The method of calculation or, respectively, specification of the Redemption Amount is subject to adjustments and market disruptions pursuant to § 7, § 8 and § 9 of the Special Conditions.

## § 5

### Redemption Right of the Security Holders, Issuer's Regular Call Right, Issuer's Extraordinary Call Right

- (1) *Redemption Right of the Security Holders:* Each Security Holder may demand redemption of the Securities pursuant to the provisions of § 4 (1) of the Special Conditions against delivery of the Securities to the account of the Principal Paying Agent No. 60547 with the Clearing System to the Issuer's order (the "**Redemption Right**") at starting on the First Redemption Date (each such date a "**Redemption Date**").

The exercise of the Redemption Right shall be declared by the Security Holder by transmission of a duly completed form (the "**Redemption Notice**"), available at the offices of the Issuer during normal business hours, to the Issuer at least 60 calendar days prior to the designated Redemption Date.

The Redemption Notice shall include in particular:

- (a) the name and the address of the Security Holder, with sufficiently conclusive proof of ownership to the Principal Paying Agent that such Security Holder at the time of such notice is a holder of the respective Securities;
- (b) the security identification number and the number of Securities in relation to which the Redemption Right shall be exercised;
- (c) the cash account held by a bank to which the Redemption Amount is to be transferred.

If the number of Securities stated in the Redemption Notice deviates from the number of Securities transferred to the Principal Paying Agent, the Redemption Notice shall be deemed to have been submitted for the number of Securities corresponding to the smaller of the two numbers. Any remaining Securities are transferred back to the Security Holder at the latter's expense and risk.

No Redemption Right so exercised may be revoked or withdrawn.

- (2) *Issuer's Regular Call Right:* The Issuer may at the last Banking Day of the month of January each year starting on the First Call Date (each such date a "**Call Date**") call the Securities completely but not partially (the "**Regular Call Right**") and redeem them pursuant to § 4 (1) of the Special Conditions.

The Issuer shall give notice of such call at least 60 calendar days prior to the relevant Call Date pursuant to § 6 of the General Conditions. Such notice shall be irrevocable and shall specify the relevant Call Date.

The Redemption Right of the Security Holders remains unaffected until the last Redemption Date immediately preceding the Call Date.

- (3) *Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice.

The "**Cancellation Amount**" shall be the fair market value of the Securities as of the first Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent acting in accordance with relevant market practice and in good faith under then prevailing circumstances.

The determination of the fair market value is based on the economic equivalent of the Issuer's payment obligations to the Security Holders consistent with the provisions for the redemption profile, interest or other additional amounts of the Securities that would otherwise be due after the day on which the extraordinary call becomes effective and which is adjusted for taking into consideration the following parameters as of the first Banking Day before the extraordinary call becomes effective: the price of the Underlying, the remaining time to maturity, the estimated volatility, the expected dividends (if applicable), the current market interest rate as well as the interest spread associated with the credit default risk of the Issuer and any other relevant market parameter that can influence the value of the Securities. The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

## § 6

### Payments

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the smallest unit of the Specified Currency, with 0.5 of such unit being rounded upwards.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks

and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the legal interest rate (*Saggio degli Interessi legali*), pursuant to Section 1284 CC, without prejudice to any other mandatory provisions under Italian law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

If a FX Market Disruption Event occurs on a FX Observation Date, the respective FX Observation Date will be postponed to the next following FX Calculation Date on which the FX Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date or FX Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than 8 consecutive Banking Days the Calculation Agent shall determine acting in accordance with relevant market practice and in good faith the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Munich local time) on this 9<sup>th</sup> Banking Day, taking into account the financial position of the Security Holders.

If within these 8 Banking Days traded Derivatives of the Underlying expire and are settled on the Determining Futures Exchange, the settlement price established by the Determining Futures Exchange for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

Should the FX Market Disruption Event continue for more than 8 consecutive Banking Days, the Calculation Agent shall determine acting in accordance with relevant market practice and in good faith the respective FX. The FX required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall be determined in accordance with prevailing market conditions at 10:00 a.m. Munich time) on this 9<sup>th</sup> Banking Day, taking into account the economic position of the Security Holders.

to the greatest extent possible. Such adjustments shall be made by the Calculation Agent acting in accordance with relevant market practice and in good faith. ## What are the key risks that are specific to the Issuer?

Potential investors should be aware that in the case of the occurrence of one of the below mentioned risk factors the Securities may decline in value and that they may sustain a total loss of their investment.

The following risks are key risks specific to the Issuer:

**Risks related to the Issuer's financial situation:** Risk that HVB Group will not be able to meet its payment obligations on time or in full or to obtain sufficient liquidity when required as well as that liquidity will only be available at higher interest rates, and the risk that the bank will only be able to liquidate assets on the market at a discount could create liquidity problems for HVB Group and thus could result in a limited ability to fund its activities and meet its minimum liquidity requirements.

**Risks related to the Issuer's specific business activities:** Risks arising from the normal business activities of HVB Group, which involve credit risk in the lending business, market risk in the trading business as well as risks from other business areas like the real estate and financial investment business activities of HVB Group could have an adverse impact on HVB Group's profitability and financial position.

**General risks related to the Issuer's business operations:** Risks from unexpected negative changes in the business volume and/or margins (that are not attributed to other risk types), from inadequate or failed internal processes, systems and people or from external events as well as risks caused by adverse reactions of stakeholders due to their altered perception of the bank could result in potential losses and/or a reduction of the fair value of the bank.

**Legal and regulatory risk:** Changes of the regulatory and statutory environment of HVB could result in higher capital costs and a rise of costs for the implementation of regulatory requirements. In cases of non-compliance with regulatory requirements, (tax) laws, regulations, statutory provisions, agreements, mandatory practices and ethical standards, the public perception of HVB Group and its financial situation could be negatively affected.

**Strategic and macroeconomic risk:** Risks resulting from management either not recognising early enough or not correctly assessing significant developments or trends in the Bank's environment and risks arising from negative economic developments in Germany and on the international financial and capital markets could have a negative effect on the assets, liabilities, financial position and profit or loss of HVB Group.

### Section 3 – Key information on the Securities

#### What are the main features of the Securities?

The following description applies to each series of the Securities and should be read in connection with the Annex to this Summary.

#### Product Type, Underlying and form of the Securities

*Product Type:* Open End Securities (Compo)

*Underlying:* The Underlying of each Series of Securities is an index as set out in the Annex to this Summary.

The Securities are issued as debt instruments in dematerialized registered form pursuant to the Italian Consolidated Law on Financial Intermediation (*Testo Unico della Finanza*). The Securities will be represented by book entry and registered in the books of the Clearing System. The transfer of the Securities operates by registration on the relevant accounts opened in the Clearing System. The international securities identification number (ISIN) of each series of Securities is set out in the Annex to this Summary.

#### Issuance, Nominal Amount and Term

The Securities will be issued on 21 January 2020 (the "**Specified Currency**"), without a Nominal Amount. The Issue Volume of the Securities is set out in the Annex to this Summary. The Securities have an indefinite term.

#### Redemption of the Securities

The Securities can be redeemed on any Redemption Date upon the exercise of the Redemption Right by the Security Holder. The Securities can also be redeemed in whole on any Call Date upon the exercise of the Regular Call Right by the Issuer.

On the Redemption Date or the Call Date, as applicable, the Security Holder receives the Redemption Amount.

The Redemption Amount is calculated by multiplying the Relevant Reference Price by the Ratio.

The Redemption Amount will be adjusted by taking into account movements in the exchange rate between the Specified Currency and the currency in which the Underlying is traded or published (Compo).

#### Additional definitions and product terms

Call Date means the last Banking Day of the month of January each year starting on 21 January 2021.

Observation Date means the fifth Banking Day prior to each Redemption Date and each Call Date.

Ratio means the Ratio (initial) on 24 January 2020. On each calendar day thereafter, the Ratio will be adjusted on a daily basis in order to take into account the fees as set out for each series of Securities in the Annex to this Summary.

Relevant Reference Price means the Reference Price on the respective Observation Date.

More product information for the Securities can be found in the Annex to this Summary.

**Extraordinary termination right:** The Issuer has the right to extraordinary terminate the Securities at the fair market value of the Securities upon the occurrence of certain Call Events (for example, the calculation of the Underlying is discontinued and no suitable replacement underlying is available).

**Adjustment right:** The Terms and Conditions of the Securities may be adjusted by the Calculation Agent if an Adjustment Event occurs (for example, a change to the relevant index concept).

**Status of the Securities:** The obligations under the Securities constitute direct and unsecured obligations of the Issuer and rank *pari passu* with all other unsecured and unsubordinated obligations of the Issuer. In the case of a resolution (bail-in), the Securities will, within the liability cascade, be considered only after all non-preferred liabilities of the Issuer.

#### Where will the Securities be traded?

No application for the Securities to be admitted to trading on a regulated market has been made. However, application to trading will be made with effect from 24 January 2020 on the following multilateral trading facilities (MTF): EuroTLX, organised and managed by Borsa Italiana S.p.A.

#### What are the key risks that are specific to the Securities?

The specific risk factors related to the Securities, which in the view of the Issuer are material, are described below:

**Risk related to the rank and characteristic of the Securities in the case of a failure of the Issuer:** The Security Holders bear the risk of the insolvency of the Issuer. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail.

**Specific Risks related to the payment profile of the Securities:** There is the particular risk that the price of the Underlying falls and consequently the Security Holder will suffer a significant loss of his invested capital. A total loss is possible.

**Risks related to Compo Securities:** The Security Holder bears an additional risk of loss due to the constant movements of the exchange rate between the Specified Currency and the currency in which the Underlying is traded or published.

**Risks arising from the Terms and Conditions of the Securities:** The Security Holders bear a risk of loss if the Securities are terminated by the Issuer. The Securities will then be redeemed at their fair market value of the Securities. This may be lower than the amount that the Security Holder would have received if there had been no extraordinary termination of the Securities. In addition, Security Holders bear a reinvestment risk. Moreover, the Security Holders bear a risk of loss if an adjustment of the Terms and Conditions is made or if a market disruption occurs.

**Risks related to the investment in, the holding and selling of the Securities:** The Security Holders bear the risk that the market price of the Securities may be subject to severe fluctuations during the term of Securities and that the Security Holder is not able to purchase or to sell the Securities at a specific time or for a specific price.

**Risks related to Indices as Underlying:** The Securities are associated with risks for Security Holders similar to those of direct investments in a comparable portfolio of the assets underlying the relevant Index. Changes in the value of the Index Components consequently directly affect the price of the Index.

## Quali sono i principali rischi specifici dell'Emittente?

I potenziali investitori devono essere consapevoli che, qualora si verifichi uno dei seguenti fattori di rischio, il valore degli strumenti finanziari potrebbe ridursi con la conseguente perdita totale del capitale investito.

I seguenti rischi sono i principali rischi specifici dell'Emittente:

**Rischi correlati alla situazione finanziaria dell'Emittente:** Rischio che il Gruppo HVB non sia in grado di adempiere tempestivamente o pienamente alle proprie obbligazioni di pagamento o che non sia in grado di ottenere sufficiente liquidità quando richiesto nonché che la liquidità sia disponibile solo ad un tasso di interesse più alto, e rischio che la banca sia soltanto in grado di liquidare attività sul mercato a sconto potrebbe creare problemi di liquidità per il Gruppo HVB e, quindi, potrebbe comportare una limitata possibilità di finanziare le proprie attività e raggiungere i propri livelli minimi di liquidità.

**Rischi relativi alle specifiche attività di business dell'Emittente:** Rischi derivanti dalle normali attività di business del Gruppo HVB che potrebbero comportare rischio di credito nelle operazioni di *lending*, rischio di mercato nelle attività di negoziazione così come rischi relativi ad altri settori di attività quali il settore immobiliare e le attività di investimento finanziario del Gruppo HVB potrebbero avere un impatto negativo sulla redditività e sulla posizione finanziaria del Gruppo HVB.

**Rischi generali relativi alle operazioni di business dell'Emittente:** Rischi derivanti da inattesi cambiamenti negativi nel

volume di affari e/o nei margini (non attribuibili ad altre tipologie di rischio), da inadeguati o non riusciti processi interni, sistemi e persone così come rischi causati da reazioni avverse degli azionati a causa della loro percezione alterata della banca potrebbero comportare perdite potenziali e/o una riduzione del fair value della banca.

**Rischi legali e regolamentari:** Cambiamenti del contesto regolamentare o statutario di HVB potrebbe comportare costi di capitale superiori e un aumento dei costi per l'implementazione dei requisiti regolamentari. L'eventuale non conformità a requisiti regolamentari, leggi (fiscali) regolamenti, previsioni statutarie, contratti, prassi obbligatorie e standard etici, potrebbe avere un impatto negativo sulla percezione pubblica del Gruppo HVB e sulla sua situazione finanziaria.

**Rischio strategico e macroeconomico:** Rischi derivanti dal mancato riconoscimento tempestivo o da una valutazione non corretta di sviluppi o tendenze significative nell'ambiente della Banca e rischi derivanti da sviluppi economici negativi in Germania e nel mercato finanziario dei capitali internazionale potrebbero avere effettivi negativi su attività, responsabilità, posizione finanziaria e profitto o perdite del Gruppo HVB.

### Sezione 3 – Informazioni fondamentali sui Titoli

#### Quali sono le principali caratteristiche dei Titoli?

La seguente descrizione si applica a ciascuna serie di Titoli e deve essere letta congiuntamente all'Allegato della presente Nota di Sintesi.

#### Tipologia di Prodotto, Sottostante e forma dei Titoli

*Tipologia di Prodotto:* Titoli Open End (*Open End Securities*) (Compo)

*Sottostante:* Il Sottostante di ciascuna Serie di Titoli è un indice come indicato nell'Allegato della presente Nota di Sintesi.

I Titoli sono emessi come titoli di debito in forma dematerializzata nominativa ai sensi del *Testo Unico della Finanza*. I Titoli saranno rappresentati da registrazioni contabili registrate sul sistema di contabilizzazione del Sistema di Gestione Accentrata (*Clearing System*). Il trasferimento dei Titoli avviene mediante registrazione sui relativi conti accesi presso il Sistema di Gestione Accentrata. Il codice internazionale di identificazione dei titoli (*International Securities Identification Number - ISIN*) di ciascuna serie di Titoli è indicato nell'Allegato della presente Nota di Sintesi.

#### Emissione, Importo Nominale e Durata

I Titoli saranno emessi il 21/01/2020 (la "**Valuta di Emissione**"), senza Importo Nominale (*Nominal Amount*). Il Volume dell'Emissione dei Titoli è indicato nell'Allegato della presente Nota di Sintesi. I Titoli hanno durata indefinita.

#### Rimborso dei Titoli

I Titoli possono essere rimborsati ad una qualsiasi Data di Rimborso a seguito dell'esercizio del Diritto di Rimborso da parte del Portatore del Titolo. I Titoli possono essere altresì rimborsati integralmente ad una qualsiasi Data di Riscatto a seguito dell'esercizio del Diritto di Riscatto Regolare da parte dell'Emittente.

Alla Data di Rimborso o alla Data di Riscatto, a seconda dei casi, il Portatore del Titolo riceve l'Importo di Rimborso.

L'Importo di Rimborso è calcolato moltiplicando il Prezzo di Riferimento Rilevante per il Coefficiente.

L'Importo di Rimborso sarà adeguato tenendo conto delle variazioni del tasso di cambio tra la Valuta di Emissione e la valuta in cui il Sottostante è negoziato o pubblicato (Compo).

#### Definizioni aggiuntive e termini del prodotto

Data di Riscatto indica l'ultimo Giorno Bancario del mese di gennaio di ciascun anno a partire dal 21/01/2021.

Data di Osservazione indica il quinto Giorno Bancario precedente ciascuna Data di Rimborso e ciascuna Data di Riscatto.

Coefficiente indica il Coefficiente (iniziale) al 24/01/2020. Successivamente, il Coefficiente sarà adeguato su base giornaliera in ciascun giorno di calendario al fine di tenere conto delle commissioni indicate per ciascuna serie di Titoli nell'Allegato della presente Nota di Sintesi.

Prezzo di Riferimento Rilevante indica il Prezzo di Riferimento alla rispettiva Data di Osservazione.

Ulteriori informazioni sul prodotto relative ai Titoli possono essere reperite nell'Allegato della presente Nota di Sintesi.

**Diritto di riscatto straordinario:** L'Emittente ha il diritto di estinguere in via straordinaria i Titoli ad un valore equo di mercato al verificarsi di certi Eventi di Call (*Call Events*) (ad esempio, il calcolo del Sottostante è interrotto e non è disponibile alcun sottostante sostitutivo adeguato).

**Diritto di rettifica:** I Termini e Condizioni (*Terms and Conditions*) dei Titoli possono essere rettificati dall'Agente di Calcolo (*Calculation Agent*) nel caso in cui si verifichi un Evento di Rettifica (*Adjustment Event*) (ad esempio un cambio nel concetto dell'indice rilevante).

**Stato dei Titoli:** Gli obblighi derivanti dai Titoli costituiscono obbligazioni dirette e non garantite dell'Emittente e sono parimenti ordinate con le altre obbligazioni non garantite e non subordinate dell'Emittente. In caso di risoluzione (bail-in), nell'ambito dell'ordine delle passività i Titoli saranno presi in considerazione soltanto dopo tutte le passività chirografarie di secondo livello (non-preferred) dell'Emittente.

## Dove saranno negoziati i Titoli?

Non è stata presentata domanda per l'ammissione alla negoziazione dei Titoli su un mercato regolamentato. Peraltro, sarà presentata domanda per l'ammissione dei Titoli alla negoziazione con efficacia a partire dal 24/01/2020 sui seguenti sistemi multilaterali di negoziazione (MTF): EuroTLX, organizzato e gestito da Borsa Italiana S.p.A.

## Quali sono i principali rischi specifici dei Titoli?

I fattori di rischio specifici relativi ai Titoli, che nell'opinione dell'Emittente sono significativi, sono descritti di seguito:

**Rischio connesso al collocamento e caratteristiche dei Titoli in caso di fallimento dell'Emittente:** I Portatori dei Titoli sono esposti al rischio di fallimento dell'Emittente. In aggiunta, i Portatori dei Titoli possono essere soggetti a misure di risoluzione in relazione all'Emittente se l'Emittente sta fallendo od è probabile che fallisca.

**Rischi specifici connessi al profilo di pagamento dei Titoli:** Vi è il particolare rischio che il prezzo del Sottostante diminuisca e, di conseguenza, che il Portatore del Titolo subisca una perdita significativa del capitale investito. E' possibile una perdita totale.

**Rischi connessi ai Titoli Compo:** Il Portatore del Titolo è esposto ad un ulteriore rischio di perdita dovuto alle costanti oscillazioni del tasso di cambio tra la Valuta di Emissione e la valuta in cui il Sottostante è negoziato o pubblicato.

**Rischi derivanti dai Termini e Condizioni dei Titoli:** I Portatori dei Titoli sono esposti ad un rischio di perdita nel caso in cui i Titoli siano estinti dall'Emittente. I Titoli saranno poi rimborsati al valore equo di mercato dei Titoli. Questo può essere inferiore rispetto all'importo che il Portatore del Titolo avrebbe ricevuto se non ci fosse stato un riscatto straordinario dei Titoli. In aggiunta, i Portatori del Titolo sono esposti al rischio di reinvestimento. Inoltre, i Portatori dei Titoli sono esposti ad un rischio di perdita se viene effettuata una rettifica dei Termini e Condizioni o se si verifica una turbativa del mercato.

**Rischi connessi all'investimento, alla detenzione e vendita dei Titoli:** I Portatori dei Titoli sono esposti al rischio che il prezzo di mercato dei Titoli può essere soggetto a forti variazioni nel corso della durata dei Titoli e che il Portatore del Titolo non sia in grado di acquistare o vendere i Titoli in un momento specifico o ad un prezzo specifico.

**Rischi connessi agli Indici come Sottostante:** I Titoli sono associati a rischi per i Portatori dei Titoli simili a quelli relativi ad investimenti diretti in un portafoglio comparabile delle attività sottostanti il relativo Indice. Conseguentemente, le variazioni di valore delle Componenti dell'Indice influenzano direttamente il prezzo dell'Indice.
