- If a Barrier Event has occurred the Redemption Amount is specified according to the following formula:

Redemption Amount = Nominal Amount x Worst Performance (final) / Strike

However, in this case the Redemption Amount is not greater than the Maximum Amount.

### § 5

#### Issuer's Extraordinary Call Right

*Issuer's extraordinary call right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice.

The "**Cancellation Amount**" shall be the fair market value of the Securities as of the first Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent acting in accordance with relevant market practice and in good faith under then prevailing circumstances.

The determination of the fair market value is based on the economic equivalent of the Issuer's payment obligations to the Security Holders consistent with the provisions for the redemption profile, interest or other additional amounts of the Securities that would otherwise be due after the day on which the extraordinary call becomes effective and which is adjusted for taking into consideration the following parameters as of the first Banking Day before the extraordinary call becomes effective: the price of the Underlying, the remaining time to maturity, the estimated volatility, the expected dividends (if applicable), the current market interest rate as well as the interest spread associated with the credit default risk of the Issuer and any other relevant market parameter that can influence the value of the Securities.

The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

### § 6

#### Payments

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks

and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.

- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the legal interest rate ('Saggio degli Interessi legali'), pursuant to Section 1284 CC, without prejudice to any other mandatory provisions under Italian law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

## § 7

### Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* If the Market Disruption Event continues for more than 8 consecutive Banking Days the Calculation Agent shall determine, acting in accordance with relevant market practice and in good faith, the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Munich local time) on this 9<sup>th</sup> Banking Day, taking into account the financial position of the Security Holders.

If within these 8 Banking Days traded Derivatives of the Basket Component<sub>i</sub> expire and are settled on the Determining Futures Exchange<sub>i</sub>, the settlement price established by the Determining Futures Exchange<sub>i</sub> for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the respective Observation Date.

## § 8

### Index Concept, Adjustments, Replacement Basket Component, New Index Sponsor and New Index Calculation Agent, Replacement Specification

- (1) *Index Concept:* The basis for the calculations or, respectively, specifications of the Calculation Agent described in the Terms and Conditions of these Securities shall be the Basket Components with their provisions respectively currently applicable, as developed and maintained by the respective Index Sponsor<sub>i</sub>, as well as the respective method of calculation, determination, and publication of the price of the respective Basket Component<sub>i</sub> (the "**Index Concept**") applied by the respective Index Sponsor<sub>i</sub>. This shall also apply if during the term of the Securities changes are made or occur in respect of the respective Index Concept, or if other measures are taken, which have an impact on the respective Index Concept, unless otherwise provided in the below provisions.
- (2) *Adjustments:* Upon the occurrence of an Adjustment Event the Terms and Conditions of these Securities (in particular the respective Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Calculation Agent) and/or all prices of the Basket Components determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities shall be adjusted in such a way that the financial position of the Security Holders remains unchanged to the greatest extent possible. Such adjustments shall be made by the Calculation Agent acting in accordance with relevant market practice and in good faith. Any such adjustment will be performed taking into consideration any adjustments made by the Determining Futures Exchange<sub>i</sub> to the there traded Derivatives linked to the respective Basket Component<sub>i</sub>, and the remaining term of the Securities as well as the latest available price of the respective Basket Component<sub>i</sub>. If the Calculation Agent determines that, pursuant to

the rules of the respective Determining Futures Exchange, no adjustments were made to the Derivatives linked to the respective Basket Component<sub>i</sub>, the Terms and Conditions of these Securities shall regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified according to § 6 of the General Conditions.

- (3) *Replacement Basket Component:* In cases of an Index Replacement Event or an Index Usage Event, the adjustment pursuant to paragraph (2) is usually made by the Calculation Agent acting in accordance with relevant market practice and in good faith determining, which index should be used in the future as the respective Basket Component<sub>i</sub> (the "**Replacement Basket Component**"). If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of these Securities (in particular to Basket Component<sub>i</sub>, the Ratio<sub>i</sub> and/or all prices of the Basket Components, which have been specified by the Issuer) and/or all prices of the respective Basket Component<sub>i</sub> determined by the Calculation Agent pursuant to the Terms and Conditions of these Securities in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. The Replacement Basket Component and the adjustments made as well as the time of its first application will be published in accordance with § 6 of the General Conditions. From the first application of the Replacement Basket Component on, any reference to the replaced Basket Component<sub>i</sub> in these Terms and Conditions shall be deemed to refer to the Replacement Basket Component.
- (4) *New Index Sponsor and New Index Calculation Agent:* If the respective Basket Component<sub>i</sub> is no longer determined by the respective Index Sponsor<sub>i</sub> but rather by another person, company or institution (the "**New Index Sponsor**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as determined by the respective New Index Sponsor. In this case, any reference to the replaced Index Sponsor<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the respective New Index Sponsor. If the respective Basket Component<sub>i</sub> is no longer calculated by the respective Index Calculation Agent<sub>i</sub> but rather by another person, company or institution (the "**New Index Calculation Agent**"), then all calculations or, respectively, specifications described in the Terms and Conditions of these Securities shall occur on the basis of the respective Basket Component<sub>i</sub> as calculated by the respective New Index Calculation Agent. In this case, any reference to the replaced Index Calculation Agent<sub>i</sub> in the Terms and Conditions of these Securities shall be deemed to refer to the New Index Calculation Agent.
- (5) *Replacement Specification:* If a price of the respective Basket Component<sub>i</sub> published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the respective Index Sponsor<sub>i</sub> or the respective Index Calculation Agent<sub>i</sub>, as the case may be, after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish pursuant to § 6 of the General Conditions the relevant value by using the Corrected Value (the "**Replacement Specification**").

### What are the key risks that are specific to the Issuer?

**Risks related to the Issuer's financial situation:** Risk that HVB Group will not be able to meet its payment obligations on time or in full or to obtain sufficient liquidity when required as well as that liquidity will only be available at higher interest rates, and the risk that the bank will only be able to liquidate assets on the market at a discount could create liquidity

problems for HVB Group and thus could result in a limited ability to fund its activities and meet its minimum liquidity requirements.

**Risks related to the Issuer's specific business activities:** Risks arising from the normal business activities of HVB Group, which involve credit risk in the lending business, market risk in the trading business as well as risks from other business areas like the real estate and financial investment business activities of HVB Group could have an adverse impact on HVB Group's profitability and financial position.

**General risks related to the Issuer's business operations:** Risks from inadequate or failed internal processes, systems and people or from external events, risks caused by adverse reactions of stakeholders due to their altered perception of the bank as well as risks from unexpected negative changes in the business volume and/or margins (that are not attributed to other risk types) could result in potential losses and/or a reduction of the fair value of the bank.

**Legal and regulatory risk:** Changes of the regulatory and statutory environment of HVB could result in higher capital costs and a rise of costs for the implementation of regulatory requirements. In cases of non-compliance with regulatory requirements, (tax) laws, regulations, statutory provisions, agreements, mandatory practices and ethical standards, the public perception of HVB Group and its financial situation could be negatively affected.

**Strategic and macroeconomic risk:** Risks resulting from management either not recognising early enough or not correctly assessing significant developments or trends in the bank's environment and risks arising from negative economic developments in Germany and on the international financial and capital markets could have a negative effect on the assets, liabilities, financial position and profit or loss of HVB Group. It can be expected that the global spread of the coronavirus will significantly slow down global economic growth in the first half of the year. It is also possible that the burden will last longer depending on the course of the pandemic.

### Section 3 – Key information on the Securities

#### What are the main features of the Securities?

##### Product Type, Underlying and form of the Securities

*Product Type:* Worst-of Bonus Cap Securities with cash settlement (with continuous Barrier observation) (Quanto)

*Underlying:* The Underlying is a basket consisting of the following indices as Basket Components:

i	Basket Component <sub>i</sub>	Reference Price <sub>i</sub>	Initial Reference Price <sub>i</sub>
1	EURO STOXX 50® (Price) Index (EUR) (ISIN EU0009658145)	Closing price	3699.85
2	S&P 500® (Price Return) Index (ISIN US78378X1072)	Closing price	3876.50

The Securities are issued as debt instruments in dematerialized registered form pursuant to the Italian Consolidated Law on Financial Intermediation (*Testo Unico della Finanza*). The Securities will be represented by book entry and registered in the books of the Clearing System. The transfer of the Securities operates by registration on the relevant accounts opened in the Clearing System. The international securities identification number (ISIN) of the Securities is set out in Section 1.

##### Issuance, Nominal Amount and Term

The Securities will be issued on 23 February 2021 in Euro (EUR) (the "**Specified Currency**"), with a Nominal Amount of EUR 100.00, as 100,000 Certificates. The Securities have a definite term.

##### Redemption of the Securities

The Securities will be redeemed on the Final Payment Date as follows:

- (A) A Barrier Event has not occurred. The Security Holder receives the Redemption Amount in the Specified Currency which is equal to the Maximum Amount.
- (B) A Barrier Event has occurred. The Security Holder receives the Redemption Amount in the Specified Currency which is calculated by multiplying the Nominal Amount by a quotient. The quotient is formed by dividing the Worst Performance (final) by the Strike.

If a Barrier Event has occurred, the Redemption Amount will not be greater than the Maximum Amount.

With regard to the payment of the Redemption Amount, the performance of each Basket Component is formed by dividing the respective Final Reference Price<sub>i</sub> by the respective Initial Reference Price<sub>i</sub>. The Worst Performance (final) will be the lowest value of such quotient.

## Additional definitions and product terms

Barrier<sub>i</sub> means the product of the Barrier Level and the Initial Reference Price<sub>i</sub>.

Barrier Event means that any published price of at least one Basket Component<sub>i</sub> is equal to or lower than the respective Barrier<sub>i</sub> during the Barrier Observation Period in the case of continuous observation.

Final Reference Price<sub>i</sub> means the Reference Price<sub>i</sub> of the relevant Basket Component<sub>i</sub> determined on the Final Observation Date.

Barrier Level	Strike	Bonus Amount	Cap	Maximum Amount	Barrier Observation Period	Final Observation Date	Expiry Date (Data di Scadenza)	Final Payment Date
60%	100%	EUR 109.00	109%	EUR 109	24 Feb 2021 - 18 Aug 2022	18 Aug 2022	18 Aug 2022	25 Aug 2022

**Extraordinary termination right:** The Issuer has the right to extraordinary terminate the Securities at the fair market value of the Securities upon the occurrence of certain Call Events (for example, the calculation of a Basket Component is discontinued and no suitable replacement basket component is available).

**Adjustment right:** The Terms and Conditions of the Securities may be adjusted by the Calculation Agent if an Adjustment Event occurs (for example, a change to the relevant index concept of a Basket Component).

**Status of the Securities:** The obligations under the Securities constitute direct and unsecured obligations of the Issuer and rank *pari passu* with all other unsecured and unsubordinated obligations of the Issuer. In the case of a resolution (bail-in), the Securities will, within the liability cascade, be considered only after all non-preferred liabilities of the Issuer.

### Where will the Securities be traded?

No application for the Securities to be admitted to trading on a regulated market has been made. However, application to trading will be made with effect from 24 February 2021 on the following multilateral trading facilities (MTF): SeDeX, organised and managed by Borsa Italiana S.p.A.

### What are the key risks that are specific to the Securities?

The specific risk factors related to the Securities, which in the view of the Issuer are material, are described below:

**Risk related to the rank and characteristic of the Securities in the case of a failure of the Issuer:** The Security Holders bear the risk of the insolvency of the Issuer. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail.

**Specific Risks related to the payment profile of the Securities:** There is the particular risk that the price of the Basket Component with the worst performance falls during the term of the Securities and consequently the Security Holder will suffer a significant loss of his invested capital. A total loss is possible. Falling prices of the Basket Components will have a negative impact on the Security Holder, especially if a Barrier Event occurs.

**Risks arising from the Terms and Conditions of the Securities:** The Security Holders bear a risk of loss if the Securities are terminated by the Issuer. The Securities will then be redeemed at their fair market value of the Securities. This may be lower than the amount that the Security Holder would have received if there had been no extraordinary termination of the Securities. In addition, Security Holders bear a reinvestment risk. Moreover, the Security Holders bear a risk of loss if an adjustment of the Terms and Conditions is made or if a market disruption occurs.

**Risks related to the investment in, the holding and selling of the Securities:** The Security Holders bear the risk that the market price of the Securities may be subject to severe fluctuations during the term of Securities and that the Security Holder is not able to purchase or to sell the Securities at a specific time or for a specific price.

**Risks related to Indices as Basket Components:** The Securities are associated with risks for Security Holders similar to those of direct investments in a comparable portfolio of the assets underlying the relevant Index. Changes in the value of the Index Components consequently directly affect the price of the Index.

## Quali sono i principali rischi specifici dell'Emittente?

**Rischi correlati alla situazione finanziaria dell'Emittente:** Rischio che il Gruppo HVB non sia in grado di adempiere tempestivamente o pienamente alle proprie obbligazioni di pagamento o che non sia in grado di ottenere sufficiente liquidità quando richiesto nonché che la liquidità sia disponibile solo ad un tasso di interesse più alto, e rischio che la banca sia soltanto in grado di liquidare attività sul mercato a sconto potrebbe creare problemi di liquidità per il Gruppo HVB e, quindi, potrebbe comportare una limitata possibilità di finanziare le proprie attività e raggiungere i propri livelli minimi di liquidità.

**Rischi relativi alle specifiche attività di business dell'Emittente:** Rischi derivanti dalle normali attività di business del Gruppo HVB che potrebbero comportare rischio di credito nelle operazioni di *lending*, rischio di mercato nelle attività di negoziazione così come rischi relativi ad altri settori di attività quali il settore immobiliare e le attività di investimento finanziario del Gruppo HVB potrebbero avere un impatto negativo sulla redditività e sulla posizione finanziaria del Gruppo HVB.

**Rischi generali relativi alle operazioni di business dell'Emittente:** Rischi derivanti da inadeguati o non riusciti processi interni, sistemi e persone o da eventi esterni così come rischi causati da reazioni avverse degli azionisti a causa della loro percezione alterata della banca nonché rischi derivanti da inattesi cambiamenti negativi nel volume di affari e/o nei margini (non attribuibili ad altre tipologie di rischio) potrebbero comportare perdite potenziali e/o una riduzione del fair value della banca.

**Rischi legali e regolamentari:** Cambiamenti del contesto regolamentare o statutario di HVB potrebbero comportare costi di capitale superiori e un aumento dei costi per l'implementazione dei requisiti regolamentari. L'eventuale non conformità a requisiti regolamentari, leggi (fiscali) regolamenti, previsioni statutarie, contratti, prassi obbligatorie e standard etici, potrebbe avere un impatto negativo sulla percezione pubblica del Gruppo HVB e sulla sua situazione finanziaria.

**Rischio strategico e macroeconomico:** Rischi derivanti dal mancato riconoscimento tempestivo o da una valutazione non corretta di sviluppi o tendenze significative nell'ambiente della banca da parte del management e rischi derivanti da sviluppi economici negativi in Germania e nei mercati internazionali finanziari e dei capitali potrebbero avere effetti negativi su attivi, passività, posizione finanziaria e profitto o perdite del Gruppo HVB. Si può prevedere che la diffusione globale del coronavirus rallenterà significativamente la crescita economica globale nella prima metà dell'anno. E' anche possibile che l'onere duri più a lungo a seconda del corso della pandemia.

## Sezione 3 – Informazioni fondamentali sui Titoli

### Quali sono le principali caratteristiche dei Titoli?

#### Tipologia di Prodotto, Sottostante e forma dei Titoli

*Tipologia di Prodotto:* Titoli Worst-of Bonus Cap (*Worst-of Bonus Cap Securities*) con liquidazione in contanti (con osservazione continua di Barriera) (Quanto)

*Sottostante:* Il Sottostante è un paniere che è composto dai seguenti indici come Componenti del Paniere:

i	Componente del Paniere <sub>i</sub>	Prezzo di Riferimento <sub>i</sub>	Prezzo di Riferimento Iniziale <sub>i</sub>
1	EURO STOXX 50® (Price) Index (EUR) (ISIN EU0009658145)	Prezzo di chiusura	3699.85
2	S&P 500® (Price Return) Index (ISIN US78378X1072)	Prezzo di chiusura	3876.50

I Titoli sono emessi come titoli di debito in forma dematerializzata nominativa ai sensi del *Testo Unico della Finanza*. I Titoli saranno rappresentati da registrazioni contabili registrate sul sistema di contabilizzazione del Sistema di Gestione Accentrata (*Clearing System*). Il trasferimento dei Titoli avviene mediante registrazione sui relativi conti accesi presso il Sistema di Gestione Accentrata. Il codice internazionale di identificazione dei titoli (*International Securities Identification Number - ISIN*) dei Titoli è indicato nella Sezione 1.

#### Emissione, Importo Nominale e Durata

I Titoli saranno emessi il 23/02/2021 in Euro (EUR) (la "**Valuta di Emissione**"), con un Importo Nominale pari a EUR 100, pari a 100.000 Certificati. I Titoli hanno durata definita.

#### Rimborso dei Titoli

I Titoli saranno rimborsati alla Data di Pagamento Finale come segue:

(A) Non si è verificato un Evento Barriera. Il Portatore del Titolo riceve l'Importo di Rimborso nella Valuta di Emissione che è uguale all'Importo Massimo.

(B) Si è verificato un Evento Barriera. Il Portatore del Titolo riceve l'Importo di Rimborso nella Valuta di Emissione che è calcolato moltiplicando l'Importo Nominale per un quoziente. Il quoziente è calcolato dividendo la Performance Peggiora (finale) per lo Strike.

Se si è verificato un Evento Barriera, l'Importo di Rimborso non sarà superiore all'Importo Massimo.

Per quanto riguarda il pagamento dell'Importo di Rimborso, la performance di ciascun Componente del Paniere è data dividendo il rispettivo Prezzo di Riferimento Finale, per il rispettivo Prezzo di Riferimento Iniziale. La Performance Peggiora (finale) sarà il valore più basso di tale quoziente.

### Definizioni aggiuntive e termini del prodotto

Barriera<sub>i</sub> indica il prodotto tra il Livello Barriera e il Prezzo di Riferimento Iniziale<sub>i</sub>.

Evento Barriera significa che un qualsiasi prezzo pubblicato di almeno un Componente del Paniere<sub>i</sub> è pari o minore della rispettiva Barriera<sub>i</sub> nel corso del Periodo di Osservazione della Barriera nel caso di osservazione continua.

Prezzo di Riferimento Finale<sub>i</sub> indica il Prezzo di Riferimento<sub>i</sub> del Componente del Paniere<sub>i</sub> rilevante determinato alla Data di Osservazione Finale.

Livello Barriera	Strike	Importo Bonus	Cap	Importo Massimo	Periodo di Osservazione della Barriera	Data di Osservazione Finale	Data di Scadenza (Expiry Date)	Data di Pagamento Finale
60%	100%	EUR 109	109%	EUR 109	24/02/2021 - 18/08/2022	18/08/2022	18/08/2022	25/08/2022

**Diritto di riscatto straordinario:** L'Emittente ha il diritto di estinguere in via straordinaria i Titoli ad un valore equo di mercato al verificarsi di certi Eventi di Call (*Call Events*) (ad esempio, il calcolo di un Componente del Paniere è interrotto e non è disponibile alcun componente del paniere sostitutivo adeguato).

**Diritto di rettifica:** I Termini e Condizioni (*Terms and Conditions*) dei Titoli possono essere rettificati dall'Agente di Calcolo (*Calculation Agent*) nel caso in cui si verifichi un Evento di Rettifica (*Adjustment Event*) (ad esempio un cambio nel concetto dell'indice rilevante di un Componente del Paniere).

**Stato dei Titoli:** Gli obblighi derivanti dai Titoli costituiscono obbligazioni dirette e non garantite dell'Emittente e sono parimenti ordinate con le altre obbligazioni non garantite e non subordinate dell'Emittente. In caso di risoluzione (*bail-in*), nell'ambito dell'ordine delle passività i Titoli saranno presi in considerazione soltanto dopo tutte le passività chirografarie di secondo livello (*non-preferred*) dell'Emittente.

### Dove saranno negoziati i Titoli?

Non è stata presentata domanda per l'ammissione alla negoziazione dei Titoli su un mercato regolamentato. Peraltro, sarà presentata domanda per l'ammissione dei Titoli alla negoziazione con efficacia a partire dal 24/02/2021 sui seguenti sistemi multilaterali di negoziazione (MTF): SeDeX, organizzato e gestito da Borsa Italiana S.p.A.

### Quali sono i principali rischi specifici dei Titoli?

I fattori di rischio specifici relativi ai Titoli, che nell'opinione dell'Emittente sono significativi, sono descritti di seguito:

**Rischio connesso a rango e caratteristiche dei Titoli in caso di fallimento dell'Emittente:** I Portatori dei Titoli sono esposti al rischio di fallimento dell'Emittente. In aggiunta, i Portatori dei Titoli possono essere soggetti a misure di risoluzione in relazione all'Emittente se l'Emittente sta fallendo od è probabile che fallisca.

**Rischi specifici connessi al profilo di pagamento dei Titoli:** Vi è il particolare rischio che il prezzo del Componente del Paniere con la peggiore performance diminuisca durante la vita dei Titoli e, di conseguenza, che il Portatore del Titolo subisca una perdita significativa del capitale investito. E' possibile una perdita totale. La diminuzione dei prezzi dei Componenti del Paniere avrà un impatto negativo sul Portatore del Titolo, specialmente se si verifica un Evento Barriera.

**Rischi derivanti dai Termini e Condizioni dei Titoli:** I Portatori dei Titoli sono esposti ad un rischio di perdita nel caso in cui i Titoli siano estinti dall'Emittente. I Titoli saranno poi rimborsati al valore equo di mercato dei Titoli. Questo può essere inferiore rispetto all'importo che il Portatore del Titolo avrebbe ricevuto se non ci fosse stato un riscatto straordinario dei Titoli. In aggiunta, i Portatori dei Titoli sono esposti al rischio di reinvestimento. Inoltre, i Portatori dei Titoli sono esposti ad un rischio di perdita se viene effettuata una rettifica dei Termini e Condizioni o se si verifica una turbativa del mercato.

**Rischi connessi all'investimento, alla detenzione e vendita dei Titoli:** I Portatori dei Titoli sono esposti al rischio che il prezzo di mercato dei Titoli può essere soggetto a forti variazioni nel corso della durata dei Titoli e che il Portatore del Titolo non sia in grado di acquistare o vendere i Titoli in un momento specifico o ad un prezzo specifico.

**Rischi connessi agli Indici come Componente del Paniere:** I Titoli sono associati a rischi per i Portatori dei Titoli simili a quelli relativi ad investimenti diretti in un portafoglio comparabile delle attività sottostanti il relativo Indice. Conseguentemente, le variazioni di valore delle Componenti dell'Indice influenzano direttamente il prezzo dell'Indice.
