ADDITIONAL INFORMATION

The Distributor may have a conflict of interest with respect to the distribution of the notes because it will receive a distribution fee from us equal to a percentage of the face amount of the notes being placed, as indicated in "Distribution" above. Moreover, a conflict of interest may arise with respect to the distribution of the notes because (1) the Distributor, an entity belonging to the UniCredit Group, owns a stake in EuroTLX SIM S.p.A. (the operator of EuroTLX) which is also its related party (*parte correlata*), and (2) the Manager of the Placement Network, (a) belongs to the same banking group as the Distributor, (b) carries out market making activities in EuroTLX, (c) will act as structurer, and in such capacity will earn structuring fees equal to 0.85% of the face amount of the notes and will also earn in connection with the hedging arrangements with Goldman Sachs International relating to the notes issued by The Goldman Sachs Group, Inc. an amount equal to 1.06% of the face amount of the notes, with both fees reflected in the pricing structure of the notes, and (d) will act as hedging counterparty in the hedging agreement entered into by the Issuer in relation to the notes, also through Goldman Sachs International. The structuring fees and the amount of other costs which the Manager of the Placement Network will receive are a percentage of the total face amount of the notes. Therefore, the total amount of such payments to the Manager of the Placement Network will increase with any increase in the face amount of the notes. Consequently, any increase in the total face amount of the notes will increase the incentive for a conflict of interest to the Manager of the Placement Network.

Any agent and its affiliates may also have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for us and our affiliates in the ordinary course of business.

Goldman Sachs International may resell any notes it purchases as principal to other brokers or dealers at a discount, which may include all or part of the discount the agent received from us. If all the notes are not sold at the initial offering price, the agent may change the offering price and the other selling terms.

Any agent and its affiliates may also have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for us and our affiliates in the ordinary course of business.

The Issuer will not be a party to any such arrangements with Investors (other than Goldman Sachs International) in connection with the offer or sale of the Securities and, accordingly, the Base Prospectus and the Final Terms will not contain such information and an Investor must obtain such information from the Distributor or the Authorised Offeror. Information in relation to an offer to the public will be made available at the time such sub-offer is made, and such information will also be provided by the Distributor or the relevant Authorised Offeror at the time of such offer. Each fiscal agency agreement is a contract between The Goldman Sachs Group, Inc. and The Bank of New York Mellon, which acts as fiscal agent. The fiscal agent performs certain administrative duties for the Issuer. The fiscal agent does not act as an indenture trustee on your behalf. <i>Mergers and similar transactions</i> The Issuer will not merge or consolidate with another corporation or corporate entity, unless certain conditions are met. <i>Restrictions on liens</i> With respect to the notes, the Issuer will not create, assume, incur or guarantee any indebtedness for borrowed money secured by a pledge, lien or other similar encumbrance on any of the equity interests that the Issuer or any of its subsidiaries own in Goldman, Sachs & Co., unless the Issuer also secures the notes on an equal or priority basis or the Issuer’s board of directors determines that the liens do not materially detract from or interfere with the value or control of those interests, as of the date of such determination. <i>Defeasance and covenant defeasance</i> Unless otherwise specified in the applicable final terms, if there is a change in applicable U.S. federal tax law, the Issuer will be entitled, in the case of all fixed rate notes payable in U.S. dollars to release itself from all obligations under the notes, subject to certain conditions. Moreover, unless otherwise specified in the applicable final terms, the Issuer will be entitled, in the case of all fixed rate notes payable in U.S. dollars, to release itself from any other restrictive covenants relating to the notes, subject to similar conditions as those referred to above. <i>Events of Default</i> The terms of the notes contain, among others, the following events of default: - the Issuer does not pay the principal or any premium on any of such notes on the due date; - the Issuer does not pay interest on any of such notes within 30 days after the due date; and - the Issuer files for bankruptcy or other events of bankruptcy, insolvency or reorganization relating to The Goldman Sachs Group, Inc. occur. <i>Governing Law</i> The notes will be governed by New York law.

		Ranking The notes will rank pari passu with all other unsecured and unsubordinated indebtedness of The Goldman Sachs Group, Inc. Limitations to rights • Notwithstanding that the notes are linked to the performance of the underlying asset(s), holders do not have any rights in respect of the underlying assets(s). • Each fiscal agency agreement contains provisions for convening meetings of the holders of notes to consider matters affecting their interests. Although some changes require the approval of each holder of notes affected by an amendment, some do not require any approval by holders of notes and some require only the approval of 66 2/3% in aggregate principal amount of the affected notes, and so holders may be bound even if they did not attend and vote at the relevant meeting or voted in a manner contrary to the plurality. • The terms and conditions of the notes permit the Issuer and the Calculation Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the consent of the holders of the notes, to make adjustments to the terms and conditions of the notes, to redeem the notes prior to maturity, (where applicable) to postpone valuation of the underlyers or scheduled payments under the notes, to change the currency in which the notes are denominated, to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the notes and the underlyers (if any).
