

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, as amended (the **Insurance Distribution Directive**) where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II product governance / Retail investors, professional investors and ECPs target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate – investment advice, portfolio management, and non-advised sales, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

counterparties, professional clients and retail clients by way of the Exempt Offer and distributed without any underwriting commitment by the Distributor (as defined under paragraph (m) of this annex).

- (b) Offer Period: The Notes will be offered by the Distributor from 6 July 2023 at 9:00 CET to, and including 19 July 2023 at 16:30 CET, (at its offices) and from 6 July 2023 at 9:00 CET to, and including, 12 July 2023 at 16:30 CET (in case of “door-to-door selling” or “*fuori sede*”), subject to any early closure or extension of the Offer Period or cancellation of the Exempt Offer, as described below.

Extension of the Offer Period

The Issuer and the Dealer reserve the right to extend the Offer Period. Notice of such decision will be given in one or more notices to be made available on the Issuer's website and through the Distributor.

- | | | |
|-----|---|--|
| (c) | Conditions to which the offer is subject: | The Exempt Offer of the Notes is conditional on their issue. |
| (d) | Description of the application process: | A prospective investor will subscribe for the Notes in accordance with the arrangements in place between the relevant Distributor and its customers, relating to the subscription of securities generally. |

Pursuant to MiFID II as implemented in Italy, investors who have submitted the Acceptance Form (as defined below) to a Distributor or have subscribed for the Notes through a Distributor, are or will become clients, regarding the placement activity, of the relevant Distributor and not of the Issuer or the Dealer.

Investors may apply for the subscription of the Notes by filling in, duly executing (also by appropriate attorneys) and delivering a specific acceptance form (the “**Acceptance Form**”). The application can be submitted during normal Italian banking hours to the Distributor at its offices (*filiali*) from 6 July 2023 at 9:00 CET to (and including) 19 July 2023 at 16:30 CET, subject to any early closing or extension of the Offer Period or cancellation of the Exempt Offer of the Notes. Acceptance Forms are available at the offices of the Distributor.

The Notes can also be placed by the Distributor through "door to door selling" (through financial promoters or “*consulenti finanziari abilitati all’offerta fuori sede*” pursuant to articles 30 and 31 of the Italian Legislative Decree 24 February 1998, n. 58). In case of "door to door selling", the subscription orders will be accepted starting from 6 July 2023 to (and including) 12 July 2023, unless closed in advance. Subscription orders are irrevocable, except for the applicable provisions with respect to “door to door selling”. Therefore, the effects of the subscription will be suspended for seven days, with reference to those "door to door selling", from the date of the

subscription by the relevant investors. Within such terms, the relevant investor can withdraw by means of a notice in written form, including through registered letter with acknowledgement of receipt (*lettera raccomandata A/R*, anticipated by fax on the same day of the posting of the registered letter) to the relevant Distributor, without any liability, expenses or other fees, and in any case as further described in the relevant Acceptance Form.

Any application shall be made in Italy to the Distributor.

General

There is no limit to the number of Acceptance Forms which may be filled in and delivered by the same prospective investor with the relevant Distributor, without prejudice to the circumstance that for the purposes of the allotment each applicant will be considered individually, independently of the number of Acceptance Forms delivered.

Applicants having no client relationship with the Distributor with whom the Acceptance Form is filed may be required to open a current account or to make a temporary non-interest bearing deposit of an amount equal to the counter-value of the Notes requested, calculated on the basis of the Offer Price of the Notes.

In the event that the Notes are not allotted or only partially allotted, any difference with the counter-value of the Notes allotted, will be repaid to the applicant without interest by the Issue Date.

By subscribing for the Notes, the holders of the Notes are deemed to have knowledge of all the Conditions of the Notes and to accept the said Conditions of the Notes.

6. INTEREST

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Reset Notes, Floating Rate Notes, Inflation Linked Interest Notes or Zero Coupon Notes or, in the case of Exempt Notes, whether a different interest basis applies.

6.1 Interest on Fixed Rate Notes

This Condition **Error! Reference source not found.** applies to Fixed Rate Notes. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition **Error! Reference source not found.** for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), any applicable Business Day Convention, the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (but excluding) the Maturity Date. The Rate of Interest may be specified in the applicable Final Terms either (i) as the same Rate of Interest for all Interest Periods or (ii) as a different Rate of Interest in respect of one or more Interest Periods.

In respect of Notes which are denominated in Renminbi, if the Business Day Convention is specified as the Modified Following Business Day Convention in the applicable Final Terms or Pricing Supplement, as the case may be, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

Except as provided in the applicable Final Terms, or if the applicable Final Terms specify that a Fixed Coupon Amount or Broken Amount(s) shall apply to the Notes, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to the aggregate outstanding nominal amount of the Fixed Rate Notes (or, if they are Partly Paid Notes, the aggregate amount paid up) and, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half

of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition **Error! Reference source not found.**:

 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would normally occur in one calendar year;
- (b) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (c) if "Actual/Actual (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (d) if "Actual/Actual Canadian Compound Method" is specified in the applicable Final Terms, whenever it is necessary to compute any amount of accrued interest in respect of the Notes for a period of less than one full year, other than in respect of any Fixed Coupon Amount or Broken Amount, such interest will be calculated on the basis of the Actual number of days in the period and a year of 365 days; and
- (e) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365.

This Condition **Error! Reference source not found.** applies to Floating Rate Notes and Inflation Linked Interest Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and inflation linked rate interest and must be read in conjunction with this Condition **Error! - (v) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls in the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

For the purposes of this Condition **Error! Reference source not found.**, Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions. Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

- (ii) *Screen Rate Determination for Floating Rate Notes (other than Floating Rate Notes which reference SOFR and CMS Linked Interest Notes)*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject to Condition **Error! (the **Participation Factor**) and:

- (A) the rate or offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates or offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (x) of the Euro-zone interbank offered rate (**EURIBOR**) or (y) the Canadian Dollar offered rate (**CAD-BA-CDOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time, in the case of **EURIBOR**) or 10:00 a.m. (Toronto time, in the case of **CAD-BA-CDOR**) on the Interest Determination Date in question plus (as indicated in the applicable Final Terms) the Margin (if any), which can be positive or negative, all as determined by the Calculation Agent. If five or more of such rates or offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such rates or offered quotations.

If the Relevant Screen Page is not available or if no rate or offered quotation appears or, in the case of fewer than three such rates or offered quotations appears, in each case as at the Specified Time, the Issuer (or an agent appointed by the Issuer) shall request each of the Reference Banks (as defined below) to provide its bid rate or offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question and the Issuer shall provide such offered quotations promptly to the Calculation Agent. If two or more of the Reference Banks provide the Issuer (or an agent appointed by the Issuer) with bid rates or offered quotations, the Rate of Interest for the Interest Period shall be the product of the Participation Factor and the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the bid rates or offered quotations plus (as appropriate) the Margin (if any), which can be positive or negative, all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issuer (or an agent appointed by the Issuer) with a bid rate or offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the product of the Participation Factor and the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issuer (or an agent appointed by the Issuer) by the Reference Banks or any two or more of them (a) if the Reference Rate is **CAD-BA-CDOR**, for Canadian Dollar bankers acceptances for a period of the applicable Interest Period in an amount representative for a single transaction in the relevant market at the relevant time accepted by those banks as of 10:00 a.m. (Toronto time), or (b) at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is **EURIBOR**) or the inter-bank market of the Relevant Financial Centre (if any other Reference Rate is used) plus (as appropriate) the Margin (if any), which can be positive or negative or, if fewer than two of the Reference Banks provide the Issuer (or an agent appointed by the Issuer) with bid rates or offered rates, the product of the Participation Factor and the bid rate or offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or of the arithmetic mean (rounded as provided above) of the bid rates or offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the

purpose) informs the Issuer (or an agent appointed by the Issuer) it is quoting (a) if the Reference Rate is CAD-BA-CDOR, for Canadian Dollar bankers acceptances in an amount representative for a single transaction in the relevant market at the relevant time accepted by those banks as of 10:00 a.m. (Toronto time), or (b) to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the inter-bank market of the Relevant Financial Centre (if any other Reference Rate is used) plus (as appropriate) the Margin (if any), which can be positive or negative, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period). Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

For the purposes of this Condition 6.3(b)(ii), **Reference Banks** means (a) if the Reference Rate is CAD-BA-CDOR, the principal Toronto office of four major Canadian chartered banks listed in Schedule I to the Bank Act (Canada), or (b) if the Reference Rate is EURIBOR, the principal office of five leading banks in the Euro zone inter-bank market or (c) if any other Reference Rate is used, the principal Relevant Financial Centre office of five leading banks in the inter bank market of the Relevant Financial Centre, in each case selected by the Issuer.

(iii) *Screen Rate Determination for Floating Rate Notes which reference SOFR*

Where Screen Rate Determination is specified as being applicable in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate specified in the applicable Final Terms is SOFR, the Rate of Interest for each Interest Period (or for each Interest Accrual Period, when Calculation Method is specified as Compounded SOFR with Payment Delay in the applicable Final Terms), subject as provided below and subject to Condition **Error! Reference source not found. (Error! Reference source not found.)**, will be the Compounded SOFR for such Interest Period (or Interest Accrual Period, as applicable) plus the Margin (if any, as indicated in the applicable Final Terms), which can be positive or negative, as determined by the Calculation Agent.

The Rate of Interest applicable for an Interest Period will be determined on the applicable SOFR Interest Determination Date, provided that, if the Calculation Method is specified as Compounded SOFR with Payment Delay in the applicable Final Terms, the Rate of Interest for an Interest Accrual Period will be determined on the applicable Interest Accrual Period End Date, provided further that, in such case the Rate of Interest for the final Interest Accrual Period shall be determined on the Rate Cut-off Date.

The Interest Amount for each Interest Period will be calculated by the Calculation Agent as set out in Condition 6.3(f) below provided that if the Calculation Method is specified as Compounded SOFR with Payment Delay in the applicable Final Terms, the relevant calculations shall be made in respect of each Interest Accrual Period, rather than each Interest Period.

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

Calculation Agent means the Issuer or such other entity designated for such purpose as is specified in the applicable Final Terms.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Interest Period:

(g) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms or Pricing Supplement if applicable) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms or Pricing Supplement if applicable), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Rate of Interest for such Interest Period shall be calculated as if Linear Interpolation were not applicable.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(h) Notification of Rate of Interest and Interest Amounts

*This Condition **Error! Reference source not found.** does not apply to Notes linked to SOFR.*

Subject to Condition **Error! Reference source not found. (Error! Reference source not found.)**, the Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to Monte Titoli, the Paying Agent for the Dematerialised Notes and the Luxembourg Stock Exchange at the latest on the first Milan Business Day of each Interest Period, the Issuer and any stock exchange (or listing agent as the case may be) on which the relevant Floating Rate Notes or Inflation Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition **Error! Reference source not found. (Error! Reference source not found.)** as soon as possible after their determination but in no event later than the fourth Milan Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange (or listing agent as the case may be) on which the relevant Floating Rate Notes or Inflation Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition **Error! Reference source not found. (Error! Reference source not found.)**. For the purposes of this Condition **Error! Reference source not found.**, the expression **Milan Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Milan.

(i) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition **Error! Reference source not found.** by the Calculation Agent, shall (in the absence of manifest error) be binding on the Issuer, Monte Titoli, the Paying Agent for the Dematerialised Notes and all Noteholders and (in the absence as aforesaid) no liability to the Issuer or the Noteholders shall attach to Monte Titoli, the Paying Agent for the Dematerialised Notes or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.4 Reference Rate Replacement

*This Condition **Error! Reference source not found.** applies only to Floating Rate Notes and Reset Notes.*

(1) *Reset Notes and Screen Rate Determination (in the latter case for Notes not linked to SOFR)*

If: (i) Reference Rate Replacement is specified in the relevant Final Terms as being applicable and Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined or, in the case of Reset Notes, Reset Reference Rate Replacement is specified in the relevant Final Terms as being applicable; and (ii) notwithstanding the other provisions of Condition **Error! Reference source not found.** with respect to Screen Rate Determination and the other provisions of Section 6.2(iii) for Reset Notes, the Issuer determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply to the relevant Series of Notes (other than to Notes linked to SOFR):

- (i) the Issuer shall use reasonable endeavours: (A) to determine a Successor Reference Rate and an Adjustment Spread (if any); or (B) if the Issuer cannot determine a Successor Reference Rate and an Adjustment Spread (if any), appoint an Independent Adviser to determine an Alternative Reference Rate, and an Adjustment Spread (if any) (in any such case, acting in good faith and in a commercially reasonable manner) no later than five Business Days prior to the Interest Determination Date or Reset Determination Date, as the case may be, relating to the next Interest Period or Reset Period, as applicable (the **IA Determination Cut-off Date**), for the purposes of determining the Rate of Interest applicable to the Notes for such next Interest Period or Reset Period, as applicable, and for all other future Interest Periods or Reset Periods (subject to the subsequent operation of this Condition **Error! Reference source not found.** during any other future Interest Period(s));
- (ii) if the Issuer is unable to determine a Successor Reference Rate and the Independent Adviser is unable to determine an Alternative Reference Rate (as applicable) prior to the relevant IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may determine an Alternative Reference Rate and an Adjustment Spread (if any) no later than three Business Days prior to the Interest Determination Date or Reset Determination Date, as the case may be, relating to the next Interest Period or Reset Period, as applicable (the **Issuer Determination Cut-off Date**), for the purposes of determining the Rate of Interest applicable to the Notes for such next Interest Period or Reset Period, as applicable, and for all other future Interest Periods or Reset Periods, as applicable (subject to the subsequent operation of this Condition **Error! Reference source not found.** during any other future Interest Period(s) or Reset Period(s), as applicable). Without prejudice to the definitions thereof, for the purposes of determining any Alternative Reference Rate and/or any Adjustment Spread, the Issuer will take into account any relevant and applicable market precedents as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets;
- (i) if a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) is determined by the relevant Independent Adviser or the Issuer (as applicable) in accordance with this Condition **Error! Reference source not found.**:
 - (A) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall replace the Original Reference Rate for all future Interest Periods or Reset Periods, as applicable (subject to the subsequent operation of, and adjustment as provided in, this Condition **Error! Reference source not found.**);

- (i) if the relevant Independent Adviser or the Issuer (as applicable):
 - (I) determines that an Adjustment Spread is required to be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future Interest Periods or Reset Periods, as applicable (subject to the subsequent operation of, and adjustment as provided in, this Condition **Error! Reference source not found.**); or
 - (A) is unable to determine the quantum of, or a formula or methodology for determining, an Adjustment Spread, then such Successor Reference Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread for all future Interest Periods or Reset Periods, as applicable (subject to the subsequent operation of, and adjustment as provided in, this Condition **Error! Reference source not found.**); and
- (B) the relevant Independent Adviser or the Issuer (as applicable) (acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (i) changes to these Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (1) any Additional Business Center(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date or Reset Determination Date as the case may be. Reference Banks, Relevant Financial Centre and/or Relevant Screen Page applicable to the Notes and (2) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (ii) any other changes which the relevant Independent Adviser or the Issuer (as applicable) determines are reasonably necessary to ensure the proper operation and comparability to the Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable) (each of the changes described above a **Benchmark Amendment** and, together, the **Benchmark Amendments**),

which changes shall apply to the Notes for all future Interest Periods or Reset Periods, as applicable (subject to the subsequent operation of this Condition **Error! Reference source not found.**); and
- (iii) following the determination of (i) any Successor Reference Rate or Alternative Reference Rate (as applicable) and (ii) if applicable, any Adjustment Spread, the Issuer shall notify promptly (but in any event no later than the relevant Issuer Determination Cut-off Date) of any changes (and the effective date thereof) pursuant to Condition **Error! Reference source not found.** the Calculation Agent, the Paying Agent for the Dematerialised Notes and the Noteholders in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**).

No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) as described in this Condition 6.4 or such other relevant changes pursuant to Condition 6.4(i)(B), including for the execution of any documents or the taking of other steps by the Issuer.

For the avoidance of doubt, if a Successor Reference Rate or an Alternative Reference Rate is not determined pursuant to the operation of this Condition **Error! Reference source not found.** prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period or Reset Period, as applicable, shall be determined by reference to the fallback provisions of Condition **Error!**

Reference source not found.**Error! Reference source not found.** or Condition **Error! Reference source not found.**, as applicable.

(2) *Screen Rate Determination for Notes linked to SOFR*

In the case of Notes linked to SOFR, if (i) Reference Rate Replacement is specified in the relevant Final Terms as being applicable and Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined; and (ii) notwithstanding the other provisions of Condition **Error! Reference source not found.** with respect to Screen Rate Determination, the Issuer or its designee determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by the Issuer or its designee pursuant to this Conditions, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (1) will be conclusive and binding absent manifest error on Noteholders and any other party;
- (2) will be made in the Issuer's or its designee's sole discretion, as applicable; and
- (3) notwithstanding anything to the contrary in these Conditions relating to the Notes, shall become effective without consent from the Noteholders or any other party.

For the purposes of this Condition **Error! Reference source not found.****Error! Reference source not found.**:

Benchmark means, initially, the Compounded SOFR, determined in accordance with the Calculation Method specified in the applicable Final Terms; provided that if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the Rate of Interest (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date.

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

Benchmark Replacement Conforming Changes means, with respect to any replacement rate, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decides may be appropriate to reflect the adoption of such replacement rate in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determine that no market practice for use of the replacement rate exists, in such other manner as the Issuer or its designee determines is reasonably necessary).

Benchmark Replacement Date means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (1) in the case of clause **Error! Reference source not found.** or **Error! Reference source not found.** of the definition of "Benchmark Transition Event," the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or
- (2) in the case of clause **Error! Reference source not found.** of the definition of "Benchmark Transition Event," the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (2) public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

ISDA Fallback Adjustment means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time;

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (2) if the Benchmark is not Compounded SOFR, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

Unadjusted Benchmark Replacement means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

(3) *Disapplication of Reference Rate Replacement*

Notwithstanding any other provision of this Condition **Error! Reference source not found.** (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) or any other relevant rate substituting the Original Reference Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition **Error! Reference source not found.**, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as: (A) in the case of Senior Notes or Non-Preferred Senior Notes, satisfying the MREL or TLAC Requirements; (B) in the case of Subordinated Notes, Tier 2 Capital for regulatory capital purposes of the Issuer and/or the Group; and (C) in the case of Additional Tier 1 Notes, Additional Tier 1 Capital for regulatory capital purposes of the Issuer and/or the Group; and/or (ii) in the case of Senior Notes and Non-Preferred Senior Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) or any other relevant rate substituting the Original Reference Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition **Error! Reference source not found.**, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Competent Authority or, if applicable, the Relevant Resolution Authority treating an Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

For the purposes of Condition **Error! Reference source not found.** and this Condition **Error! Reference source not found.**

Adjustment Spread means a spread (which may be positive or negative) or formula or methodology for calculating a spread, in each case to be applied to a Successor Reference Rate or an Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the Noteholders as a result of the replacement of the Original Reference Rate with such Successor Reference Rate or Alternative Reference Rate (as applicable) and is the spread, formula or methodology which: (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body; or (ii) in the case of a Successor Reference Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the relevant Independent Adviser or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by such Successor Reference Rate or Alternative Reference Rate (as applicable); or (iii) if no such customary market usage is recognised or acknowledged, the relevant Independent Adviser or the Issuer (as applicable) in its discretion determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

Alternative Reference Rate means the rate that the relevant Independent Adviser or the Issuer (as applicable) determines has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of notes denominated in the Specified Currency and of a comparable duration to the relevant Interest Periods or Reset Periods, as applicable, or, if such Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as such Independent Adviser or the Issuer (as applicable) determines in its discretion is most comparable to the Original Reference Rate.

Benchmark Event means, in respect of a Reference Rate or a Reset Reference Rate:

- (a) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist or being subject to a material change; or
- (b) a public statement by the administrator of the Original Reference Rate that it will, by a specified date on or prior to the next Interest Determination Date or Reset Determination Date, as the case may be, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date on or prior to the next Interest Determination Date or Reset Determination Date, as the case may be, be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of its relevant underlying market; or
- (e) a public statement by the supervisor of the administrator of the Original Reference Rate, an insolvency official with jurisdiction over the administrator of the Original Reference Rate, a resolution authority with jurisdiction over the administrator of the Original Reference Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the Original Reference Rate, which states that the administrator of the Original Reference Rate has ceased or will, within a specified period of time, cease to provide the Original Reference Rate permanently or indefinitely, provided that, where applicable, such period of time has lapsed, and provided further that, at the time of cessation, there is no successor administrator that will continue to provide the Original Reference Rate; or
- (f) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences either generally, or in respect of the Notes, in each case by a specific date on or prior to the next Interest Determination Date or Reset Determination Date, as the case may be; or
- (g) it has become unlawful (including, without limitation, under the EU Benchmark Regulation (Regulation (EU) 2016/1011), as amended from time to time, if applicable) for any Paying Agent for the Dematerialised Notes, Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

Independent Adviser means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at its own expense.

Original Reference Rate means:

- (a) the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes; or

- (b) any Successor Reference Rate or Alternative Reference Rate or other rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of Condition **Error! Reference source not found.** (**Error! Reference source not found.**).

Relevant Nominating Body means, in respect of a reference rate: (i) the central bank for the currency to which such reference rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate; or (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which such reference rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such reference rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof.

Successor Reference Rate means the rate: (i) that the Issuer determines is a successor to or replacement of the Original Reference Rate and (ii) that is formally recommended by any Relevant Nominating Body.

(4) *Calculation Agent*

In no event shall the Calculation Agent be responsible for determining any Successor Reference Rate, Alternative Reference Rate, Adjustment Spread, Benchmark, Benchmark Event, Benchmark Transition Event, Benchmark Replacement Adjustment or Benchmark Replacement Conforming Changes. The Calculation Agent will be entitled to conclusively rely on any determinations made by the Issuer or the Independent Adviser, as the case may be, and will have no liability for such actions taken at the direction of the Issuer or the Independent Adviser.

Notwithstanding any other provision of this Condition 6.4 (*Reference Rate Replacement*) and unless the Issuer acts as Calculation Agent, if in the Calculation Agent's opinion there is any uncertainty in making any determination or calculation under this Condition 6.4 (*Reference Rate Replacement*), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

6.5 Inflation Linked Interest Note Provisions

Unless previously redeemed or purchased and cancelled in accordance with this Condition **Error! Reference source not found.** or as specified in the applicable Final Terms and subject to this Condition **Error! Reference source not found.**, each Inflation Linked Interest Note will bear interest in the manner specified in the applicable Final Terms and the Conditions.

The following provisions apply to Inflation Linked Interest Notes:

Additional Disruption Event means any of Change of Law, Hedging Disruption and/or Increased Cost of Hedging, in each case if specified in the applicable Final Terms;

Change of Law means that, on or after the Trade Date (as specified in the applicable Final Terms):

- (a) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or
- (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority),

the Calculation Agent determines in its discretion that (i) it has become illegal to hold, acquire or dispose of any relevant hedging arrangements in respect of the Inflation Index, or (ii) any Hedging Party will incur a materially increased cost in performing its obligations in relation to the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer, any of its Affiliates or any other Hedging Party);

Cut-Off Date means, in respect of a Determination Date, five (5) Business Days prior to any due date for payment under the Notes for which valuation on the relevant Determination Date is relevant, unless otherwise stated in the applicable Final Terms;

Delayed Index Level Event means, in respect of any Determination Date and an Inflation Index, that the relevant Inflation Index Sponsor fails to publish or announce the level of such Inflation Index (the **Relevant Level**) in respect of any Reference Month which is to be utilised in any calculation or determination to be made by the Issuer in respect of such Determination Date, at any time on or prior to the Cut-Off Date;

Determination Date means each date specified as such in the applicable Final Terms;

End Date means each date specified as such in the applicable Final Terms;

If the relevant Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but notwithstanding the immediately prior sentence, selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged);

Hedging Disruption means that any Hedging Party is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the relevant price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s), as determined by the Calculation Agent;

Inflation Index means each inflation index specified in the applicable Final Terms and related expressions shall be construed accordingly;

Inflation Index Sponsor means, in relation to an Inflation Index, the entity that publishes or announces (directly or through an agent) the level of such Inflation Index which, as of the Issue Date, is the Inflation Index Sponsor specified in the applicable Final Terms;

Reference Month means the calendar month for which the level of the Inflation Index is reported as specified in the applicable Final Terms, regardless of when this information is published or announced, except that if the period for which the Relevant Level was reported is a period other than a month, the Reference Month shall be the period for which the Relevant Level is reported;

Related Bond means, in respect of an Inflation Index, the bond specified as such in the applicable Final Terms. If the Related Bond specified in the applicable Final Terms is "Fallback Bond", then, for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If no bond is specified in the applicable Final Terms as the Related Bond and "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, there will be no Related Bond. If a bond is specified as the Related Bond in the applicable Final Terms and that bond redeems or matures before the End Date (i) unless "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination and (ii) if "Fallback Bond: Not Applicable" is specified in the applicable Final Terms, there will be no Related Bond; and

Relevant Level has the meaning set out in the definition of "Delayed Index Level Event" above;

Inflation Index Delay And Disruption Provisions

(a) Delay in Publication

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Inflation Index has occurred with respect to any Determination Date, then the Relevant Level for such Inflation Index with respect to the relevant Reference Month subject to such Delayed Index Level Event (the **Substitute Index Level**) shall be determined by the Calculation Agent as follows:

- (i) if "Related Bond" is specified as applicable for such Inflation Index in the relevant Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the relevant Related Bond;
- (ii) if (I) "Related Bond" is not specified as applicable for such Inflation Index in the relevant Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under paragraph **Error! Reference source not found.**, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

Substitute Index Level = Base Level x (Latest Level/Reference Level); or

- (iii) otherwise in accordance with any formula specified in the relevant Final Terms,

in each case as of such Determination Date,

where:

Base Level means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

Latest Level means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

Reference Level means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Issuer shall give notice to Noteholders, in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**) of any Substitute Index Level calculated pursuant to this Condition **Error! Reference source not found.**.

If the Relevant Level (as defined above) is published or announced at any time on or after the relevant Cut-off Date, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Condition **Error! Reference source not found.** will be the definitive level for that Reference Month.

(b) Cessation of Publication

If the Calculation Agent determines that the level for the Inflation Index has not been published or announced for two (2) consecutive months, the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index or the Inflation Index Sponsor otherwise cancels the Inflation Index, then the Calculation Agent shall determine a successor inflation index (the **Successor Inflation Index**) (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation Linked Interest Notes by using the following methodology:

- (i) if at any time (other than after an early redemption or cancellation event has been designated by the Calculation Agent pursuant to Condition **Error! Reference source not found.**), a successor inflation index has been designated by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, such successor inflation index shall be designated a "Successor Inflation Index" notwithstanding that any other Successor Inflation Index may previously have been determined under Condition **Error! Reference source not found.**, **Error! Reference source not found.** or **Error! Reference source not found.**;
- (ii) if a Successor Inflation Index has not been determined pursuant to Condition **Error! Reference source not found.**, and a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement Inflation Index specified by the Inflation Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Inflation Linked Interest Notes from the date that such replacement Inflation Index comes into effect;
- (iii) if a Successor Inflation Index has not been determined pursuant to Condition **Error! Reference source not found.** or **Error! Reference source not found.**, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If four or five responses are received and, of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If three responses are received and two or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If fewer than three responses are received or no Successor Inflation Index is determined pursuant to this Condition **Error! Reference source not found.**, the Calculation Agent will proceed to Condition **Error! Reference source not found.**;
- (iv) if no replacement index or Successor Inflation Index has been determined under Condition **Error! Reference source not found.**, **Error! Reference source not found.** or **Error! Reference source not found.** by the next occurring Cut-Off Date, the Calculation Agent, subject as provided below, will determine an appropriate alternative index from such Cut-Off Date, and such index will be deemed a "Successor Inflation Index"; or

- (v) if the Calculation Agent determines that there is no appropriate alternative index in relation to Inflation Linked Interest Notes, on giving notice to Noteholders in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**), the Issuer shall redeem or cancel, as applicable all but not some only of the Inflation Linked Interest Notes, each Inflation Linked Interest Note being redeemed or cancelled, as applicable by payment of the relevant Early Redemption Amount or, in the case of Additional Tier 1 Notes, at their Prevailing Principal Amount. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**).

(c) Rebasing of the Inflation Index

If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the **Rebased Index**) will be used for purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments as are made by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, if "Related Bond" is specified as applicable in the applicable Final Terms, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased, or, if "Related Bond" is not specified as applicable in the applicable Final Terms, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased.

(d) Material Modification Prior to Last Occurring Cut-Off

If, on or prior to the last occurring Cut-Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make any such adjustments, if "Related Bond" is specified as applicable in the applicable Final Terms, consistent with adjustments made to the Related Bond, or, if "Related Bond" is not specified as applicable in the applicable Final Terms, only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index.

(e) Manifest Error in Publication

With the exception of any corrections published after the day which is three (3) Business Days prior to the relevant Maturity Date, if, within thirty (30) calendar days of publication, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Calculation Agent may, in its discretion, make such adjustments to the terms of the Inflation Linked Interest Notes as it determines appropriate to account for the correction and will notify the Noteholders of any such adjustments in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**).

(f) Consequences of an Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may at its option:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of the Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
- (ii) redeem or cancel, as applicable, all but not some of the Inflation Linked Interest Notes on the date notified by the Calculation Agent to Noteholders in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**) by payment of the relevant Early Redemption Amount or, in the case of Additional Tier 1 Notes, at their Prevailing Principal Amount, as at the date of redemption or

cancellation, as applicable, taking into account the relevant Additional Disruption Event.

(g) Inflation Index Disclaimer

- (i) The Notes are not sponsored, endorsed, sold or promoted by the Inflation Index or the Inflation Index Sponsor and the Inflation Index Sponsor does not make any representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Inflation Index and/or the levels at which the Inflation Index stands at any particular time on any particular date or otherwise. Neither the Inflation Index nor the Inflation Index Sponsor shall be liable (whether in negligence or otherwise) to any person for any error in the Inflation Index and the Inflation Index Sponsor is under no obligation to advise any person of any error therein. The Inflation Index Sponsor is not making any representation whatsoever, whether express or implied, as to the advisability of purchasing or assuming any risk in connection with the Notes. The Issuer shall not have liability to the Noteholders for any act or failure to act by the Inflation Index Sponsor in connection with the calculation, adjustment or maintenance of the Inflation Index. Except as disclosed prior to the Issue Date specified in the applicable Final Terms, neither the Issuer nor its Affiliates has any affiliation with or control over the Inflation Index or the Inflation Index Sponsor or any control over the computation, composition or dissemination of the Inflation Index. Although the Calculation Agent will obtain information concerning the Inflation Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Issuer, its Affiliates or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning the Inflation Index.

6.6 Exempt Notes

In the case of Exempt Notes which are also Floating Rate Notes where the applicable Pricing Supplement identifies that Screen Rate Determination applies to the calculation of interest, if the Reference Rate from time to time is specified in the applicable Pricing Supplement as being other than EURIBOR, the Rate of Interest in respect of such Exempt Notes will be determined as provided in the applicable Pricing Supplement.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Pricing Supplement, provided that where such Notes are Index Linked Interest Notes the provisions of Condition **Error! Reference source not found.** shall, save to the extent amended in the applicable Pricing Supplement, apply as if the references therein to Floating Rate Notes and to the Paying Agent for the Dematerialised Notes were references to Index Linked Interest Notes and the Calculation Agent, respectively, and provided further that the Calculation Agent will notify the Paying Agent for the Dematerialised Notes of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

Dual Currency Note

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Pricing Supplement.

7. INTEREST AND INTEREST CANCELLATION IN RESPECT OF ADDITIONAL TIER 1 NOTES

*This Condition **Error! Reference source not found.** applies only to Additional Tier 1 Notes. The application of Condition **Error! Reference source not found.** to Additional Tier 1 Notes is subject to this Condition **Error! Reference source not found.***

7.1 Cancellation of Interest Amounts

The Issuer may at any time elect at its full discretion to cancel (in whole or in part) for an unlimited period and on a non-cumulative basis the Interest Amounts otherwise scheduled to be paid on an Interest Payment Date.

Without prejudice to (i) such full discretion of the Issuer to cancel the Interest Amounts and (ii) the prohibition to make payments on the Additional Tier 1 Notes pursuant to any provisions of Italian law implementing Article 141(2) of the CRD IV Directive and, if relevant, in any other similar payment restriction provision(s) under the then applicable Relevant Regulations, before the Maximum Distributable Amount is calculated, payment of Interest Amounts on any Interest Payment Date must be cancelled (in whole or, as the case may be, in part) if and to the extent that such Interest Amounts:

- (a) when aggregated together with distributions on all other Own Funds instruments of the Issuer (excluding Tier 2 Capital instruments) paid or scheduled for payment in the then current financial year and any potential write-ups exceed the amount of Distributable Items, excluding any payments already accounted for in determining the Distributable Items; and/or
- (b) when aggregated together with other distributions of the Issuer or the UniCredit Group, as applicable, of the kind referred to in Article 141(2) of the CRD IV Directive and, if relevant, in any other similar payment restriction provision(s) under the then applicable Relevant Regulations (or, if different, any provisions of Italian law implementing Article 141(2) of the CRD IV Directive or, if relevant, such other provision(s)) and the amount of any write-up (if applicable), would, if paid, cause the Maximum Distributable Amount (if any) then applicable to the Issuer and/or the UniCredit Group to be exceeded; and/or
- (c) are required to be cancelled (in whole or in part) by an order to the Issuer from the Competent Authority.

As set out in Condition **Error! Reference source not found.**, if a Contingency Event occurs, accrued and unpaid interest to (but excluding) the Write-Down Effective Date shall be cancelled.

Notice of any cancellation of payment of a scheduled Interest Amount must be given to the Noteholders (in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**)) and the Paying Agent for the Dematerialised Notes as soon as possible, but not more than 60 calendar days, prior to the relevant Interest Payment Date. Such notice shall specify the amount of the relevant cancellation. Any failure by the Issuer to give such notice shall not affect the validity of the cancellation and shall not constitute a default for any purpose. In the absence of any notice of cancellation being given, the fact of non-payment (in whole or in part) of the relevant Interest Amount on the relevant Interest Payment Date shall be evidence of the Issuer having elected or being required to cancel such distributions payment in whole or in part, as applicable.

For the avoidance of doubt (i) the cancellation of any Interest Amounts in accordance with this Condition **Error! Reference source not found.** or Condition **Error! Reference source not found.** shall not constitute a default for any purpose on the part of the Issuer and (ii) interest on the Additional Tier 1 Notes is not cumulative and any Interest Amounts that the Issuer elects not to pay or is prohibited from paying will not accumulate or compound and all rights and claims in respect of such amounts shall be

fully and irrevocably forfeited and no payments shall be made nor shall any Noteholder be entitled to any payment or indemnity in respect thereof.

As used in these Conditions **Distributable Items** means, subject as otherwise defined in the Relevant Regulations from time to time:

- (a) an amount equal to the Issuer's profits at the end of the financial year immediately preceding the financial year in which the relevant Interest Payment Date falls plus any profits brought forward and reserves available for that purpose before distributions to holders of Own Funds instruments (which, for the avoidance of doubt, excludes any such distributions paid or made on Tier 2 instruments or any such distributions which have already been provided for, by way of deduction, in calculating the amount of Distributable Items); less
- (b) an amount equal to any losses brought forward, profits which are non-distributable pursuant to applicable European Union or Italian law or the by-laws of the Issuer from time to time and sums placed to non-distributable reserves in accordance with applicable Italian law or the by-laws of the Issuer from time to time, in each case with respect to the specific category of Own Funds Instruments to which applicable European Union or Italian law or the by-laws of the Issuer relates,

those profits, losses and reserves being determined on the basis of the Issuer's non-consolidated accounts.

7.2 No restriction following cancellation of Interest Amounts

In the event that the Issuer exercises its discretion not to pay interest or is prohibited from paying interest on any Interest Payment Date, it will not give rise to any contractual restriction on the Issuer making distributions or any other payments to the holders of any securities ranking *pari passu* with, or junior to, the Additional Tier 1 Notes (or, for the avoidance of doubt, Tier 2 instruments).

7.3 Calculation of Interest Amount

Subject to Condition **Error! Reference source not found.** and Condition **Error! Reference source not found.**, the amount of interest payable in respect of an Additional Tier 1 Note for any period shall be calculated by the Paying Agent for the Dematerialised Notes or the Calculation Agent, as the case may be (in the case of Floating Rate Notes or Inflation Linked Interest Notes or Reset Notes) by:

- (a) applying the applicable Rate of Interest to the Prevailing Principal Amount of such Additional Tier 1 Note;
- (b) multiplying the product thereof by the Day Count Fraction; and
- (c) rounding the resulting figure to the nearest cent (half a cent. being rounded upwards).

7.4 Calculation of Interest Amount in case of Write-Down

Subject to Condition **Error! Reference source not found.**, in the event that a Write-Down occurs during an Interest Period, any accrued and unpaid interest shall be cancelled pursuant to Condition **Error! Reference source not found.** and the Interest Amount payable on the Interest Payment Date immediately following such Interest Period shall be calculated in accordance with Condition **Error! Reference source not found.**, provided that the Day Count Fraction shall be determined as if the Interest Period started on, and included, the Write-Down Effective Date.

7.5 Calculation of Interest Amount in case of Write-Up

Subject to Condition **Error! Reference source not found.**, in the event that a Write-Up occurs during an Interest Period, the Interest Amount payable on the Interest Payment Date immediately following such Interest Period shall be calculated as the sum (rounding the resulting figure to the nearest cent, with half a cent being rounded upwards) of the following:

- (a) the product of the applicable Rate of Interest, the Prevailing Principal Amount before such Write-Up, and the Day Count Fraction (determined as if the Interest Period ended on, but excluded, the date of such Write-Up); and
- (b) the product of the applicable Rate of Interest, the Prevailing Principal Amount after such Write-Up, and the Day Count Fraction (determined as if the Interest Period started on, and included, the date of such Write-Up).

As used in these Conditions:

Maximum Distributable Amount means any applicable maximum distributable amount relating to the Issuer and/or the UniCredit Group, as the case may be, required to be calculated in accordance with the CRD IV Directive and/or any other Relevant Regulation(s) (or any provision of Italian law transposing or implementing the CRD IV Directive and/or, if relevant, any other Relevant Regulation(s)) if the Issuer and/or the UniCredit Group is failing to meet any applicable requirements or any buffers relating to such requirements (including, without limitation, the maximum distributable amount (MDA) required to be calculated in accordance with Article 141 of the CRD IV Directive, the maximum distributable amount related to the minimum requirement for own funds and eligible liabilities (M-MDA) required to be calculated in accordance with Article 16a of the BRRD and the maximum distributable amount related to the leverage ratio (L-MDA) required to be calculated in accordance with Art. 141b of the CRD IV Directive), in each case if a corresponding payment restriction provision is applicable to the Issuer or the UniCredit Group (as the case may be) at that point in time;

Maximum Write-Up Amount has the meaning given to it in Condition **Error! Reference source not found.**;

Own Funds has the meaning given to such term (or any equivalent or successor term) in the Relevant Regulations;

Prevailing Principal Amount in respect of an Additional Tier 1 Note on any date, means the Initial Principal Amount of such Additional Tier 1 Note as reduced from time to time (on one or more occasions) pursuant to a Write-Down and/or reinstated from time to time (on one or more occasions) pursuant to a Write-Up in each case on or prior to such date;

Tier 1 Capital has the meaning given to such term (or any other equivalent or successor term) in the Relevant Regulations;

Tier 2 Capital has the meaning given to such term (or any other equivalent or successor term) in the Relevant Regulations;

Write-Down has the meaning given to such term in Condition **Error! Reference source not found.**;

Write-Down Amount has the meaning given to such term in Condition **Error! Reference source not found.**;

Write-Down Effective Date has the meaning given to such term in Condition **Error! Reference source not found.**;

Write-Up has the meaning given to such term in Conditions **Error! Reference source not found.**;

Write-Up Notice has the meaning given to such term in Conditions **Error! Reference source not found.**; and

Written-Down Additional Tier 1 Instrument means an instrument (other than the Additional Tier 1 Notes) issued directly or indirectly by the Issuer or, as applicable, any member of the UniCredit Group, and qualifying as Additional Tier 1 Capital of the Issuer or, as applicable, the UniCredit Group that, as at the time immediately prior to the relevant Write-Up, has a prevailing principal amount lower than the principal amount that it was issued with due to a write-down.

8. LOSS ABSORPTION AND REINSTATEMENT OF PRINCIPAL AMOUNT

*This Condition **Error! Reference source not found.** applies only to Additional Tier 1 Notes. The application of Condition **Error! Reference source not found.** to Additional Tier 1 Notes is subject to this Condition 8.*

8.1 Loss absorption

If, at any time, the Common Equity Tier 1 Capital Ratio of the Issuer falls below 5.125 per cent. (an **Issuer Contingency Event**) or the Common Equity Tier 1 Capital Ratio of the UniCredit Group falls below 5.125 per cent. (a **Group Contingency Event**) or, in each case, the then minimum trigger event ratio for loss absorption applicable to Additional Tier 1 Capital instruments specified in the Relevant Regulations (excluding any guidelines or policies of non-mandatory application) applicable to the Issuer and/or the UniCredit Group (each, a **Contingency Event**), the Issuer shall:

- (a) immediately notify the Competent Authority of the occurrence of the relevant Contingency Event;
- (b) as soon as reasonably practicable deliver a Loss Absorption Event Notice to Noteholders (in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**)), the Paying Agent for the Dematerialised Notes (provided that failure or delay in delivering a Loss Absorption Event Notice shall not constitute a default for any purpose or in any way impact on the effectiveness of, or otherwise invalidate, any Write-Down);
- (c) cancel any accrued and unpaid interest up to (but excluding) the Write-Down Effective Date; and
- (d) without delay, and in any event within one month (or such shorter period as the Competent Authority may require) from the determination that the relevant Contingency Event has occurred, reduce the then Prevailing Principal Amount of each Additional Tier 1 Note by the Write-Down Amount (such reduction being referred to as a **Write-Down** and **Written Down** being construed accordingly).

Whether a Contingency Event has occurred at any time shall be determined by the Issuer and the Competent Authority.

For the avoidance of doubt, even if the cancellation of interest pursuant to Condition **Error! Reference source not found.** would cure the relevant Contingency Event, the relevant Write-Down shall occur in any event and any increase in the CET1 Ratio as a result of such cancellation shall be disregarded for the purpose of calculating the relevant Write-Down Amount in respect of such Contingency Event.

Any Write-Down of an Additional Tier 1 Note will be effected, save as may otherwise be required by the Competent Authority and subject as otherwise provided in these Conditions, *pro rata* with the Write-Down of the other Additional Tier 1 Notes and with the concurrent (or substantially concurrent) write-down (or write-off) or conversion into Ordinary Shares, as the case may be, of any Equal Loss Absorbing

Instruments (based on the prevailing amount of the relevant Equal Loss Absorbing Instrument). To the extent possible, the write-down (or write-off) or conversion into Ordinary Shares of any Prior Loss Absorbing Instruments will be taken into account in the calculation of the Write Down Amount, and of the amount of write-down (or write-off) or conversion into Ordinary Shares of any Equal Loss Absorbing Instruments, required to cure the relevant Contingency Event.

A Write-Down may occur on more than one occasion and the Additional Tier 1 Notes may be Written Down on more than one occasion.

Loss Absorption Event Notice means a notice which specifies that a Contingency Event has occurred, the Write-Down Amount (as a percentage of the Initial Principal Amount resulting in a *pro rata* decrease in the Prevailing Principal Amount of each Additional Tier 1 Note), including the method of calculation of the Write-Down Amount, and the date on which the Write-Down will take effect (the **Write-Down Effective Date**). Any Loss Absorption Event Notice delivered to the Paying Agent for the Dematerialised Notes must be accompanied by a certificate signed by the Authorised Signatories stating that the Contingency Event has occurred and setting out the method of calculation of the relevant Write-Down Amount. The Paying Agent for the Dematerialised Notes is not responsible, nor shall it incur any liability, for monitoring or ascertaining as to whether any certifications required by this provision are provided, nor shall it be required to review, check or analyse any certifications produced nor shall it be responsible for the contents of any such certifications or incur any liability in the event the content of such certifications are inaccurate or incorrect.

Write-Down Amount means the amount by which the then Prevailing Principal Amount of each outstanding Additional Tier 1 Note is to be Written Down with effect as of the Write-Down Effective Date on a *pro rata* basis pursuant to a Write-Down, being:

- (i) the amount that (together with (a) the concurrent Write-Down on a *pro rata* basis of the other Additional Tier 1 Notes and (b) the concurrent or substantially concurrent write-down (or write-off) or conversion on a *pro rata* basis to the extent possible of any Loss Absorbing Instruments) would be sufficient to cure the Contingency Event; or
- (ii) if that Write-Down (together with (a) the concurrent Write-Down on a *pro rata* basis of the other Additional Tier 1 Notes and (b) the concurrent or substantially concurrent write-down (or write-off) or conversion on a *pro rata* basis to the extent possible of any Loss Absorbing Instruments) would be insufficient to cure the Contingency Event, or the Contingency Event is not capable of being cured, the amount necessary to reduce the Prevailing Principal Amount to the sub-unit of the Specified Currency.

In respect of any Write-Down, to the extent the write-down (or write-off) or conversion into Ordinary Shares of any Loss Absorbing Instrument is not, or within one month (or such shorter period as the Competent Authority may require) from the determination that the relevant Contingency Event has occurred will not be, effective for any reason (i) the ineffectiveness of any such write-down (or write-off) or conversion into Ordinary Shares shall not prejudice the requirement to effect the Write-Down of the Additional Tier 1 Notes pursuant to this Condition 8.1; and (ii) such write-down (or write-off) or conversion into Ordinary Shares shall not be taken into account in calculating the Write Down Amount in respect of such Write-Down. For the avoidance of doubt, the write-down (or write-off) or conversion into Ordinary Shares of any Loss Absorbing Instrument will only be taken into account in the calculation of the Write-Down Amount to the extent (and in the amount, if any) that such Loss Absorbing Instrument can actually be written-down (or written-off) or converted into Ordinary Shares in the relevant circumstances within one month (or such shorter period as the Competent Authority may require) from the determination that the relevant Contingency Event has occurred.

If, in connection with a Write-Down or the calculation of a Write-Down Amount, there are outstanding any Loss Absorbing Instruments the terms of which provide that they shall be written-down (or written-off) or converted into Ordinary Shares in full and not in part only (**Full Loss Absorbing Instruments**) then:

- (A) the requirement that a Write-Down of the Additional Tier 1 Notes shall be effected *pro rata* with the write-down (or write-off) or conversion into Ordinary Shares, as the case may be, of any such Loss Absorbing Instruments shall not be construed as requiring the Additional Tier 1 Notes to be Written-Down in full (or in full save for the sub-unit floor) simply by virtue of the fact that such Full Loss Absorbing Instruments will be written-down (or written-off) or converted in full; and
- (B) for the purposes of calculating the Write-Down Amount, the Full Loss Absorbing Instruments will be treated (for the purposes only of determining the write-down (or write-off) of principal or conversion into Ordinary Shares, as the case may be, among the Additional Tier 1 Notes and such other Loss Absorbing Instruments on a *pro rata* basis) as if their terms permitted partial write-down (or write-off) or conversion into Ordinary Shares, such that the write-down (or write-off) or conversion into Ordinary Shares of such Full Loss Absorbing Instruments shall be deemed to occur in two concurrent stages: (a) first, the principal amount of such Full Loss Absorbing Instruments shall be written-down (or written-off) or converted into Ordinary Shares *pro rata* with the Additional Tier 1 Notes and all other Loss Absorbing Instruments (in each case subject to and as provided in the preceding paragraph) to the extent necessary to cure the relevant Contingency Event; and (b) secondly, the balance (if any) of the principal amount of such Full Loss Absorbing Instruments remaining following (a) shall be written-down (or written-off) or converted into Ordinary Shares, as the case may be, with the effect of increasing the Issuer's and/or the UniCredit Group's, as the case may be, CET1 Ratio above the minimum required level under (a) above.

8.2 Consequences of loss absorption

Following the giving of a Loss Absorption Event Notice which specifies a Write-Down of the Additional Tier 1 Notes, the Issuer shall procure that:

- (a) a similar notice is, or has been, given in respect of each Loss Absorbing Instrument (in accordance with, and to the extent required by, its terms); and
- (b) the prevailing principal amount of each Loss Absorbing Instrument outstanding (other than the Additional Tier 1 Notes) (if any) is written down (or written-off) or converted, as appropriate, in accordance with its terms prior to or, as appropriate, as soon as reasonably practicable following the giving of such Loss Absorption Event Notice.

8.3 Reinstatement of principal amount

If both a positive Net Income and a positive Consolidated Net Income are recorded at any time while the Prevailing Principal Amount of the Additional Tier 1 Notes is less than their Initial Principal Amount, the Issuer may, at its full discretion and subject to the Maximum Distributable Amount (if any) (when the amount of the Write-Up is aggregated together with other distributions of the Issuer or the UniCredit Group, as applicable, of the kind referred to in Article 141(2) of the CRD IV Directive and, if relevant, in any other similar payment restriction provision(s) under the Relevant Regulations (or, if different, any provision of Italian law implementing Article 141(2) of the CRD IV Directive or, if relevant, such other provision(s))) not being exceeded thereby, increase the Prevailing Principal Amount of each Additional Tier 1 Note (a **Write-Up**) up to a maximum of the Initial Principal Amount, on a *pro rata* basis with the other Additional Tier 1 Notes and with any Written-Down Additional Tier 1 Instruments that have terms permitting a principal write-up to occur on a basis similar to that set out in this Condition **Error! Reference source not found.** in the circumstances existing on the date of the relevant Write-Up (based on their Initial Principal Amounts), provided that the sum of:

- (i) the aggregate amount of the relevant Write-Up on all the Additional Tier 1 Notes (aggregated with the aggregate amounts of any other Write-Ups out of the same Relevant Net Income);

- (ii) the aggregate amount of any interest payments on the Additional Tier 1 Notes that were paid on the basis of a Prevailing Principal Amount lower than the Initial Principal Amount at any time after the end of the previous financial year,
- (iii) the aggregate amount of the increase in principal amount of each such Written-Down Additional Tier 1 Instrument at the time of the relevant Write-Up; and
- (iv) the aggregate amount of any interest payments on each such Written-Down Additional Tier 1 Instrument that were calculated or paid on the basis of a prevailing principal amount that is lower than the principal amount it was issued with at any time after the end of the previous financial year,

does not exceed the Maximum Write-Up Amount.

The **Maximum Write-Up Amount** means:

- (a) if the Relevant Net Income for the relevant Write-Up is equal to the Consolidated Net Income, the Consolidated Net Income multiplied by the sum of the aggregate Initial Principal Amount of the Additional Tier 1 Notes and the aggregate initial principal amount of all Written-Down Additional Tier 1 Instruments of the UniCredit Group, and divided by the total Tier 1 Capital of the UniCredit Group as at the date of the relevant Write-Up; or

No Event of Default for the Subordinated Notes and Additional Tier 1 Notes shall occur other than in the context of an insolvency proceeding in respect of the Issuer (and, for the avoidance of doubt, resolution proceeding(s) or moratoria imposed by a resolution authority in respect of the Issuer shall not constitute an Event of Default for the Subordinated Notes and Additional Tier 1 Notes for any purpose).

15. AGENTS

The Issuer will act as initial paying agent for the Notes and the name of the Issuer will be included in the applicable Final Terms as Paying Agent for the Dematerialised Notes.

The Issuer is entitled to terminate its role as Paying Agent for the Dematerialised Notes and appoint an additional or other Paying Agent for the Dematerialised Notes, in each case under the terms of an agency agreement in a customary form, provided that there will at all times be a Paying Agent for the Dematerialised Notes.

16. NOTICES

For so long as the Notes are held through Monte Titoli, all notices regarding the Notes will be deemed to be validly given if published through the systems of Monte Titoli, and (if and for so long as the Notes are admitted to trading on the Luxembourg Stock Exchange's regulated market and listed on the Official List of the Luxembourg Stock Exchange and for so long as the rules of the Luxembourg Stock Exchange so require) either on the website of the Luxembourg Stock Exchange (www.luxse.com) or in a daily newspaper of general circulation in Luxembourg. It is expected that any such publication in a newspaper will be made in the *Luxemburger Wort* or the *Tageblatt*. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any other stock exchange or other relevant authority on which the Issuer has made application for the Notes to be listed or admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Notices to be given by any Noteholder shall be in writing and given by lodging the same with the Paying Agent for the Dematerialised Notes.

17. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

The Provisions for Meetings of Noteholders attached to these Terms and Conditions contains provisions for convening meetings, including by way of conference call or by use of a videoconference platform, of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes. Such a meeting may be convened by the Issuer or Noteholders holding not less than one-tenth in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than one half in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or these Conditions (including (i) modifying the date of maturity of the Notes or any date for payment of interest thereon, (ii) reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes (in case of Additional Tier 1 Notes, except as provided by the Conditions), or (iii) altering the currency of payment of the Notes), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting.

The rights and powers of the Noteholders may only be exercised in accordance with the Provisions for Meetings of Noteholders. The Noteholders are deemed to have notice of and are bound by, and shall have the benefit of, *inter alia*, the terms of the Provisions for Meetings of Noteholders.

The Issuer and the Paying Agent for the Dematerialised Notes may agree, without the consent of the Noteholders, to:

- (a) any modification of the Notes or these Conditions or any waiver or authorisation of any breach or proposed breach of any of the provisions of the Notes, or determine, without any such consent as aforesaid, that any Event of Default for the Senior Notes and Non-Preferred Senior Notes or any Event of Default for the Subordinated Notes and Additional Tier 1 Notes, as applicable, or potential Event of Default for the Senior Notes and Non-Preferred Senior Notes or potential Event of Default for the Subordinated Notes and Additional Tier 1 Notes, as applicable, shall not be treated as such, where, in any such case, it is not, in the opinion of the Issuer, materially prejudicial to the interests of the Noteholders so to do; or
- (b) any modification of the Notes or these Conditions which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law.

Any such modification, waiver, authorisation or determination shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**) as soon as practicable thereafter.

In addition, (i) in the case of Senior Notes or Non-Preferred Senior Notes, if at any time a MREL or TLAC Disqualification Event occurs, (ii) in the case of Subordinated Notes, if at any time a Regulatory Event occurs, (iii) in the case of Additional Tier 1 Notes, if at any time a Capital Event occurs, or (iv) in the case of all Notes, in order to ensure the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*), then the Issuer may (without any requirement for the consent or approval of the holders of the relevant Notes of that Series), and having given not less than 30 nor more than 60 days' notice to Monte Titoli, the Paying Agent for the Dematerialised Notes and, in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**), the holders of the Notes of that Series (which notice shall be irrevocable, except that, if a Contingency Event occurs in respect of the Additional Tier 1 Notes, the relevant notice shall be automatically rescinded and shall be of no force and effect and a Write-Down shall occur as described under Condition **Error! Reference source not found.**), at any time vary the terms of such Notes so that they remain or, as appropriate, become, Qualifying Senior Notes, Qualifying Non-Preferred Senior Notes, Qualifying Subordinated Notes or Qualifying Additional Tier 1 Notes, as applicable, provided that such variation does not itself give rise to any right of the Issuer to redeem the varied securities.

In these Conditions:

Qualifying Non-Preferred Senior Notes means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*), have terms not materially less favourable to a Holder of the Non-Preferred Senior Notes (as reasonably determined by the Issuer) than the terms of the Non-Preferred Senior Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the UniCredit Group's (as applicable) minimum requirements for Own Funds and eligible liabilities under the then applicable MREL or TLAC Requirements; (B) include a ranking at least equal to that of the Non-Preferred Senior Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Non-Preferred Senior Notes; (D) have the same redemption rights as the Non-Preferred Senior Notes; (E) preserve any existing rights under the Notes to any accrued but unpaid interest in respect of the period from (and including) the Interest Payment Date immediately preceding the date of variation; and (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Non-Preferred Senior Notes immediately prior to such variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*); and

- (b) are listed on a recognised stock exchange if the Non-Preferred Senior Notes were listed immediately prior to such variation.

Qualifying Senior Notes means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*), have terms not materially less favourable to a Holder of the Senior Notes (as reasonably determined by the Issuer) than the terms of the Senior Notes, and they shall also (A) contain terms which at such time result in such securities being eligible to count towards fulfilment of the Issuer's and/or the UniCredit Group's (as applicable) minimum requirements for Own Funds and eligible liabilities under the then applicable MREL or TLAC Requirements; (B) include a ranking at least equal to that of the Senior Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Senior Notes; (D) have the same redemption rights as the Senior Notes; (E) preserve any existing rights under the Notes to any accrued but unpaid interest in respect of the period from (and including) the Interest Payment Date immediately preceding the date of variation; and (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Senior Notes immediately prior to such variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*); and
- (b) are listed on a recognised stock exchange if the Senior Notes were listed immediately prior to such variation.

Qualifying Subordinated Notes means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*), have terms not materially less favourable to a Holder of the Subordinated Notes (as reasonably determined by the Issuer) than the terms of the Subordinated Senior Notes, and they shall also (A) comply with the then-current requirements of the Relevant Regulations in relation to Tier 2 Capital, (B) include a ranking at least equal to that of the Subordinated Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Subordinated Notes; (D) have the same redemption rights as the Subordinated Notes; (E) preserve any existing rights under the Notes to any accrued but unpaid interest in respect of the period from (and including) the Interest Payment Date immediately preceding the date of variation; and (F) are assigned (or maintain) the same or higher solicited credit ratings as were assigned to the Subordinated Notes immediately prior to such variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*); and
- (b) are listed on a recognised stock exchange if the Subordinated Notes were listed immediately prior to such variation.

Qualifying Additional Tier 1 Notes means securities issued by the Issuer that:

- (a) other than in respect of the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*), have terms not materially less favourable to a Holder of the Additional Tier 1 Notes (as reasonably determined by the Issuer) than the terms of the Additional Tier 1 Notes, and they shall also (A) contain terms such that they comply with the then-current minimum requirements under the Relevant Regulations for inclusion in the Tier 1 Capital of the Issuer and/or the UniCredit Group (as applicable); (B) provide for a ranking at least equal to that of the Notes; (C) have at least the same interest rate and the same Interest Payment Dates as those from time to time applying to the Notes; (D) have the same redemption rights as the Notes; (E) preserve any existing rights under the Notes to any accrued but unpaid interest (which has not been cancelled) in respect of the period from (and including) the Interest Payment Date immediately preceding the date of variation (but subject always to the right or obligation of the Issuer subsequently to cancel any such accrued interest in accordance with the terms of the Notes); and (F) are assigned (or maintain) the same solicited credit ratings as were assigned to the Notes by credit agencies solicited by the Issuer immediately prior to such

variation, unless any downgrade is solely attributable to the effectiveness and enforceability of Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*); and

- (b) are listed on a recognised stock exchange if the Additional Tier 1 Notes were listed immediately prior to such variation.

For the avoidance of doubt, any variations of the Conditions to give effect to the Benchmark Amendments or the Benchmark Replacement Conforming Changes in accordance with Condition **Error! Reference source not found.** (**Error! Reference source not found.**) shall not require the consent or approval of Noteholders.

For avoidance of doubt, any modification or variation pursuant to this Condition 17 is subject to the provisions of Condition **Error! Reference source not found.** (in respect of Subordinated Notes and Additional Tier 1 Notes) and Condition **Error! Reference source not found.** (in respect of Senior Notes and Non-Preferred Senior Notes).

18. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

19.1 Governing law

The Terms and Conditions and any non-contractual obligations arising out of or in connection with them shall be governed by, and construed in accordance with, Italian law.

19.2 Submission to jurisdiction

The Issuer agrees, for the benefit of the Noteholders, that the courts of Milan are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including a dispute relating to any non-contractual obligations arising out of or in connection with them), and that accordingly any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Notes (including any Proceedings relating to any non-contractual obligations arising out of or in connection with them) may be brought in such courts.

Each party hereby irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum, and hereby further irrevocably agrees that a judgment in any such Proceedings brought in the courts of Milan with regard to the Notes shall be conclusive and binding upon each party and may be enforced in the courts of any other jurisdiction.

Nothing contained in this Condition shall limit any right to take Proceedings against the Issuer in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

19.3 Waiver of trial by jury

Without prejudice to Condition 19.2, each party waives any right it may have to a jury trial of any claim or cause of action in connection with the Notes. These Conditions may be filed as a written consent to a bench trial.

19.4 Non-exclusivity

The submission to the jurisdiction of the courts of Milan shall not (and shall not be construed so as to) limit the right of any Noteholder to take Proceedings in any other court of competent jurisdiction, nor

shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by law.

20. CONTRACTUAL RECOGNITION OF STATUTORY BAIL-IN POWERS

By the acquisition of the Notes, each Noteholder acknowledges and agrees to be bound by the exercise of any Bail-in Power by the Relevant Resolution Authority that may result in the write-down or cancellation of all or a portion of the principal amount of, or distributions on, the Notes and/or the conversion of all or a portion of the principal amount of, or distributions on, the Notes into ordinary shares or other obligations of the Issuer or another person, including by means of a variation to the terms of the Notes to give effect to the exercise by the Relevant Resolution Authority of such Bail-in Power. Each Noteholder further agrees that the rights of the Noteholders are subject to, and will be varied if necessary so as to give effect to, the exercise of any Bail-in Power by the Relevant Resolution Authority.

For the avoidance of doubt, the potential write-down or cancellation of all or a portion of the principal amount of, or distributions on, the Additional Tier 1 Notes or the conversion of the Additional Tier 1 Notes into Ordinary Shares or other obligations in connection with the exercise of any Bail-in Power by the Competent Authority is separate and distinct from a Write-Down following a Contingency Event although these events may occur consecutively.

Upon the Issuer being informed or notified by the Relevant Resolution Authority of the actual exercise of the date from which the Bail-in Power is effective with respect to the Notes, the Issuer shall notify the Noteholders without delay. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described in this Condition 20 (*Contractual Recognition of Statutory Bail-In Powers*).

The exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Notes shall not constitute an Event of Default for the Senior Notes and Non-Preferred Senior Notes or an Event of Default for the Subordinated Notes and Additional Tier 1 Notes, as applicable, and the Terms and Conditions shall continue to apply in relation to the residual principal amount of, or outstanding amount payable with respect to, the Notes subject to any modification of the amount of distributions payable to reflect the reduction of the principal amount, and any further modification of the terms that the Relevant Resolution Authority may decide in accordance with applicable laws and regulations relating to the resolution of credit institutions, investment firms and/or Group Entities incorporated in the relevant Member State.

Each Noteholder also acknowledges and agrees that this provision is exhaustive on the matters described herein to the exclusion of any other agreements, arrangements or understandings relating to the application of any Bail-in Power to the Notes.

Whenever it is not possible to approve a resolution by show of hands in accordance with Article 13 or a demand for a poll has been validly made by the Chairman or Voter(s) pursuant to Article 13 above, voting shall be carried out by poll. Such vote may be taken immediately or after any adjournment is directed by the Chairman.

The Chairman sets the rules for voting by poll, including for counting and calculating the votes, and may set a time limit by which all votes must be cast. Any vote which is not cast in compliance with the rules set by the Chairman shall be null and void. After voting ends, the votes shall be counted and after the counting the Chairman shall announce to the Meeting the outcome of the vote.

Article 15

Votes

Each Voter shall have:

- (a) one vote, when voting by a show of hands; and
- (b) the number of votes obtained by dividing (i) that fraction of the aggregate principal amount of the outstanding Note(s) of any Series represented or held by such Voter by (ii) the lowest denomination of the Notes of such Series, when voting by poll.

Unless the terms of any Proxy or a Voting Certificate state otherwise, a Voter shall not be obliged to exercise all the votes to which such Voter is entitled or to cast all the votes which he exercises in the same manner.

In the case of a voting tie, the Chairman shall have a casting vote.

No voting rights shall be exercisable in respect of the Notes held by the Issuer, unless the Issuer holds the entire issued and outstanding Notes of any Series, in which case the Issuer shall be entitled to exercise its voting rights in respect of the Notes of such Series, in accordance with these Provisions for Meetings of Noteholders.

Article 16

Voting by Proxy or Voting Certificate

Revocation of the appointment under a Proxy or a Voting Certificate shall be valid only if the Monte Titoli Account Holder or the Paying Agent for the Dematerialised Notes or the Chairman is notified in writing of such revocation not later than 24 hours prior to the time set for the Meeting. Unless revoked, the appointment to vote contained in a Proxy or a Voting Certificate for a Meeting shall remain valid also in relation to a Meeting resumed following an adjournment, unless such Meeting was adjourned pursuant to Article 9 above. If a Meeting is adjourned pursuant to Article 9 above, each person appointed to vote in such Meeting shall have to be appointed again by virtue of another Proxy or Voting Certificate.

The Proxy shall be signed by the person granting the Proxy, shall not be granted in blank, and shall bear the date, the name of the person appointed to vote, and the related Proxies. If, in relation to any given resolution, there is no indication of how the right to vote is to be exercised, then such vote shall be deemed to be an abstention from voting on such proposed resolution.
