the Securities and/or the amounts to be distributed (including the delivery of any quantity of Underlyings or its components to be delivered) under the Securities and/or the ability of Security Holders to sell the Securities at a reasonable price prior to the maturity date of the Securities. • Potential conflicts of interest The risk of conflicts of interest (as described in E.4) is related to the possibility that the Issuer, distributors or any of their affiliates, in relation to certain functions or transactions, may pursue interests which may be adverse to or do not regard the interests of the Security Holders. • Key risks related to the Securities Key risks related to the market Under certain circumstances a Security Holder may not be able to sell his Securities at all or at an adequate price prior to their redemption. The market value of the Securities will be affected by the creditworthiness of the Issuer and a number of other factors (e.g., exchange rates, prevailing interest and yield rates, the market for similar securities, the general economic, political and cyclical conditions, the tradability of the Securities and Underlying-related factors) and may be substantially lower than the Nominal Amount or the Purchase Price. Security Holders may not rely on being able to sufficiently hedge against price risks arising from the Securities at any time. Key risks related to the Securities in general The Issuer may possibly fail to perform its obligations under the Securities in whole or in part, e.g., in case of an insolvency of the Issuer or due to governmental or regulatory interventions. Such risk is not protected by a deposit protection scheme or any similar compensation scheme. An investment into the Securities may be illegal or unfavourable for a potential investor or not suitable, with regard to his knowledge or experience and his financial needs. The real rate of return of an investment into the Securities may be reduced or may be zero or even negative (e.g., due to incidental costs in connection with the purchase, holding and disposal of the Securities, future money depreciation (inflation) or tax effects). The redemption amount may be less than the Issue Price or the respective purchase price and, under certain circumstances, no interest or ongoing payments will be made. The proceeds from the Securities may possibly not be sufficient to make interest or principal payments arising from a financing purchase of the Securities and require additional capital. Risks related to Underlying-linked Securities <i>Risks arising from the influence of the Underlying or its components on the market value of the Securities</i> The market value of the Securities and the amounts payable under the Securities significantly depend on the price of the Underlying. It is not possible to predict the price development of the Underlying or its components in the future. Additionally, the market value of the Securities will be affected by a number of Underlying-related factors. <i>Risks arising from the fact that the observation of the Underlying or its components occurs only at specified dates or times or periods</i> Due to the fact that the observation of the Underlying or its components may

		occur only at specified dates, times or periods, amounts payable under the Securities may be considerably lower than the price of the Underlying or its components may have suggested. <i>Risks due to open-end structure</i> Securities may be issued without a fixed term. Security Holders have no claim for repayment until the Issuer's Regular Call Right or the Redemption Right of Security Holder has been exercised. <i>Risks related to a conditional minimum payment</i> In cases where a conditional minimum payment is provided for in connection with the redemption, the Security Holder may lose all or a substantial portion of the amount invested if the price of the Underlying or its components develops unfavourably for the Security Holder or if the Securities are terminated, called or sold before the maturity date of the Securities. <i>Risks related to conditional payments</i> The payment and/or the extent of such amounts depend on the performance of the Underlying or its components and may also be very low or even zero. <i>Risks arising from the impact of thresholds or limits</i> Certain amounts only may be payable if certain thresholds or limits have been reached or if certain events have occurred. <i>Risks related to Barrier Events</i> If a Barrier Event occurs, in particular, a conditional minimum payment or payments of Additional Amounts may forfeit, the potential return from the Securities may be capped, Physical Settlement may occur and the Security Holders may lose his invested capital in total or in part. <i>Risks related to a Strike</i> The Security Holders may participate either to a lesser extent in a favourable performance or to a greater extent in a unfavourable performance of the Underlying or its components. <i>Risks related to a Maximum Amount</i> The potential return from the Securities may be limited. <i>Risks related to a Ratio</i> A ratio may result in the Security being in economic terms similar to a direct investment in the relevant Underlying or its components, but being nonetheless not fully comparable with such a direct investment <i>Reinvestment Risk</i> Security Holders may only reinvest the principal received due to an early repayment of the Securities to less favourable conditions. <i>Risks related to Early Redemption Events</i> The Security Holder will neither participate in the future performance of the Underlying or its components nor be entitled to further payments under the Securities after this early redemption. The early redemption amount may be below the Issue Price or Purchase Price. <i>Risks related to a Barrier Event in connection with an Early Redemption Event</i> The Security Holder may lose the chance to receive payment of an Early Redemption Amount. <i>Currency and Currency Exchange Rate risk with respect to the Underlying or its components</i> If the Underlying or its components are denominated in a currency other than the Specified Currency, there is a Currency Exchange Rate risk, as long as it is not excluded in the relevant Final Terms. <i>Risks relating to reverse structures</i>
--	--	---

	In case of Securities with reverse structures, the value of the Securities falls if the price of the Underlying or its components rises. In addition, the potential income from the Securities is limited. <i>Risks relating to fixed rate Securities</i> The market value of the fixed rate Securities may be very volatile, depending on the volatility of interest rates on the capital market. <i>Risks relating to Floater Securities</i> Security Holders are exposed to the risk of fluctuating interest rates and uncertain interest income. <i>Special risks related to reference rates</i> The performance of an underlying reference rate is affected by a number of factors. The reference rates underlying the Securities, might not be available for the entire term of the Securities. <i>Risks due to a limitation of the interest rate to a maximum interest rate</i> Floating rate interest payments may be limited. <i>Risks arising from an Issuer's Regular Call Right</i> Securities that contain a regular call right of the Issuer may be redeemed by the Issuer in his sole discretion on certain call dates. If the price of the Underlying or its components is unfavourable at the call date, the respective Security Holder may suffer a partial or total loss of their invested capital. <i>Risks arising from the Redemption Right of the Security Holders</i> Securities that contain a redemption right of the Security Holders may be redeemed by the Security Holders on certain call dates. If the price of the Underlying or its components is unfavourable at the time of the exercise, the respective Security Holder may suffer a partial or total loss of their invested capital. <i>Risks related to Adjustment Events</i> Adjustments may have a substantial negative impact on the value and the future performance of the Securities as well as on the amounts to be distributed under the Securities. Adjustment events may also lead to an extraordinary early termination of the Securities. <i>Risks related to Call Events</i> Upon the occurrence of a Call Event the Issuer has the right to extraordinarily call the Securities at their market value. If the market value of the Securities at the time of the extraordinary call is lower than the Issue Price or the Purchase Price, the respective Security Holder will suffer a partial or total loss of its invested capital even if the Securities provide for a conditional minimum payment. <i>Risks related to Market Disruption Events</i> The Calculation Agent may defer valuations and payments and make determination in its reasonable discretion. Security Holders are not entitled to demand interest due to such delayed payment. <i>Risks related to Physical Settlement</i> The Securities might be redeemed at the maturity date of the Securities by delivery of a quantity of Underlyings or its components. • Key risks related to the Underlying or its components General risks <i>No rights of ownership of the Underlying or its Components</i> The Underlying or its components will not be held by the Issuer for the
--	---

		benefit of the Security Holders, and as such, Security Holders will not obtain any rights of ownership (e.g., voting rights, rights to receive dividends or other distributions or other rights) with respect to the Underlying or its components. Key risks related to indices The performance of Index-linked Securities depends on the performance of the respective indices, which largely depend on the composition and the performance of their index components. The Issuer may neither have influence on the respective index nor the index concept. If the Issuer also acts as sponsor or calculation agent of the index, this may lead to conflicts of interest. In general, an index sponsor does not assume liability. Generally, an index may at any time be altered, terminated or replaced by any successor index. Security Holders may not or only partly participate in dividends or other distributions in relation to the index components. If the index entails a leverage factor, investors bear an enhanced risk of losses. Indices may be affected disproportionately negative in the case of an unfavourable development in a country or industrial sector. Indices may include fees which negatively affect their performance. The Securities are not capital protected. Investors may lose the value of their entire investment or part of it.

C. STRUMENTI FINANZIARI

C.1	Descrizione del tipo e della classe degli Strumenti Finanziari	Strumenti Finanziari Closed End Leverage Gli Strumenti Finanziari saranno emessi come Certificati non alla pari. I "Certificati" sono titoli al portatore (<i>Inhaberschuldverschreibungen</i>) ai sensi del § 793 del Codice Civile tedesco (<i>Bürgerliches Gesetzbuch, BGB</i>). Gli Strumenti Finanziari sono rappresentati da un certificato globale permanente senza cedola. I portatori degli Strumenti Finanziari (i "Titolari") non sono autorizzati a ricevere Strumenti Finanziari in forma effettiva. L'ISIN è specificato nella tabella contenuta nell'Allegato alla presente nota di sintesi.
C.2	Valuta di emissione degli Strumenti Finanziari	Gli Strumenti Finanziari saranno emessi in euro (" EUR ") (la " Valuta di Emissione ").
C.5	Eventuali restrizioni alla libera trasferibilità degli strumenti finanziari	Non applicabile. Non sono previste restrizioni alla libera trasferibilità degli Strumenti Finanziari.
C.8	Descrizione dei diritti connessi agli strumenti finanziari compreso il " <i>ranking</i> " e le restrizioni a tali diritti	Diritto applicabile agli Strumenti Finanziari Gli Strumenti Finanziari, per forma e contenuto, e tutti i diritti ed obblighi dell'Emittente e dei Titolari, sono regolati dalla legge della Repubblica Federale Tedesca. Diritti collegati agli Strumenti Finanziari Gli Strumenti Finanziari hanno una scadenza fissa. Gli Strumenti Finanziari non pagano interessi. Il Titolare ha diritto al pagamento dell'Importo di Rimborso (come definito sub C.15) o (i) in caso di esercizio del proprio Diritto di Rimborso (come definito nelle Condizioni Definitive) alla rispettiva Data di Rimborso (come definita sub C.16) o (ii) a seguito dell'esercizio del Diritto di Riscatto Regolare da parte dell'Emittente (come definito nelle Condizioni Definitive) alla rispettiva Data di Riscatto (come definita sub C.16) o (iii) se nessuno di questi diritti è stato esercitato alla Data di Liquidazione (come definita sub C.16). Limitazione dei diritti Al verificarsi di uno o più Eventi di Rettifica (come specificati nelle Condizioni Definitive) l'Agente per il Calcolo provvederà, a propria ragionevole

		discrezione (§315 BGB), a rettificare i Termini e le Condizioni degli Strumenti Finanziari e/o tutti i prezzi del Sottostante determinati dall'Agente per il Calcolo sulla base dei Termini e le Condizioni degli Strumenti Finanziari, conformemente alle Condizioni Definitive, in modo tale da lasciare il più possibile invariata la posizione economica dei Titolari. Al verificarsi di uno o più Eventi di Riscatto Straordinario (gli “Eventi di Riscatto Straordinario”) (come specificato nelle Condizioni Definitive) l'Emittente può esercitare il riscatto straordinario degli Strumenti Finanziari secondo quanto previsto dalle Condizioni Definitive e rimborsarli al rispettivo Importo di Cancellazione. L'“Importo di Cancellazione” è il valore di mercato (<i>fair market value</i>) attribuibile agli Strumenti Finanziari determinato dall'Agente per il Calcolo a propria ragionevole discrezione (§315 BGB). Status degli Strumenti Finanziari Gli obblighi derivanti dagli Strumenti Finanziari costituiscono obbligazioni dirette, incondizionate e non subordinate dell'Emittente e, salvo quanto diversamente previsto dalla legge, sono parimenti ordinate con le altre obbligazioni incondizionate e non subordinate presenti e future dell'Emittente.
C.11	Ammissione alla negoziazione	Sarà presentata istanza per l'ammissione a quotazione degli Strumenti Finanziari con efficacia dal 16/10/2015 presso i seguenti mercati regolamentati o altri mercati equivalenti: • Borsa Italiana S.p.A. – SeDeX market UniCredit Bank AG (ovvero il “Market Maker”) si impegna a fornire la liquidità mediante proposte di acquisto e vendita conformemente ai regolamenti di Borsa Italiana S.p.A., dove è prevista la quotazione degli Strumenti Finanziari. Gli obblighi del Market Maker sono stabiliti dai regolamenti dei mercati organizzati e gestiti da Borsa Italiana S.p.A., e dalle istruzioni ad essi relative.
C.15	Effetto del sottostante sul valore degli strumenti finanziari	Il valore degli Strumenti Finanziari nel corso della durata dei medesimi è strettamente correlato al valore del Sottostante (come definito sub C.20). Se il valore del Sottostante aumenta, di regola il valore degli Strumenti Finanziari aumenta. Se il valore del Sottostante diminuisce, di regola il valore degli Strumenti Finanziari diminuisce. Il Sottostante è un indice con leva i.e. un indice che segue la performance di un Indice di Riferimento (come specificato nelle Condizioni Definitive) in modo più che proporzionale, a seconda di un Fattore di Leva (costante) (come specificato nelle Condizioni Definitive). A loro volta, i Titolari partecipano in modo più che proporzionale alla performance positiva o negativa dell'Indice di Riferimento. Il rimborso, a seguito dell'esercizio del Diritto di Rimborso da parte dei Titolari alla rispettiva Data di Rimborso o a seguito dell'esercizio del Diritto di Riscatto Regolare da parte dell'Emittente alla rispettiva Data di Riscatto ovvero, in caso di mancato esercizio dei predetti diritti, alla Data di Liquidazione, dipende dal Prezzo di Riferimento Rilevante (come definito sub C.19). <i>Rimborso</i> L'Importo di Rimborso corrisponde ad un importo espresso nella Valuta di Emissione pari al Prezzo di Riferimento Rilevante moltiplicato per il Multiplo. Al Primo Giorno di Negoziazione il Multiplo corrisponde al Multiplo (iniziale)

		(come specificato nelle Condizioni Definitive). Ad ogni Data di Rettifica (come specificata nelle Condizioni Definitive) successiva al Primo Giorno di Negoziazione il Multiplo dovrà essere rettificato applicando il Fattore di Rettifica del Multiplo (come specificato nelle Condizioni Definitive). L'Importo di Rimborso non può in nessun caso essere minore di zero.
C.16	La Data di Liquidazione degli strumenti derivati – la data di esercizio o la data di riferimento finale	La "Data di Liquidazione", il "Primo Giorno di Rimborso", la "Prima Data di Riscatto" sono specificati nella tabella contenuta nell'Allegato alla presente nota di sintesi. "Data di Osservazione" designa il quinto Giorno Lavorativo anteriore rispettivamente a ciascuna Data di Rimborso e a ciascuna Data di Riscatto e alla Data di Liquidazione. "Data di Riscatto" designa l'ultimo Giorno Lavorativo del mese di gennaio, febbraio, marzo, aprile, maggio, giugno, luglio, agosto, settembre, ottobre, novembre e dicembre di ciascun anno, a partire dalla Prima Data di Riscatto (come specificata nella tabella contenuta nell'Allegato alla presente nota di sintesi). "Data di Rimborso" designa l'ultimo Giorno Lavorativo del mese di gennaio, febbraio, marzo, aprile, maggio, giugno, luglio, agosto, settembre, ottobre, novembre e dicembre di ciascun anno, a partire dalla Prima Data di Rimborso (come specificata nella tabella contenuta nell'Allegato alla presente nota di sintesi).
C.17	Modalità di regolamento degli strumenti finanziari	Ogni pagamento dovrà essere eseguito a UniCredit Bank AG (l' "Agente Principale di Pagamento"). L'Agente Principale di Pagamento dovrà corrispondere gli importi maturati presso il Sistema di Compensazione da accreditarsi sui rispettivi conti delle banche depositarie per il trasferimento sui conti dei Titolari. Il pagamento al Sistema di Compensazione manleva l'Emittente dai propri obblighi derivanti dagli Strumenti Finanziari in relazione all'importo di tale pagamento. "Sistema di Compensazione" significa Monte Titoli S.p.A.
C.18	Descrizione delle modalità secondo le quali si generano i proventi degli strumenti derivati	Pagamento dell'Importo di Rimborso alla Data di Rimborso nella quale un Titolare esercita il proprio Diritto di Rimborso o alla Data di Riscatto nella quale l'Emittente esercita il proprio Diritto di Riscatto Regolare o alla Data di Liquidazione a seconda dei casi.
C.19	Prezzo di esercizio o prezzo di riferimento definitivo del sottostante	"Prezzo di Riferimento Rilevante" significa il Prezzo di Riferimento (come definito nella tabella contenuta nell'Allegato alla presente nota di sintesi) alla rispettiva Data di Osservazione immediatamente precedente alla rispettiva Data di Rimborso o Data di Riscatto o Data di Liquidazione, a seconda dei casi.
C.20	Descrizione del tipo di sottostante e di	L'indice che costituisce il Sottostante è specificato nella tabella contenuta nell'Allegato alla presente nota di sintesi. Per ulteriori informazioni circa la performance passata e futura del Sottostante e la relativa volatilità, si faccia

D. RISCHI

D.2	Informazioni fondamentali sui principali rischi che sono specifici e individuali per l'Emittente	<i>I potenziali investitori devono essere consapevoli che, qualora si verifichi uno dei seguenti fattori di rischio, il valore degli strumenti finanziari potrebbe ridursi con la conseguente perdita totale del capitale investito.</i> Rischio Macroeconomico Rischi per effetto di un deterioramento nel quadro di sviluppo macroeconomico e/o nei mercati finanziari e per effetto di incertezze geopolitiche. D.6	Informazioni fondamentali sui principali rischi che sono specifici per gli strumenti finanziari	L'Emittente ritiene che i principali rischi descritti di seguito possono, con riferimento ai Titolari, influenzare negativamente il valore degli Strumenti Finanziari e/o gli importi da distribuire (inclusa la consegna di una quantità di Sottostanti o di componenti degli stessi) derivanti dagli Strumenti Finanziari e/o la possibilità dei Titolari di cedere gli Strumenti Finanziari ad un prezzo ragionevole prima della relativa data di liquidazione. • Potenziati conflitti di interesse Il rischio di conflitti di interessi (come descritto sub E.4) è correlato alla possibilità che l'Emittente, collocatori o rispettivi affiliati perseguano, in relazione a talune funzioni o operazioni, interessi che possono essere contrari o non tenere conto degli interessi dei Titolari.

	• Principali rischi correlati agli Strumenti Finanziari <i>Principali rischi correlati al mercato</i> In determinate circostanze un Titolare può non essere in grado di rivendere i propri Strumenti Finanziari ovvero di rivenderli ad un prezzo adeguato prima del rimborso. Il valore di mercato degli Strumenti Finanziari sarà influenzato dalla solvibilità dell'Emittente e da ulteriori fattori (e.g., tassi di cambio, interesse attuale e tassi di rendimento, il mercato per strumenti finanziari comparabili, le condizioni economiche generali, politiche e cicliche, la negoziabilità degli Strumenti Finanziari ed i fattori correlati al Sottostante) e può essere sostanzialmente inferiore al Valore Nominale o al Prezzo di Acquisto. I Titolari non possono fare affidamento sulla possibilità di tutelarsi in qualsiasi momento dai rischi di prezzo derivanti dagli Strumenti Finanziari. <i>Principali rischi correlati agli Strumenti Finanziari in generale</i> L'Emittente potrebbe non essere in grado di adempiere, in tutto o in parte, ai propri obblighi derivanti dagli Strumenti Finanziari, e.g. in caso di insolvenza dell'Emittente o per effetto di interventi governativi o regolamentari. A fronte di tale rischio non è previsto alcun sistema di garanzia dei depositi né alcun sistema di indennizzo analogo. Un investimento negli Strumenti Finanziari potrebbe essere contrario alla legge o non favorevole per un potenziale investitore ovvero inadatto in considerazione della propria conoscenza o esperienza e dei propri bisogni finanziari. Il tasso di rendimento reale di un investimento negli Strumenti Finanziari può ridursi a zero ovvero assumere valori negativi (e.g., a causa di costi accessori connessi all'acquisto, alla detenzione e alla dismissione degli Strumenti Finanziari, a future svalutazioni monetarie (inflazione) o ad effetti fiscali). L'importo di rimborso può essere inferiore al Prezzo di Emissione o al rispettivo prezzo di acquisto e, in alcune circostanze, non verrà corrisposto alcun interesse né verranno eseguiti pagamenti nel corso del periodo di detenzione degli Strumenti Finanziari. I proventi degli Strumenti Finanziari potrebbero non essere sufficienti a generare interessi o a permettere di eseguire i pagamenti dovuti per effetto dell'acquisto degli Strumenti Finanziari mediante finanziamento richiedendo capitale aggiuntivo. <i>Rischi correlati a Strumenti Finanziari collegati a Sottostanti</i> <i>Rischi dovuti all'influenza del Sottostante o di componenti dello stesso sul valore di mercato degli Strumenti Finanziari</i> Il valore di mercato degli Strumenti Finanziari e gli importi erogabili derivanti dagli Strumenti Finanziari dipendono significativamente dal prezzo del Sottostante. L'evoluzione futura del prezzo del Sottostante o di componenti dello stesso non è prevedibile. Inoltre, il valore di mercato degli Strumenti Finanziari sarà influenzato da diversi fattori correlati al Sottostante. <i>Rischi dovuti al fatto che la valutazione del Sottostante o delle componenti dello stesso avviene solo in date, momenti o periodi specificati</i> In considerazione del fatto che la valutazione del Sottostante o di componenti dello stesso può avvenire solo in date, momenti o periodi specificati, i proventi erogabili derivanti dagli Strumenti Finanziari possono essere considerevolmente più bassi rispetto al prezzo che il Sottostante o componenti dello stesso potrebbero aver suggerito. <i>Rischi dovuti alla struttura open-end</i> Gli Strumenti Finanziari possono essere emessi senza una scadenza fissa. I Titolari non hanno diritto al rimborso fino a quando non venga esercitato il Diritto di Riscatto da parte dell'Emittente o il Diritto di Rimborso da parte del Titolare.
--	---

	<i>Rischi correlati ad un pagamento di un importo minimo condizionale</i> Nei casi in cui è previsto un pagamento di un importo minimo condizionale, il Titolare può perdere del tutto o per una parte considerevole il capitale investito se il prezzo del Sottostante o di componenti dello stesso segue un andamento non favorevole per il Titolare o se gli Strumenti Finanziari vengono cancellati, riscattati o ceduti prima della relativa data di liquidazione. <i>Rischi correlati a pagamenti condizionali</i> Il pagamento e/o l'entità di tali importi dipendono dalla performance del Sottostante o di componenti dello stesso e possono essere molto bassi o pari a zero. <i>Rischi dovuti all'impatto di soglie o limiti</i> Taluni importi possono essere erogati solo se sono state raggiunte specifiche soglie o limiti o se si sono verificati particolari eventi. <i>Rischi correlati a Eventi Barriera</i> In particolare, se si è verificato un Evento Barriera, può venir meno il pagamento di un importo minimo condizionale o il pagamento di Importi Aggiuntivi ovvero può essere stabilito un tetto massimo per il rendimento potenziale degli Strumenti Finanziari ovvero può verificarsi un caso di Consegnata Fisica e il Titolare può perdere in tutto o in parte il capitale investito. <i>Rischi correlati allo Strike</i> I Titolari possono partecipare in misura minore ad una performance favorevole o in misura maggiore ad una performance non favorevole del Sottostante o di componenti dello stesso. <i>Rischi correlati ad un Importo Massimo</i> Il rendimento potenziale degli Strumenti Finanziari può essere soggetto a limitazioni. <i>Rischi correlati ad un Multiplo</i> Un multiplo può fare sì che lo Strumento Finanziario sia analogo, sebbene non del tutto assimilabile, in termini economici ad un investimento diretto nel relativo Sottostante o nelle componenti dello stesso. <i>Rischio di reinvestimento</i> I Titolari possono reinvestire il capitale ricevuto a seguito di un rimborso anticipato degli Strumenti Finanziari unicamente a condizioni meno favorevoli. <i>Rischi correlati a Eventi di Rimborso Anticipato</i> Il Titolare, a seguito del rimborso anticipato degli Strumenti Finanziari, non potrà più partecipare alle performance future del Sottostante o di componenti dello stesso né avrà diritto a ulteriori pagamenti di importi derivanti dagli Strumenti Finanziari. L'importo di rimborso anticipato può essere minore del Prezzo di Emissione o del Prezzo di Acquisto. <i>Rischi correlati a Eventi Barriera connessi ad un Evento di Rimborso Anticipato</i> Il Titolare può perdere l'opportunità di percepire il pagamento dell'Importo di Rimborso Anticipato. <i>Rischio Valuta e rischio del Tasso di Cambio con riferimento al Sottostante o a componenti dello stesso</i> Se il Sottostante o le componenti dello stesso sono espresse in una valuta diversa dalla Valuta di Emissione, esiste un rischio connesso al Tasso di Cambio a meno che tale rischio non venga escluso nelle relative Condizioni Definitive. <i>Rischi correlati a strutture reverse</i> In ipotesi di Strumenti Finanziari con strutture del tipo reverse, il valore degli
--	---

	Strumenti Finanziari diminuisce se il prezzo del Sottostante, o dei suoi componenti, aumenta. Inoltre, il reddito potenziale dagli Strumenti Finanziari è limitato. <i>Rischi correlati a Strumenti Finanziari a tasso fisso</i> Il valore di mercato di Strumenti Finanziari a tasso fisso può essere molto volatile, in dipendenza della volatilità dei tassi d'interesse sul mercato dei capitali. <i>Rischi correlati a Strumenti Finanziari a tasso variabile</i> I Titolari di Strumenti Finanziari sono esposti al rischio di fluttuazione dei tassi d'interesse e di incerti ricavi da interessi. <i>Rischi speciali correlati a tassi di riferimento</i> La performance di un tasso di riferimento sottostante può essere influenzata da un numero di fattori. I tassi di riferimento sottostanti agli Strumenti Finanziari possono non essere disponibili per l'intera durata degli Strumenti Finanziari. <i>Rischi derivanti dalla limitazione del tasso d'interesse a un importo massimo</i> I pagamenti di interessi variabili possono essere limitati. <i>Rischi derivanti dal Diritto di Riscatto in capo all'Emittente</i> Nell'ipotesi di Strumenti Finanziari che attribuiscono all'Emittente il Diritto di Riscatto, tali Strumenti Finanziari possono essere riscattati, a discrezione dell'Emittente, a date predefinite. Qualora il prezzo del Sottostante sia sfavorevole al momento del Riscatto da parte dell'Emittente, il Titolare può subire una perdita parziale o totale del proprio capitale investito. <i>Rischi derivanti dal Diritto di Rimborso in capo ai Titolari</i> Nell'ipotesi di Strumenti Finanziari che attribuiscono un diritto di rimborso in capo ai Titolari, gli Strumenti possono essere rimborsati a date predefinite. Qualora il prezzo del Sottostante sia sfavorevole al momento dell'esercizio, il Titolare può subire una perdita parziale o totale del proprio capitale investito. <i>Rischi correlati ad Eventi di Rettifica</i> Rettifiche potrebbero avere un impatto negativo sostanziale sul valore e la futura performance degli Strumenti Finanziari così come sugli importi da distribuire derivanti dagli Strumenti Finanziari. Eventi di rettifica possono inoltre determinare il riscatto straordinario anticipato degli Strumenti Finanziari. <i>Rischi correlati a Eventi di Riscatto</i> Al verificarsi di un Evento di Riscatto Straordinario l'Emittente ha diritto di riscatto straordinario degli Strumenti Finanziari al rispettivo valore di mercato. Se il valore di mercato degli Strumenti Finanziari al momento del riscatto straordinario è inferiore al Prezzo di Emissione o al prezzo di acquisto, il relativo Titolare sarà soggetto ad una parziale o totale perdita del capitale investito nonostante gli Strumenti Finanziari prevedano un pagamento minimo condizionale. <i>Rischi correlati a Turbative di Mercato</i> L'Agente per il Calcolo può rinviare date di valutazione e pagamenti ed effettuare valutazioni a propria ragionevole discrezione. I Titolari non hanno diritto a richiedere interessi per ritardato pagamento. <i>Rischi correlati alla Consegna Fisica.</i> Gli Strumenti Finanziari potrebbero essere rimborsati alla relativa data di liquidazione mediante consegna di una quantità del Sottostante o di componenti dello stesso. • Principali rischi correlati al Sottostante o a componenti dello stesso <i>Rischi generali</i>
--	---

		<i>Nessun diritto di proprietà sul Sottostante o su componenti dello stesso</i> Il Sottostante o le componenti dello stesso non saranno detenuti dall'Emittente a beneficio del Titolare, e di conseguenza, i Titolari non avranno alcun diritto di proprietà (e.g. diritti di voto, diritti di ricevere dividendi o altre distribuzioni, nonché altri diritti) in relazione al Sottostante o alle componenti dello stesso. Principali rischi correlati agli indici La performance di Strumenti Finanziari correlati ad Indici è legata alla performance dei rispettivi indici, che dipende largamente dalla composizione e performance dei componenti degli indici. L'Emittente può non avere alcuna influenza sul rispettivo indice o sul metodo di calcolo dell'indice. Se l'Emittente agisce anche come sponsor o agente di calcolo dell'indice, potrebbero insorgere conflitti di interesse. In generale, lo sponsor di un indice non si assume responsabilità. Di regola, un indice può essere modificato, cessato o sostituito da un indice successivo in ogni momento. I Titolari non possono, o possono partecipare solo parzialmente, ai dividendi o ad altre distribuzioni in relazione a componenti degli indici. Se l'indice comporta un fattore di leva, gli investitori sopportano un più elevato rischio di perdite. Gli indici possono essere influenzati in modo negativo e più che proporzionale in caso di evoluzione non favorevole di un paese o settore industriale. Gli indici possono includere commissioni che influenzano negativamente la rispettiva performance. Gli Strumenti Finanziari non hanno protezione del capitale. Gli investitori possono perdere in toto il proprio investimento o parte di tale investimento.
